

# BUTLER UNIVERSITY

## Office of Financial Aid

### Personal Planner 2009-2010 academic

The Personal Planner was created to help you determine your family responsibility based on the offer of financial aid. Please compare this information with your financial aid notification online at [my.butler.edu](http://my.butler.edu). Keep in mind the costs outlined below are averages. Some costs may or may not apply depending on your housing selection and actual charges assessed by the university. However, to assist you in determining a budget, we provide the following information.

Circumstances such as the receipt of an outside scholarship, not originally reported to the Office of Financial Aid, may change the original offer of financial aid. If your financial aid is adjusted, your family responsibility may change. You will be notified by email through your Butler account that changes to your financial aid have taken place. Please review these changes and respond accordingly. It is your responsibility to recalculate your family responsibility based on the most recent offer of financial assistance.

<b>Estimated Direct Costs (tuition, room and board and activity fees)</b>	<b>\$38,760</b>
Tuition	\$ 28,460
Room and Board*	\$ 9,500
Fees	\$ 800

\*The room and board charges are based on the average on-campus double room (Ross, Schwitzer and RESCO) and a university meal plan. For a student not living on campus, room and board charges are not paid to the university. The fees include the student activity and the Health and Recreation Complex fee.

**Financial Aid Offered** (Total aid from Financial Aid Notification) \$ \_\_\_\_\_

Total Gift Aid (Scholarships, grants and awards) \$ \_\_\_\_\_

Total Student Loans (Federal Stafford and Federal Perkins Loans) \$ \_\_\_\_\_

In order for the loan funds to be disbursed you must accept the loan, select a lender and complete the Master Promissory Note (MPN).

### Family Responsibility

This is only an estimate. Please use actual costs as applied to your particular enrollment status and housing arrangements to determine the amount due to Butler University. If you are living off-campus or commuting, please subtract the room and board amount listed above from the estimated Family Responsibility calculated below.

- 1. Family Responsibility with Student Loans** \$ \_\_\_\_\_  
(Direct Costs (minus) Total Gift Aid (minus) Total Student Loans)
- 2. Family Responsibility without Student Loans** \$ \_\_\_\_\_  
(Direct Costs (minus) Total Gift Aid)

Please use the "Family Responsibility Worksheet" to review possible programs that will help you develop a payment plan.
