Lose Weight, Feel Better by Laughing, Smiling

Did you know that ...

1. The average pre-schooler laughs or smiles 400 times a day? Or that the number drops to only 15 times a day by the time people reach age 35?
2. People smile only 35 percent as much as they think they do?
3. Every time you have a good hearty laugh, you burn up 3.5 calories?
4. Laughing increases oxygen intake, thereby replenishing and invigorating cells? It also increases the pain threshold, boosts immunity, and relieves stress.
