GREEN TIP

Last week's Clean Energy Legislation letter-writing campaign with Repower America went very well and we collected more than seventy letters to deliver to Indiana Senators Lugar and Bayh, urging them to vote yes! for clean energy legislation in the Senate this winter. Thanks to all of you who participated in the campaign by either writing your own letter(s) or helping out at the table on Monday or Thursday! If you missed out and would still like to write a letter to one or both of our senators, please contact eco@butler.edu for information on how to take action!

Indianapolis Volunteer Opportunities from the Activities & Socials Committee:

Second Helpings

Second Helpings rescues prepared and perishable food, re-prepares it into nutritious meals, and distributes those meals to over 50 social service organizations that feed hungry people. They also use some of the food they rescue to train disadvantaged adults for careers in the culinary field, helping to eliminate hunger at its source.
