## **H1N1 Available Today in Health Services**

Health Services will administer the H1N1 vaccine from 9 a.m. to 2:30 p.m. today, Friday, Dec. 4. The vaccine is only for Butler students, faculty and staff who fit the criteria one of these priority groups:

- If you are under 24 years of age
- If you are pregnant
- If you provide care for or live with an infant that is less than 6 months of age
- If you are a healthcare provider or you have direct contact with patients in a healthcare setting
- If you have any of the following medical conditions:
  - Lung problems such as asthma, emphysema, chronic bronchitis
  - Diabetes Mellitus
  - Heart Disease (not including high blood pressure)
  - Kidney disease
  - Liver disease
  - Suppressed immune system [caused by recent cancer treatment or Human Immunodeficiency Virus (HIV), or medications]

If additional vaccine is still available, more clinic times will be scheduled and announced through Butler Connection. For questions, call Health Services at 940-9385.
