Notes:

- The English Major has four different concentrations/tracks. Students who concentrate in Literature must complete a minimum of 36 credits. Because English majors who study one of the other three concentrations must complete a minimum of 48 credits, only English majors who concentrate in Literature would be eligible to graduate in three years.
- The English Department regularly offers a rich variety of 200-level and 300-level English courses (online, in person, and study abroad) during the summer.
- All Liberal Arts and Sciences students are required to take two semesters of language at the 200-level or above. Students wishing to complete their studies in three years should try to test out of one or more semesters of language; however, the schedule presumes the student has not tested out of any courses.
