Notes:

- Plan for starting in odd-numbered fall semester.
- This plan requires the student to matriculate with AP or other transfer credit for Butler's MA106 Calculus 1 and MA107 Calculus 2.
- If multiple Core Curriculum requirements (e.g. GHS, ICR) are satisfied via a single course, care must be taken to ensure that 120 credit hours are earned prior to commencement, of which ≥ 40 credit hours are ≥ 300 level courses.
- Students who place into 100-level foreign language will need to use some of the non-300-level electives to complete the foreign language requirement.
