**Transfer Credit Hours: 60 Hours**

**Total Butler Hours: 60 Hours**

**TOTAL DEGREE HOURS: 120 Hours**

120 hours are required for graduation from the College of Liberal Arts and Sciences. At least 40 credit hours of the 120 hours needed for graduation must be in upper division courses - courses numbered 300 or above.

4 [Butler Cultural Requirements \(BCR\)](#) must also be documented before graduation, except for majors within Jordan College of the Arts.

1 SJD course must also be completed, either in the major or in electives.

**ENV Distribution Requirement:** Student must complete six (6) credits of coursework within the major that are identified as social science related and another six (6) must be identified as humanities related. Elective courses as well as ST310, 320, and 330 may be used to satisfy the distribution requirement.

**NOTE:** The 33 hour environmental studies major affords considerable flexibility in completion paths, and leaves room for additional ENV courses, the addition of a minor, and in some cases, a second major if desired. While these guidelines are recommended, students need not complete both BIOL 120 and 122 at Ivy Tech; they also may use some of their elective hours at Butler to complete any Butler core requirements or LAS required language courses that they did not complete at Ivy Tech.
