DEFINITIONS

Motor Vehicle Driving Record	A driver record contains your driving history. The record shows current and resolved court-ordered suspensions, citations, violations and other entries impacting your record - including reinstatement fees owed to the BMV.
Insured Driver List	List of all approved drivers maintained by the Butler University Police Department.

PROCEDURES

1. Employees and students who are seeking authorization to drive for University business or sponsored events must submit a Butler University Driver Application, with signed supervisory approval, to the Office of Operations, two weeks prior to their driving event.
2. The application will be submitted to Butler University's insurance carrier for approval. A Motor Vehicle Driving Record will be obtained on the applicant. Information regarding insurability will be treated as confidential. Upon approval, the person requesting permission to drive for the University will be insured by the University and remain on the approved driver's list for the duration of one year, or until the renewal date of June 1st, whichever period is shorter.
3. No one can operate a University-owned/leased/rented or personal vehicle for University business prior to, or without confirmed approval from Butler University. There will be no exceptions with regards to partial or limited driving privileges (i.e. campus only driving). The employee or student's driving record must not display any risk to the University in order to be approved. Positions that require driving a University owned/leased/rented or personal vehicle must be pre-approved and qualify for the insured driver's list **prior to a final job offer being made to a candidate filling the position.**
4. In order to comply with the standards imposed by the University's insurance carrier, the University reserves the right to deny or restrict driving privileges to individuals who have had any of the following incidents:
 - **Charged with operating a vehicle while intoxicated, impaired or under the influence of drugs.**
 - **Charged with any moving traffic violations or parking citations. (in the last three years)**
 - **Had driver's license suspended for any reason.**
 - **Been involved in any vehicular accident. (in the last three years)**
5. Insured individuals are required to report to the Office of Operations any new or ongoing offenses of the above within a 10-day timeframe. Driving privileges will be re-evaluated at that time. Failure to report new or ongoing offenses may result in loss of driving privileges.

A. Renewals

1. Renewal notices for persons on the current approved driver's list will be issued to employees and student coordinators prior to June 1st of every year. Any person who does not file a signed Butler University Driver Application for renewal by May 1st will be removed from the driving list and will lose all privileges to drive on behalf of Butler University.

B. Insurance Information

Butler owned vehicles

1. All Butler University owned vehicles are insured on the University's insurance policy.

Use of Personal Vehicles While on University Business

1. When employees drive their own personal vehicle while on university business, their personal insurance is primary in the event of an accident. Butler University's insurance is a secondary policy for the protection of the University. Employees while on company business are eligible to file for Workman's Compensation with Human Resources Management and Development in the event of an injury.
2. Employees that use their personal vehicle on Butler's behalf agree to maintain personal Auto Liability Insurance with a limit no less than \$100,000 per person/\$300,000 aggregate for bodily injury and \$100,000 for property damage, and will be prepared to provide proof of insurance if requested.

Use of Rental Vehicle on Butler University Business

1. Please refer to section below "Renting a Vehicle for University use". Butler University's insurance covers employee use of a rental car if all rental procedures are followed.

Renting a Vehicle for University Use

 - You must be a Butler University Approved driver to rent a car for Butler University business use.
 - If leaving from Butler campus, secure the rental car through Purchasing using a P.O.

 - Do not purchase the Loss Damage Waiver or other physical damage insurance from the rental company.
 - Use a University purchasing card to pay for the rental car.
 - Inspect the vehicle for body damage and call any damage to the attention of the rental company both before driving the vehicle as well as upon returning the vehicle and insist that you get a copy of the recorded damage or that there is no damage reported.
 - Do not purchase gas from the rental agency. Rather, fill the vehicle prior to returning it.

4. Do not admit responsibility for the accident, or sign a statement.
5. Telephone a report to your Butler University department head as soon as possible and complete the University's incident report.
