II. Procedure

Vehicle registration and parking restrictions are designed to identify vehicle ownership and to provide for orderly placement of vehicles. Butler University reserves the right to control where vehicles park.

Vehicle Registration and Parking Regulations are based on a legal commitment with the City of Indianapolis and the Butler-Tarkington Neighborhood Association. Additional authority to regulate parking on campus is in compliance with Indiana Code 21-17-5-1. The University provides parking in designated locations on campus.

II. Procedure
