Moodle now has a Syllabus Block

New this semester! Moodle has a dedicated Course Syllabus block. You no longer need to find a place to post your syllabus in the content section of your course. The Course Syllabus block appears in the upper right corner, therefore providing a consistent place for students to find their course syllabus. Faculty can upload files by selecting **Upload Syllabus** in this block. It will accept PDF, Word, PowerPoint and JPG/PNG files. More documentation on the Course Syllabus block is available in [BUAnswers](#) and [LibGuides](#).

Tip of the Day:

Have an idea or a suggestion on how to make Moodle better? Consider submitting a suggestion via the new [Moodle Suggestion form](#). You'll find the form at the top the Moodle login page.

Upcoming Events

Creating and Importing Mass Quiz/Exam Questions Into Moodle

This hands-on workshop will help save you valuable time creating Moodle Quizzes/Exams with medium to large quantities of questions. Attendees will learn how to format quiz/exams questions so they can easily be imported into a Question Bank and then how to import those formatted questions from the Question Bank into a Moodle Quiz. This workshop assumes you have working knowledge of Moodle's Quiz activity.

[Register](#) | 1/30/17 | 1pm to 2pm | Irwin Library 119 | Facilitator: Heather Hazelwood

Exploring New Features in Panopto!

In this hands-on workshop, participants will explore use of several new features in Panopto. These include: Search features, Captioning and Quizzes. Come with your laptop and prepared to see and experiment with these new features.

[Register](#) | 2/13/17 | 3pm to 4pm | Irwin Library 007 | Facilitator: Jeana Rogers

Sharing Content Wirelessly in the Classroom using AirDawg

Learn how to use AirDawg in the classroom to wirelessly share and display content with

your students on their laptops or mobile devices. Students can share their content with the class, instructors can preload content for class and project to student devices and more!!

[Register](#) | 2/23/17 | 1pm to 2pm | Irwin Library 303, CAT Learning Lounge |
Facilitators: Jeana Rogers and Larry Darling

Our Mission

The Center for Academic Technology champions the effective use of educational technology by collaborating with the Butler community to foster 21st-century skills and to nurture innovation.

The Center for Academic Technology is a division of Academic Affairs.
