Physician Assistant  
University Dermatology Center PC - Muncie, IN  
Full Time Employment

Contact Angel Cummings at 765-747-6090 or angel.cummings@att.net

Description:

PA position immediately available at University Dermatology Center PC. The PA will provide professional medical direction, oversight and direct patient care for the facility. Competitive Salary. No nights, no weekends.

The PA needs to:

Be licensed to practice in the state of Indiana. Present their record of practice (i.e. insurance history or claims of malpractice) Be open minded to all practices in dermatology from surgery to cosmetics. We have a rapidly growing dermatology practice and need someone interested in expanding with us. We also travel to smaller communities to see patients so this will be required once a week.

Desirable (but not necessary):

Experience in all aspects of dermatology and cosmetics such as Botox, fillers, lasers. Experience with surgery and closures.

Role of the PA in the Integrated Setting:

The PA is a crucial provider to helping with the care of our dermatology patients. They are responsible for providing a variety of professional medical services including treatment of any diseases/issues involving the hair, skin or nails. They will eventually see their patients independently and build their own practice.

Job Type: Full-time
