Full Time Urgent Care/Occupational Health Provider
Pike Medical Consultants – Indianapolis, IN

We have an immediate opening for a Provider in a leadership role to join our established and growing company. This full-time position involves a range of urgent care and occupational health duties including pre-placement and DOT physical exams, medical surveillance, injury and illness management, school physician services, wellness and health promotion, and significant urgent care.

Summary:

Responsible for the development and administration of efficient and professional operations of occupational health services in accordance with company policies, practices, procedures, and applicable regulations to achieve the desired goals and objectives. Assists with all aspects of health services staffing, competency, processes, customer service, and quality improvement. Work with a team of medical assistants and radiological technicians with excellent and accessible collaborating physicians. Will manage the urgent care provider schedule.

Essential Duties and Responsibilities:
Include, but are not limited to the following:

- Oversee and manage the administrative and operational activities of occupational health services
- Assure compliance with regulatory requirements related to clinical operations
- Responsible for securing and developing all records, equipment, and programs related to occupational health services
- Collaborate with Marketing Coordinator for program development to gain new employer contracts
- Evaluate and treat all injuries and illnesses in an efficient and professional manner within the scope of practice and consistent with current clinical guidelines
- Provide or manage the required physical evaluation programs and services to meet regulatory requirement; such as OSHA, Department of Transportation, CDC, etc.
- Provide appropriate case management
  - Manage all cases to facilitate productivity, assuring appropriate care and return to work
  - Assist departments with identifying, evaluating, and implementing accommodations and return to work options for workers with restricted duty
  - Includes workers’ compensation, short- and long-term disability cases
- Assess healthcare needs, then implement and manage healthcare programs to improve health and facilitate return to work, maintain OSHA records/reports and worker medical files
- Collaborate with Operations and Human Resources to develop operations, programs, and services by providing content expertise
• Other duties may be assigned

**Qualifications:**

• Prefer two (2) years of experience as a practicing Physician Assistant or Nurse Practitioner with a current license in the state of Indiana
• Must have current DEA certificate
• Must be DOT certified
• Must be able to be credentialed with major insurance payers
• Experience in suturing as well as an understanding of occupational/workers' compensation medicine
• ACLS and BLS required
• A focus on care and excellent communication skills is a must
