ED 441C Integrated Lab	5 hours	ED 493 Prof Seminar*: MI	3 hours
		ED 442 Integrated Lab	5 hours
Total	12 hours	Total	12-15 hours

NOTES:

- P-3 candidates will be prepared to student teach in MI setting. Student teaching in MI setting is required if seeking licensure. *ED493 is required for licensure and would count toward elective hours.
- ED204 and ED206 can be taken with ED299 (or equivalents), but must be taken after COE Core I.
- Block A must be taken AFTER ED299 (Or equivalents) AND ED206.
- The spring semester of sophomore and junior year could be interchanged.
- It is possible to add ENL as 3rd minor using elective hours to complete ED 465. Fall only-junior year with appropriate prerequisites. No other COE minors are able to be completed within the AY 8 semester sequence. Any additional minor would require summer work if available. ED 307 is a good elective option.
- Study abroad is best done during summer, sophomore or junior year. Student Teaching abroad is an option.
- 126 hours are required to graduate. The requirements for P-3 program with university core equal 120 hours.
