About Community Hospital Anderson
The mission of Community Hospital Anderson is to serve the medical, health and human service needs of the people in Anderson, Madison County and contiguous counties with compassion, dignity, respect and excellence. Delivering over 70% of the births in the county, we are the hospital of choice for OB services. In 2005, we received the "Baby Friendly" designation from the World Health Organization, becoming only the 2nd hospital in the state to receive this award. We have the only dedicated Pediatrics unit in Madison County. Private rooms and baths in all of our regular patient rooms have helped us become the market leader for inpatients in our county. We have specialized women's services including a retail outlet for women's cancer care products as well as other cancer-related products.
Licensure & Certification
Educational background consistent with requirements for licensure and certification within the state of Indiana

About Us
Ranked among the nation’s most integrated healthcare systems, Community Health Network is guided by a simple mission: “Deeply committed to the communities we serve, we enhance health and well-being.” We fulfill this mission by making exceptional health care easy to access, as well as by involving ourselves deeply in the well-being and quality of life of the communities that gave birth to our network nearly six decades ago. Our organization’s values are represented by the acronym PRIIDE: Patients First, Relationships, Integrity, Innovations, Dedication, and Excellence. These values drive the work we do every day and the attitude we bring to every task.
