

STAY INFORMED ABOUT COVID-19

OC24health

All of us at OC24health want to express our heartfelt concern for everyone impacted by the COVID-19 virus.

This pandemic has shown us how quickly our lives can change, how fragile our health can be and reminds us how important our friends and family are to us.

Please be aware of your health and that of those around you. If you are experiencing a life-threatening emergency or difficulty breathing, go directly to the ER or call 911.

If you or a covered dependent has a fever, cough, or shortness of breath, please call your doctor right away or video chat with one of our certified doctors/providers 24/7 through the OC24 app.

During this quickly evolving situation, staying informed can keep our communities safe. For the most up-to-date information about COVID-19, visit the CDC (Centers for Disease Control and Prevention) website at www.cdc.gov.
