

## **Indianapolis Gastroenterology and Hepatology is looking for Advanced Practice Providers to work in the Hospital**

### **Weekend Work Only - Competitive Pay**

Indianapolis Gastroenterology and Hepatology has an employment opportunity for Physician Assistants or Nurse Practitioners interested in performing Hospitalist type duties working only in the Hospital. You will work only in one hospital providing top-notch patient care and will receive competitive pay for the time worked. Your responsibilities would begin with rounding on inpatients and providing consultative services under the supervision of an IGH physician. You will also focus on the integration and transition from inpatient to outpatient care. Long term, this plan should provide better overall patient care and decreased readmissions to the hospital. IGH views this as a tremendous opportunity to expand high quality GI care to patients who can benefit from your expertise.

Work hours will be from 8:00 am until 5pm (Saturday and Sunday only). Once the daily hospital rounds are complete, you can take calls from home. You will always have an IGH physician partner during the time on duty.

IGH is a fast-paced and growing organization which began over 40 years ago and is currently the largest gastroenterology practice in Indiana with eight locations currently throughout central Indiana. You will have the opportunity to work with an outstanding group of highly trained, Board Certified gastroenterologists along with a dynamic team of APPs, nurses, and medical assistants.

You will have the satisfaction of knowing you are working with some of the top-rated gastroenterologists in the state of Indiana as well as the nation.

We offer a competitive compensation and benefit package as well as work-life balance. To learn more about our practice, visit our website at [www.indygastro.com](http://www.indygastro.com).
