

PA for Rural Health Center in Yellow Springs, Ohio

We are a primary care office looking for a Physician Assistant who can deliver primary medical care to a wide variety of patients. He or she will be responsible for caring for patients and maintaining accurate patient records. Must work as a team with our clinical staff and physicians to deliver quality care to our patients. The candidate must enjoy the ever-changing pace of primary care and have an interest and willingness to help patients of all ages and all ailments ranging from diabetes to COPD to addiction. Our team is welcoming and supportive. The ideal candidate will want to immerse themselves into the wonderful and rich community of Yellow Springs, Ohio, to help form a long-lasting relationship with their patients and community. Yellow Springs is a charming village in southwest Ohio with outdoor activities, excellent schools, and a safe environment. It has easy access to Dayton, Cincinnati, and Columbus.

Essential Responsibilities

- * Examine and treat patients for medical ailments
- * Establish rapport with patients and encourage them to talk with you candidly
- * Provide advice on healthy habits and practices for patients based on their current health status
- * Order and interpret diagnostic and therapeutic tests relative to patient's age-specific needs
- * Prescribe appropriate pharmacologic and non-pharmacologic treatment modalities
- * Refer to and communicate with specialists
- * Create treatment plans
- * Monitor the effectiveness of interventions
- * Facilitate the patient's transition within and between health care settings, e.g. admitting, transferring, and discharging patients to hospitals and SNF
- * Facilitate patient and family decision making by providing educational tools

- * Will rotate with other providers for on-call duties
- * Will participate in quality improvement procedures and participate in quality assurance meetings

Minimum qualifications

- * Current Physician Assistant License without restrictions
- * Eligible for hospital and skilled nursing privileges
- * Current certification in Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS)
- * Strong computer skills, including Word, Excel, and PowerPoint
- * Ability to work within a team and take direction
- * Strong written and interpersonal communication skills

Preferred qualifications

- * 1-year postgraduate experience but will consider new graduates.
- * Familiarity with EHR/EMR programs E-clinical works and EPIC

Interested candidates should email CV and cover letter to drgronbeck@myspc.com
