

BUTLER UNIVERSITY *says* NO MORE

Together we can end domestic violence and sexual assault.

During No More Month all members of the campus community are encouraged to learn more about the role we can all play to end domestic violence, dating abuse and sexual assault and support survivors. An enlightening series of events and learning opportunities are being coordinated by Butler's Office of Health Education & Outreach Programs with support from several campus and community partners. Please contact Jules Arthur at jearthur@butler.edu with questions.

Ongoing throughout October
