

SPRING 2022 JCA STUDENT INNOVATION AND COLLABORATION AWARDS

The Jordan College of the Arts proudly announces funding for the **Spring 2022 JCA Student Innovation and Collaboration Awards**. These awards are designed to foster and enhance the innovative and collaborative atmosphere of our college.

LINKS TO APPLY ARE AT THE BOTTOM OF THIS EMAIL! (Lead student applies & Faculty sponsor must also fill out short form)

Here are the guidelines for this year's program:

- Projects need to include at least one student participant from a minimum of two of the JCA departments (Art, Arts Administration, Dance, Music, and Theatre).
- Projects must be student-produced.
- Students must have a faculty project sponsor who vouches for the project.
- Students must have their sponsor fill out a short form verifying that the project is approved by them AND their Chair in terms of its scope. (Link for Sponsors is at the bottom of this email.)
- Projects may not impinge on departmental or JCA events.
- Funds must go towards the costs of production--**receipts are needed for reimbursement up to \$200**. Students will submit their receipts to the Administrative Specialist in their home department.
- Project format is open: the piece may be devised or come from existing work.
- **Smaller, doable projects are encouraged. Many of the most successful projects in recent years have been 10- 15 minutes in length.**
- **Performance options:** Your collaborative project may be produced in the Schrott OR you may present in an alternative space on campus and/or on a different date if approved by your sponsor/chair.
 - **If producing in the Schrott, here are the dates for Spring 2022:**
 - **Monday April 4th, 2022: load-in during the daytime (as class schedules allow)**
 - **Monday April 4th, 2022: evening tech rehearsal**
 - **Tues April 5th, 2022: evening dress rehearsal**
 - **Wed April 6th, 2022: performance at 7:30pm followed by strike**
 - **If producing in an alternative location:** Students have used a variety of alternative spots on campus for a site-specific performance, such as outdoors at the fountain, or indoors at the Annex, or some other intriguing location! Most university locations can be reserved through the online room reservations at my.butler.
- The JCA Student Innovation & Collaborative Student projects may be either stand-alone projects or be attached to an existing project (i.e. Gallery showing, Senior Dance Project, SOM Student Recital, Theatre Senior Project, etc.).
- Project applications will be reviewed by a committee of JCA faculty (Richard Clark, Ramòn Flowers, Frank Felice, Matt Pivec, and Diane Timmerman).
- **Deadline to apply: Tuesday, January 18th, 2022**
- **Awards announced: Tuesday, January 25th, 2022**
