

PA Class of 2021: CLASS OATH

As members of the Butler University Master of PA Studies Class of 2021, we commit to providing the best care possible to all who seek our care by upholding the following values....

- We will be role models to others by continuing to be lifelong learners, foster collaboration, and always remain unbiased, compassionate, dedicated, and diligent.
- We will create an environment where communication is open, honest, and professional, where asking for help or clarification is always encouraged.
- We will embrace the intellectual challenges ahead of us through collaboration; empowering each other to reach our full potential.
- We will respect and support our Butler community on campus, across the nation, and globally.
- We will respect others through upholding academic honesty; contributing to our growth by learning from and engaging with our peers and professors.
- We will hold our patients' interest in the highest regard; keeping an open mind and acknowledging both our abilities and limitations; seeking additional information by using the best possible evidence available.
- We will uphold the integrity of and advocate for the PA profession, while valuing and supporting all other healthcare professionals.
- We will remain responsible to our patients by prioritizing holistic care and building a respectful, trusting relationship; holding others and ourselves to the highest ethical standards.
- We pledge to become the best providers possible and dedicate ourselves to grow in our education, medicine, and as individuals.

We make this oath with honor.
