

## Indiana Nephrology and Internal Medicine, PC (IN-IM)

We are looking to hire a full-time PA to join our team this summer/early fall. It is a well-rounded, exciting opportunity. Indiana Nephrology and Internal Medicine is a private group that provides inpatient services to Community Health Network (Community East, Community North, and Community Heart and Vascular Hospital) We spend time in several different settings including dialysis units, CKD clinics, in-patient hospital service, rehabilitation hospital service, etc. This role provides a lot of independence, and room for growth and is a unique experience to care for patients in several different environments. It is a Mon-Fri salary position, with one-weekend hospital coverage/month (with 2 weekdays off as reimbursement for the weekend), no overnight call.

If you are interested in applying for the position or have questions, please feel free to reach out to:

Allison (MacAllister) Kanter, PA-C
