Dear Butler Community,

Butler University values the wellbeing of our community. It is important to maintain a safe and vibrant campus atmosphere to ensure we attract the best students, faculty, and staff to our institution. While Butler is fortunate to be part of a peaceful neighborhood in a stable city, no campus can be fully protected from the realities of modern life.

While our Public Safety staff does everything, they can to ensure our safety, we as individuals also bear some responsibility. That's why, each year, I ask the incoming class of first-year students to take the Butler Pledge to look out for one another. It's important that everyone understands the importance of bystander intervention. When something looks wrong, I encourage you to act.

Get involved by knowing the many resources you can utilize for your safety and the safety of others.

This report will acquaint you with all the facts about safety and security on the Butler campus so that you, too, can be involved in our efforts. The report follows the University's established practice of openly reporting incidents and current policies and procedures to our community. We believe that accurate and full reporting is vital to a safe campus. The more we know, the more effective all of us can be in supporting a safe and protected environment.

The Department of Public Safety compiled the information found in this report. Read through it, examine the statistics, and consider the sound advice of our University Police Department.

Thank you for helping to continue the fine tradition of cooperation that makes Butler a safe and caring place.

Sincerely,

James M. Danko
President, Butler University
Greetings,

The 2022 Annual Security Report contains information on Butler University’s Department of Public Safety, which comprises the University Police Department, Emergency Preparedness, and Parking Services. The department is a division of the Office of Finance and Administration.

Butler works closely with local, state, and federal officials to enhance our efforts to protect the campus and surrounding neighborhood. This report, the annual fire safety report for campus housing, and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are tools to help keep you informed and safe. Your involvement is key to their effectiveness.

This report outlines the commitment of our university public safety employees to ensure a safe campus environment. Please visit our website at https://www.butler.edu/public-safety/ to view up-to-date statistics, our daily crime log, and information on our safety programs. You can also contact me if you have any questions or concerns.

Cordially,

John Conley
Chief of Public Safety
THE CLERY ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, commonly known as the Clery Act, 20 U.S.C §1092(f) et. seq., requires colleges and universities to:

• Publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements.

• Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibility for student and campus activities.”

• Provide “timely warning” notices of those crimes that have occurred and pose a “serious or continuing threat to students and employees.”

• Issue an emergency notification, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus.

• Disclose in a Daily Crime Log & Fire Safety Log, all alleged crimes that occurred on campus or within the patrol jurisdiction of the campus police and is reported to the campus police, as well as any fire that occurred in an on-campus student housing facility.

The Butler University Department of Public Safety is responsible for the security of the campus and the safety of diverse community groups, including a combined enrollment of more than 5525 undergraduate and graduate students for the 2021-2022 academic year and 1,459 full-time and part-time faculty/staff on campus. The Department of Public Safety has a staff of 31 employees.

The department reports to the Chief of Public Safety and is a division of the Office of Finance and Administration. The Chief of Public Safety reports directly to the Vice President of Finance and Administration.

Command staff consists of an Assistant Chief of Police Operations and a Captain of Administration who oversees Emergency Preparedness and Training for the Department of Public Safety.

The Department of Public Safety, which houses the Butler University Police Department (BUPD), is located on campus at 525 W. Hampton Drive. Officers work 24 hours a day, seven days a week, 365 days a year.

The Office of Parking Services is part of the Department of Public Safety. The Office is headed by the Associate Director of Parking and Transportation who reports to the Chief of Public Safety. Contact information is below.

LAW ENFORCEMENT AUTHORITY

Butler University Police (BUPD) officers are appointed under Indiana Code 21-17-5-4 and 21-17-5-5 with general law enforcement authority, including the power to arrest. They have the same common law and statutory powers, and privileges as state police officers, sheriffs, and constables. BUPD officers are graduates and certified by the Indiana Law Enforcement Academy. The Butler University Board of Trustees pursuant to Indiana Code 21—17-5-5 establishes the legal jurisdiction of the University Police Department.

Officers patrol campus-owned and controlled property and a radius surrounding campus that extends to 42nd Street to the south, 52nd Street to the north, Graceland Avenue to the east, and Michigan Road and White River to the west.

BUPD conducts and participates in annual training to meet state-mandated requirements. These areas may vary from year to year and include firearms, physical tactics/use of force with de-escalation training, police vehicle operation, mental illness, addiction and disabilities, Autism, Alzheimer’s, dementia, high risk missing persons, human trafficking, cultural diversity awareness, family violence (including child abuse, endangered adults), SIDS, CPR, Heimlich Maneuver, and other law enforcement related topics. New in 2021 is the addition of ongoing specialized, intensive, and integrative training for persons responsible for investigating sexual assault cases involving adult victims to include the neurobiology of trauma, trauma informed interviewing, and investigative techniques. There is also training in the areas of Title IX, Violence Against Women Act and Clery Act.

Butler University contracts with various security companies who employee Indiana sworn police officers and non-sworn security officers for special events and work details. Certified sworn police officers have the authority to make arrests.

At various times throughout the academic year, it is possible the Indiana State Excise Police will patrol, work events, or assist on special details. The Indiana State Excise Police are charged with enforcement of statutes and rules for the Indiana Alcohol and Tobacco Commission.

When a Butler University student is involved in an off-campus offense, University police officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Indianapolis Metropolitan Police Department routinely work and communicate with BUPD on any serious incidents occurring on campus or in the immediate neighborhood surrounding campus. Butler University operates no off-campus housing or off-campus student organization facilities. IMPD has primary jurisdiction in all areas off campus, Butler officers often respond to incidents that occur in close proximity to campus.

BUPD and IMPD use the Indianapolis Public Safety Communications System to communicate via portable radio. While BUPD maintains a separate records management system, we share access
with IMPD - City of Indianapolis records management system as well as their computer-aided dispatch terminals for increased efficiencies and assistance.

Students, employees, and visitors are subject to all local, state, and federal laws, in addition to campus policies, procedures, and regulations. BUPD officers may arrest individuals when probable cause exists that a violation of law has occurred. For violations of University policies, reports may be referred to the Office of the Vice President of Student Affairs or the Office of Vice President of Human Resources for conduct action. Violations of Butler University’s Sexual Misconduct Policy will be referred to the Title IX Coordinator. Local public safety agencies may provide assistance to the University for any emergency that might require additional police services.

Butler University has a Memorandum of Understanding with the Indianapolis Metropolitan Police Department as follows:

1. IMPD agrees to grant BUPD officers authority to enforce violations of the Revised Code of the Consolidated City and County (Revised Code).
2. IMPD agrees to grant BUPD officers police powers and jurisdiction to enforce city ordinances over all property in Marion County, Indiana.
3. IMPD and BUPD agree to mutual cooperation and responsibility for enforcement of the Revised Code.
4. Sec. 103-52 of the Revised Code outlines the schedule of code provisions and penalties
5. IMPD and BUPD shall provide mutual assistance as necessary or upon request by either party.
REPORTING CRIMINAL ACTIONS AND OTHER EMERGENCIES

Butler University encourages all students, employees, and guests to accurately and promptly report criminal incidents, accidents, and other emergencies to the Butler University Police Department located at 525 W. Hampton Drive, 317-940-BUPD (2873) (non-emergency) or 317-940-9999 (emergency), or report to local law enforcement agencies, either by phone at 911 or in person. Crimes should be reported to BUPD for inclusion in the daily crime log, annual statistical disclosure of crimes as well as for assessment for a Timely Warning or Emergency Notification. Reports of sexual assaults, domestic violence, dating violence, and stalking should be reported to the BUPD or the Title IX Coordinator.

Additionally, incidents can be reported to any BUPD officer. The University has several two-way call stations (blue light phones) around campus and its vicinity for use during emergencies. By pressing the red button on the stations, users are immediately connected with the BUPD Communications Office. In response to reports of emergencies or criminal actions, BUPD will respond to reports of crimes and other emergencies and vigorously investigate all reported incidents. This includes confidential reports (where the reporting parties’ names are known but not released.)

Daily Crime Logs containing the time, date, general locations, and disposition (if known) of all reported incidents are available to the public by visiting the BUPD office; via email through a listserv; or at https://www.butler.edu/public-safety/daily-crime-log/ Information from crime reports is analyzed to identify emerging crime trends, allocate resources more efficiently and alter the Butler University community to any immediate or continuing threats to the safety or property.

VOLUNTARY CONFIDENTIAL REPORTING

A victim of a crime, who does not want to pursue action within the criminal justice system or through Butler University, may still consider making a confidential report. The purpose of a confidential report is to comply with a victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. With such information, the University can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger through issuance of a Timely Warning. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution without victim or suspect information. Confidential reporting of a crime may be done on the University Police Department “Silent Watch Reporting” website at: https://butler.qualtrics.com/jfe/form/SV_6L8maQCKf7q783A
ADDITIONAL INDIVIDUALS TO WHOM A CRIME CAN BE REPORTED

Under the Clery Act, several individuals have been designated as Campus Security Authorities (CSA). A campus security authority is an official of an institution who has significant responsibility for student and campus activities, including, but not limited to student housing, student discipline, and student conduct proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

The “live-in” staff—the Community Directors, Apartment Community Assistants, and the Residential Assistants—who are designated as a CSA also have established procedures to assist in responding to criminal actions or other emergencies. As soon as possible, all emergencies and criminal actions involving students are brought to the attention of the Dean of Student Life and/or Dean of Student Services, who provides either appropriate follow-up or student conduct action.

Campus “Pastoral Counselors,” campus “Professional Counselors,” and the “Sexual Assault Response and Prevention Specialist” are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. They are encouraged if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

A Pastoral Counselor is defined as:

A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and who is functioning within the scope of that recognition as a pastoral counselor.

A Professional Counselor is defined as:

A person whose official responsibilities include providing mental health counseling to members of the institution’s community, and who is functioning within the scope of counselor’s license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution.
TIMELY WARNING PROCEDURES

In the event a Clery Act crime is reported to campus security authorities or local police; the crime has occurred on Clery Act geography; and is considered to represent a threat to students and employees, a timely warning will be considered by the Chief of Public Safety or designee. The decision to issue a timely warning will be made on a case-by-case basis using the following factors:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of comprising law enforcement efforts

Sex offenses are also considered on a case-by-case basis with the information forwarded to a group of decision makers consisting of Chief of Public Safety, Vice President of Student Affairs, University General Counsel, Title IX Coordinator, Clery Compliance Officer, and BUPD Investigation Section. This group will evaluate known information to determine if a timely warning is appropriate.

Cases involving property crimes are generally exempt from timely warning. However, they will be assessed on a case-by-case basis and alerts will typically be sent if there is a discernible pattern of crime.

The Investigative Staff and Clery Compliance Team will review all reports to determine if there is an ongoing threat to the community and if the distribution of a timely warning is warranted.

Crimes reported to a pastoral counselor, professional counselor, or sexual assault response and prevention specialist are exempt from the timely warning requirement.

The timely warning is generally written by the Chief of Public Safety. The timely warning will be provided to all students and employees in a manner that is timely, that withholds identifying information (i.e., names, addresses, etc.) of victims as confidential, and contains information that will aid in the prevention of similar occurrences.
Methods for issuing a timely warning notification can vary. The University Police Department, or its designee, can use one, or all of the following systems to communicate and notify all Butler University faculty, staff, and students: all-campus email and University website.

EMERGENCY NOTIFICATION

An emergency notification will be sent for situations that require emergency response, evacuations, or any situation, upon confirmation, deemed to be a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. Periodic updates may be posted via use of Instagram Butlerpolice or @DawgAlert or at www.butler.edu. Once the reported incident is no longer a threat, an update will be provided using the campus Dawg Alert notification system.

The University Police Department reserves the right to investigate an incident for confirmation of an immediate threat before issuing an emergency notification. Other methods of confirmation may include notification by a local police agency, or notification by the National Weather Service or other emergency authority. Butler University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the appropriate notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The emergency notification will direct the community to do or not to do something. For example, but not limited to evacuate, shelter in place, or avoid a certain area of campus. The University Police Department will identify the appropriate segment or segments of campus to receive the immediate notification if the threat is limited to a particular segment of the University. Members of the University Police Department generally write the Emergency Notifications.

Methods for issuing an emergency notification can vary. University Police or Marketing and Communications staff can use one, a series of, or all of the following systems to communicate to and notify all Butler University faculty, staff, and students: all-campus email, all-campus voicemail, fire alarms/voice, and Dawg Alert (text messages and computer alerts through Rave and Alertus). The emergency notifications systems are tested monthly.
Below is a chart of the various methods and personnel responsible for drafting the message.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The Butler University Emergency Operations Plan describes how the University responds to emergencies, addresses all types of hazards and establishes policies, methodology, and responsibilities designed to effectively and efficiently address the needs of Butler University during an incident or event. It is intended to be a “living” document that will reflect the continually evolving environment with each update. The primary objectives of this plan is to:

- Contribute to the protection of life, property and the environment
- Contribute to the safety of students, faculty, staff and visitors
- Minimize disruption of university operations and activities
- Effectively manage the response operations to an emergency affecting the university
- Effectively work with internal resources and external partners during emergency operations
- Restore the university to normal operations

Emergency response and evacuation drills are conducted on an annual basis. The tests may be announced or unannounced. Notification of the test results will be sent to the campus community via an email announcement.

The Department of Public Safety coordinates an evacuation drill each semester for all residential facilities. These drills are conducted twice a semester (four times a year). Additionally, each academic building conducts required drills annually. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for short-term building evacuation. The Department of Public Safety does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by the time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, University Police and Residential Life will both be on the scene and will communicate information to the students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. At Butler University, evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

In addition to educating the occupants about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of the fire alarm system.
Evacuation drills are monitored by the Department of Public Safety and Residence Life to evaluate egress and behavioral patterns. The Department of Public Safety and University Operations (Facilities) identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

**EVACUATION PROCEDURES**

In situations where a building is to be evacuated, individuals should immediately proceed to the nearest exit in a quick but orderly manner. After exiting the building, proceed to the nearest rally point. A list of the rally points can be found at: [https://www.butler.edu/public-safety/emergency-preparedness/](https://www.butler.edu/public-safety/emergency-preparedness/) under the “Rally Point & Shelter in Place Locations” heading.

**What it Means to Shelter in Place**

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors because leaving the area may expose you to that danger. Thus, to shelter in place means to make a shelter of the building that you are in until it is safe to go outside.

**Basic Shelter in Place/Evacuation Guidance**

In most cases, stay inside seeking an interior room, until you are told it is safe to come out. If your building is damaged, be sure to evacuate when it’s safe to do so. Evacuation procedures: close your door, proceed to the nearest exit, and use the stairs instead of the elevator. Once you have evacuated, seek shelter at the nearest building. If police or fire personnel are on scene, follow their directions.

**How You Will Know to Shelter in Place/Evacuate**

Shelter in place notifications may come from several sources, including the University Police, Residence Life staff members, other University employees, or other authorities using the University’s emergency notification system, Dawg Alert.

**How to Shelter in Place**

No matter where you are, the basic steps of shelter in place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter in place supplies and a telephone to be used in case of an emergency. If you are outdoors, quickly proceed into the closest building or follow instructions from emergency personnel on the scene.
2. Locate a room in which to shelter. It should be: An interior room without windows or with the least numbers of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Make a list of the people with you and ask someone to call in the list to University Police so they know where you are sheltering. If only students are present, one of the students should call in the list.

5. Remain calm.
SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Most campus buildings and facilities are accessible to faculty, staff, students, guests, and contractors during normal operating hours on weekdays and during designated hours on weekends. Normal operating hours vary for individual buildings and University offices. Many buildings have 24-hour availability using card access; however, hours may vary during the periods of time the University is not in normal operation. (This includes most holidays.)

Policies regarding guests and visitors on campus are integrated with other policies relating to student housing, student conduct, and facilities access. Generally, students and other campus community members are held accountable for the conduct of their guests while they are on campus. All guests are subject to the same University rules and regulations governing the conduct of students, faculty, and staff.

Academic, administrative, and housing facilities do not have full-time University Police or security officers assigned to them. However, officers patrol all facilities on a regular basis.

ACCESS TO RESIDENCE HALLS

With the exception of the main entrances, all Butler University residence hall exterior doors are locked 24 hours a day. All residence halls’ main entrances are unlocked during the day but are locked at night, with the exception of Butler Terrace, the Apartment Village, and the CTS Apartments, which are locked 24/7. Community Assistants check the residence hall doors during routine rounds throughout the night to ensure the doors remain locked. Residential College, Fairview House, Irvington House, University Terrace, and the Apartment Village have front desk operations. Rooms in Residential College, Irvington House, University Terrace, Butler Terrace, and the Apartment Village are equipped with a self-locking door and/or dead-bolt system that provide additional security. Card access is available in Residential College, Fairview House, Irvington House, University Terrace, and the Apartment Village.

The maintenance of a safe and secure residence hall environment is everyone’s responsibility. To this end, the admittance of unauthorized persons to residence halls is prohibited. Residents should always lock their room doors to ensure personal safety and security of their property. To enhance the safety and security of all hall residents, residents’ property, as well as University property, University Police personnel will conduct patrols of the residence halls on a periodic basis.
MAINTENANCE OF CAMPUS FACILITIES

The University maintains a very strong commitment to campus security and safety through monitoring of the following:

Exterior Lighting. Formal surveys of exterior lighting on campus are conducted on a regular basis. Members of the campus community are encouraged to report any exterior lighting deficiencies to the University Police at 317-940-BUPD (2873).

Exterior Doors/Locks. After buildings are secured, exterior doors are routinely checked each night by members of the Public Safety Department. Concerns, defects, or general maintenance issues can be reported to the University Police Department at 317-940-BUPD (2873).

Shrubbery and Trees. Landscaping is maintained in a manner that reduces hazardous conditions. Any concerns can be reported to University Police at 317-940-BUPD (2873).

Parking Lots. University Police actively patrols all campus parking lots on a daily basis. Some parking lot facilities are monitored by cameras and gated card access.
SAFETY ON CAMPUS: EVERYONE’S RESPONSIBILITY

University Programming—Crime Prevention
Butler University places a high priority on keeping its campus safe for students, employees, and visitors. Working together, there are many things the University’s community – its students, faculty, and staff – can do to decrease the chances of crime occurring.

Butler students have the opportunity to learn safe personal living habits through programs sponsored by the Division of Student Affairs, Office of Health Education & Outreach Programs, and Butler University Police Department. Topics covered in these programs vary but often focus on how to avoid becoming the victim of crime; how to recognize crimes when they occur; how to overcome fears about reporting crimes; how to keep informed of University policies, as well as federal, state, and local laws; and how to develop social responsibility toward others on campus, as well as the surrounding community.

Among reported crimes on and around campus, incidents of violent crime are infrequent. In cases such as rape – crimes that often go unreported – special programs have been initiated to encourage students to recognize rape and other forms of sexual violence and overcome their fears of reporting it.

SECURITY AWARENESS
BUPD offers the following Security Awareness programs to faculty, staff, and students. A common theme in these programs is to encourage students and employees to be responsible for their own security and the security of others. Please contact BUPD at 317-940-BUPD (2873) for additional information on each program.

These student leaders receive training in health promotion, holistic wellness, mental health, and other relevant student wellness topics in order to support their fellow students and community. SWCs design, plan, implement, and evaluate education and outreach initiatives and serve as wellness role models during their time at Butler. Currently, most student organizations have a designated BUBeWell SWC Officer position, and we also have a cohort of volunteer SWCs. Together, there are around 80 student leaders total, with hopes to continue growth in the program.

- The **Student Advocacy Fellow** is a student employee of the Sexual Assault Response and Prevention (SARP) Office who strives to improve Butler’s cross-campus communication regarding power-based personal violence, healthy relationships, and healthy sexual behavior. They create and curate content and educational presentations that depict positivity, self-care, healthy relationships and healthy sexual health, bystander intervention, and other advocacy related messages, as well as increase awareness for ongoing endeavors and upcoming events.

- The **Sexy Can I? Consent Workshops Facilitators** is a team comprised of 16 students who serve as peer facilitators for the consent education program, a sexual misconduct and sexual assault prevention program offered for new first year and transfer students during the first week of classes. Substance-Free Alternative Social Activities

A bi-annual email message from the Title IX Coordinator is sent out to the campus community to keep students, faculty, and staff abreast of the prevention and compliance efforts happening at Butler University.

360 Proof Personal Feedback Index is an online tool that allows Butler students to access individualized feedback about their own alcohol use and only takes 15 minutes to complete. The PFI offers immediate results that show the effects of alcohol in one’s life, if any, and how to minimize impacts on health, finances, and social life. All results are confidential and are only for the individual’s knowledge and personal use. In 2019, two years after the program was launched, it was utilized by over 300 users. Many of these users participated during a Homecoming Week challenge to earn points by completing the PFI.

Campus Support Services

Sexual Assault Response and Prevention Specialist carries a dedicated cell phone which can receive calls and texts. The number is listed on the back of all university issued ID cards. The SARP Specialist is available Monday through Friday from 9:00am-5:00pm to any student who has been a victim of sexual violence, intimate partner violence or abuse, or stalking. The SARP Specialist will offer options to minimize and treat physical harm, assist with processing the unique and complex emotional aftermath, and help preserve evidence and understand options for reporting. If a student wishes to report to either law enforcement or through the campus sexual
misconduct process, the SARP Specialist can be an ongoing resource to the student through those processes. The SARP Specialist is a confidential resource.

After Hours: During non-business hours, callers who reach out to the SARP Specialist phone will receive a message listing two resources which are available 24/7 – the confidential Julian Center Crisis Line (317-920-9320) or Butler University Police Department (317-940-9396).

REPORTED CRIME STATISTICS

These charts report crime statistics for Butler University calendar years 2020, 2021, and 2022. All universities are required to list a breakdown of reported crimes by geographic location. The categories are:

1. On-campus property (University-owned, contiguous, educational, and student-used, including residence halls)
2. Non-campus property (fraternities, non-contiguous owned, and student-used)
3. Public property (streets, sidewalks, and lots adjacent to campus property)
4. On-campus residential only (University-owned or leased student housing)

The University is required to state if any of the subcategories of reported crimes fall under the category of hate crimes. In addition to the subcategories, the crimes of theft, simple assault, and intimidation shall be reported if perpetrated as hate crimes. A hate crime is defined as an act that has evidence to show the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity.

The statistics in this annual report were prepared by the Butler University Police Department based on information gathered from individuals in the following University offices and departments, and law enforcement authorities (local, state, and national):

Division of Student Affairs: Dean of Student Services
Division of Student Affairs: Director of Residence Life
Title IX
Butler University Campus Security Authorities
Butler University Police Department: Captain of Police Administration/Detective Lieutenant
Indianapolis Metropolitan Police Department
Indiana State Police
Indiana State Excise Police, and numerous law enforcement agencies nationally.

MISSING STUDENTS NOTIFICATION POLICY STATEMENT

Students living in an on-campus housing facility have the option to identify a confidential contact person(s) whom the institution shall notify within 24 hours of the determination that the student is missing by the University Police Department. This contact person(s) can be the same as the student’s confidential contact person but it is not a requirement.

The contact information registered by the student will be confidential and will only be accessible to authorized campus officials and law enforcement and it may not be disclosed outside of a missing person investigation.

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she shall immediately notify the Butler University Police Department at 317-940-9999. The University Police Department will immediately begin to investigate the incident. During the investigation, attempts to gather relevant information about the individual will be made that would assist in locating the missing individual. Evaluation of the circumstances will be conducted to determine if the missing person may be classified as a “high risk” missing person as defined by Indiana Code 5-2-17.

The University Police Department will notify the Indianapolis Metropolitan Police Department and notification will be made to the student’s confidential contact person(s), within 24 hours of the student being reported missing. During the course of the investigation, it is also possible other law enforcement agencies (i.e. Indiana State Police) will also be contacted depending on the information uncovered. If the missing person is classified as a “High Risk Missing Person” under Indiana statute, their information will be entered into the National Crime Information Center (NCIC) and/or Indiana Data and Communication Systems (IDACS) databases with two (2) hours of contact with BUPD.

If the missing student is under the age of 18 and is not an emancipated individual, Butler University will notify the student’s parent or legal guardian immediately after the University Police Department has determined that the student has been missing, but no longer than 24 hours after the student has been reported missing. The confidential contact person(s) will also be notified.
HOW TO BE AN ACTIVE BYSTANDER

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found at www.butler.edu/community-of-care. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive toward another and it is not safe for you to interrupt.

• Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if he or she is okay.
• Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
• Speak up when someone discusses plans to take sexual advantage of another person.
• Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
• Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

RISK REDUCTION

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduces one’s risk of being a victim of a crime

• Be aware of your surroundings. Knowing where you are and who is around you may help you find a way to get out of a bad situation.
• Try to avoid isolated areas. It is more difficult to get help if no one is around.
• Walk with purpose. Even if you don’t know where you are going, act like you do.
• Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
• Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
• Make sure your cell phone is with you and charged and that you have cab money.
• Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
• Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
• Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
• Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
• Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
• Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
• If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
• If you need to get out of an uncomfortable or scary situation here are some things that you can try: Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
• Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
• Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
• Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses
you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

• Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

• If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
PROCEDURES VICTIMS SHOULD FOLLOW IF A CRIME OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING OCCURS

After an incident of sexual assault, dating violence, or domestic violence, the victim should consider seeking medical attention as soon as possible to assess for injury, sexually transmitted infections, and pregnancy. If you suspect a substance other than alcohol was used in the assault, it is recommended to report to the hospital as early as possible before the substance leaves your system. Immediate medical attention for victims of sexual assault is available at area hospitals that have a Center of Hope. The hospitals closest to campus that have a Center of Hope are St. Vincent and Methodist; they are open 24 hours a day. With a victim’s consent, a specially trained nurse will conduct an exam to collect evidence (fees for the exam and evidence collection are covered by the State of Indiana). At the hospital, you will be given an opportunity to speak with a police officer to report and investigate the incident. You may choose to do this or not. A University Police officer can be used for this reporting function. A forensic exam can also be done, without reporting to law enforcement, and at no expense to the survivor.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing, or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social-networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with the University Police or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.
Although the University strongly encourages all members of its community to report violations of this policy to the University Police or local law enforcement, it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. Butler University will assist any victim with notifying the University Police if the victim so desires. The victim can contact the Title IX Coordinator or the Sexual Assault Response and Prevention Specialist to request assistance.

Victims of dating violence, domestic violence, sexual assault, or stalking should report the incident promptly to the Title IX Coordinator, or report in person to the University Police (if the victim desires.) Reports of all crimes of dating violence, domestic violence, sexual assault, and stalking will be referred to the Title IX Coordinator for investigation regardless if the complainant chooses to pursue criminal charges.

The institution’s Sexual Misconduct Policy including a description of the procedure can be found here: http://www.butler.edu/hr/policies or Appendix C of this document.

Although the University strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying local police if they so desire. The Indianapolis Metropolitan Police Department may also be reached directly by calling 317-327-3811 (dispatch), 317-327-6100 (North District), or in person at 3120 E. 30th Street, Indianapolis, IN 46208. Additional information about the Indianapolis Metropolitan Police Department may be found online at: https://www.indy.gov/activity/impd-north-district

Procedures for getting a court ordered protective order can be found at: https://www.indy.gov/activity/file-a-protective-order
The University has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, financial aid, and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation, and working accommodations, if reasonably available. The University will make such accommodations if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement. Students and employees should contact the Title IX Coordinator to request assistance with accommodations.

The University will provide options to the victim about the involvement of law enforcement and campus authorities, including the notification of the victim’s options.
The table below is a sample of what BUPD will do in various cases of sexual assault, domestic violence, dating violence, and stalking.

1. Collection or storage of materials, supplies, or personal property that constitute a fire hazard as determined by the University is prohibited. Storage or use of combustible materials, explosives, fireworks, or firearms is prohibited. Use of outside TV or radio antennas, sun lamps, halogen lamps, heat lamps, space heaters, or microwave ovens (other than University provided in FVH and AV) is strictly prohibited. The following requirements have been created in conjunction with the Indianapolis fire marshal to ensure the safety of all residents:

- Possession and burning of candles, incense, or spices such as sage in housing facilities is a fire hazard and is not permitted.

- Wall, door and room decorations are limited to 20% of any given surface.
- Personal floor mats, or any other item which represent a trip hazard, are not permitted in hallways.
- Do not attach anything to, or hang any item on, any sprinkler head.
- Do not attach anything near a sprinkler head that may obstruct the spray pattern.
- Do not attach anything to or alter any life safety device such as fire alarm horns, strobe lights, sprinkler heads, smoke detectors, exit lights, pull stations or any type of emergency signage.
- No items are to be hung from any ceiling or cloth hung on the walls (tapestries)
- The use of acetate, cellophane, tissue paper or other combustible materials over or in light fixtures is prohibited.
- String, rope, holiday, or other types of decorative lighting, and night lights are prohibited.

**REPORTING AN OCCURRENCE OF FIRE ON CAMPUS**

It is the policy of Butler University to disclose statistical data on all fires that occur in on-campus student residential facilities. If you are aware of a fire that has been extinguished or see evidence of a fire, please contact University Police at 317-940-9999.

**PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY**

There are no current plans for upgrading existing fire alarm safety equipment.
REPORTED FIRE STATISTICS

The following charts represent reports of fires occurring in the Butler University residential housing units. A fire is defined as any instance of open flame or other burning in a place not intended to contain the burning, or in an uncontrolled manner. A fire report log is maintained and reported within the Daily Crime Log and Fire Log. It is available for public review at the Butler University Police Department, 24 hours a day, and seven days a week. The log represents all reported fires covering a 60-day period. The log is also available at https://www.butler.edu/public-safety/daily-crime-log/

APPENDIX A - Alcohol Related Policies, Procedures, and Consequences for Students

Alcohol Policy for Students

The primary concern of Butler University, including incidents of intoxication and/or alcohol poisoning, is the health and safety of the individuals involved. Students and student organizations are expected to summon immediate emergency medical care for students, members, or guests who are in need of assessment.

The University’s policy and student conduct practices recognize and adhere to the State of Indiana’s Lifeline Law (http://indianalifeline.org/) that:

- Provides that a person is immune from arrest or prosecution for certain alcohol offenses if the arrest or prosecution is due to the person: (1) reporting a medical emergency; (2) being the victim of a sex offense; or (3) witnessing and reporting what the person believes to be a crime.
- Provides immunity for the crimes of public intoxication, minor in possession, minor in consumption, and similar laws, to persons who identify themselves to law enforcement while seeking medical assistance for a person suffering from an alcohol-related health emergency. In order to receive immunity, the reporting individual must demonstrate that they are acting in good faith by fulfilling the following expectations:
  - Providing their full name and any other relevant information at the request of law enforcement officers.
  - Remaining on the scene until law enforcement and emergency medical assistance dismiss.
  - Cooperating with all authorities.
- The Indiana Lifeline Law will not interfere with law enforcement procedures or limit the ability to prosecute for other criminal offenses such as providing alcohol to minors, operating vehicles while intoxicated, or the possession of a controlled substance. (Note: BUPD officers will use their discretion, and consideration will be given on a case-by-case basis when marijuana is involved.)

Butler students who actively seek medical attention on the behalf of another person in accordance with the Indiana Lifeline Law, will not be charged with a violation of University policies regarding underage use and possession of alcohol. It should be recognized that,

- Those who assist in situations such as these can expect outreach from a Dean of Students staff member to discuss the incident.
- In the course of investigating an incident, if someone is found to have misrepresented their involvement, it is possible that student conduct charges could be brought against the student.
- Student conduct action could result for other policy violations such as fake identification, causing or threatening physical harm, sexual misconduct, damage to property, unlawful provision of alcohol and other drugs, harassment, and hazing, etc. If student conduct action does result, the students’ actions to secure emergency medical attention will be considered in the University’s response.
Use of Alcoholic Beverages

All Butler students are responsible for complying with state and local laws. Attention is called to the Indiana alcoholic beverages law (Indiana Code 7.1-5 found here: https://iga.in.gov/laws/2021/ic/titles/7.1)

The following are violations of this policy:
(a) No person under 21 years of age may consume or be in possession of alcoholic beverages.
(b) Persons 21 or over may not make alcoholic beverages available to minors.
(c) It is unacceptable to misrepresent one's age for the purpose of obtaining alcoholic beverages.
(d) Residence hall and University apartment students 21 years of age and their guests 21 years of age or older may possess and consume alcoholic beverages on an individual basis in the privacy of their own rooms, with their room doors closed. Individuals younger than 21 years of age may not be in the presence of alcohol within the residence halls/apartments.

Alcohol on University Property and at University-sponsored Events

1. Alcoholic beverages are prohibited on campus and on the sidewalks adjacent to campus property, except as noted in (d) above or,
   • With the expressed approval of the department head responsible for the administration of a designated facility/area.
   • Student organizations wanting to sponsor an event on campus with alcohol must receive prior authorization from the Vice President for Student Affairs.

   While the City of Indianapolis does permit open alcohol containers, Butler University policy does not. The exception to this rule, as noted above, is that alcohol may be served at approved events with the proper markings/area designated for alcohol consumption.

2. No University funds or monies from student organization accounts may be used to purchase alcoholic beverages without the prior authorization of the Vice President for Student Affairs.

3. Student organizations may provide alcoholic beverages at University-sponsored events on and off campus in accordance with guidelines set by the Office of Student Activities.

4. University-recognized fraternities and sororities may provide alcoholic beverages at registered events in accordance with guidelines set by the Interfraternity Council and Panhellenic Association.

Reviewed annually by the Vice President for Student Affairs: August 2023
Student Organization Social Event Procedures

Members of student organizations shall be subject to the Student Alcohol Policy and Social Event Procedures concerning the possession and consumption of alcoholic beverages on University-related premises or at University-sponsored events. Recommendations are listed that will enhance the ability of student organizations to better self-regulate events.

- The guidelines are not designed to encourage or discourage alcohol consumption. Rather, they establish parameters for alcohol use that are consistent with applicable laws and allow for social interaction and personal expression without infringing on the rights and property of others. Positive social interaction is an integral part of the educational process, and the guidelines enable organizations to maintain high behavioral standards that directly contribute to a positive living-learning environment.
- The planning and execution of a social event is the responsibility of all organized groups participating in the function. If a planned social event involves two or more student groups, the appropriate officers of the groups will participate in the planning and implementation of that event, regardless of where the event will occur.
- Conduct sanctions resulting from violations of the University’s Rules of Conduct will be individualized for each case. Individual(s) alleged to have violated this policy may face University student conduct as well as legal action. Similarly, a student organization may be held responsible for failures to follow University policies, rules and procedures.

ALCOHOL AT ON-CAMPUS EVENTS

(For information about off campus events, see p.5)

1. Approval
   (a) Student organizations seeking to provide alcoholic beverages on University-owned or controlled property must first obtain authorization from the Vice President for Student Affairs (VPSA). Depending on the location, secondary approval may needed from the department head responsible for the administration of that facility/area.
   (b) On a case-by-case basis, an organization may petition the VPSA to allow the serving and consuming of alcoholic beverages outside the physical structure of a building in prescribed areas.
   (c) In order to obtain approval, an electronic request detailing the time, location, number of participants and the exact nature of the event must be submitted to the VPSA at least six (6)
weeks in advance of the event. This process starts with Butler Engage, and the completion of the Approval Request Form: Social Events with Alcohol (https://butler.campuslabs.com/engage). The Executive Director of Student Involvement & Leadership or the Greek Life Director (for social fraternities/sororities) as appropriate will review as completed online requests. If approved, the request is forwarded to University Events to confirm the space reservation only. The VPSA, or designee, will be included in the approval review process.

(d) All contracts, including those for off campus locations, must be reviewed and signed by the VPSA or designee. All contracts must be submitted no less than six (6) weeks prior to the events. A certificate of insurance for the third-party vendor is also required; see 6(b).

2. Sponsoring Events at Which Alcohol May Be Furnished

   (c) The registered University student organization advisor or approved University employee designee must be on-site the entire duration of the event.

3. Requirements for sponsoring events
   (a) All organizations wishing to sponsor an event must be in good standing with the University and any of its governing organizations.    (b) A maximum of four organizations may co-sponsor any single social event.

4. Capacity of facility
   (a) The number of people who may attend a social event in a particular space will be established by the physical limitations of the space.    (i) Third party vendors dispensing alcohol may not serve more than one standard serving of beer, wine, or mixed drink to an individual at a time.
   (j) The use of any alternate method of alcohol distribution (e.g., BYOB, etc.), other than third party vendor, is strictly prohibited.

7. Limited attendance
   (a) Only Butler students, alumni of the organization, or a guest of a Butler University student may attend a campus event at which alcoholic beverages are furnished.
   (b) At a limited attendance event, the guest list will be used at the door to verify the guests have been approved for attendance. Security personnel will be involved with checking the guest list and may assist the third-party vendor in checking IDs, confirming that those who receive wristbands are of legal age. Participants may only receive one wristband.
   (c) Intoxicated individuals shall not be admitted to the event. No one may bring alcohol into the event.

Sobriety monitors and security should make periodic rounds through the social event area.

11. Security
    (a) Security officers must be hired to help monitor the event. There must be a minimum of two security officers from a company designated to provide services for these events. Security arrangements should be completed at least a minimum of six (6) weeks before the event.

Indicate in the appropriate field that the group is seeking permission for alcohol at the event. The executive director of Student Involvement & Leadership or the director of Greek Life (for social fraternities/sororities) as appropriate will review as appropriate completed online requests. If approved, the request is forwarded to University Events to confirm the space reservation. The VPSA, or designee, will be included in the approval review process.

Butler University Interfraternity Council and Panhellenic Association Alcohol Policy

Introduction

This document outlines the standards, regulations, and registration process for social events that involve alcohol within the Butler University Interfraternity Council (IFC) and Panhellenic Association (PHA). Recommendations

Before Social event
  ● Every Sunday at or after Chapter, Event Monitors be chosen for the week’s events by the Risk Manager
  ● Event Monitors are to be sober for the entire day and night of the given event (includes alcohol and other drugs)
  ● Monitors will be assigned to a specific duty prior to the event at any event or third-party vendor i.e. Stairway, Check-in/out, Upstairs/bathroom floaters and General Floater
  ● Risk Managers will print out a roster prior to the event which they will provide to the Event Monitors designated for check-in/out duty as well as the PHA and IFC Vice Presidents of Conduct. This roster may be provided by the Director of Greek Life.
  ● All Event Monitors will meet at least 20 minutes prior to the event to review protocol
  ● A group message created to communicate clearly and constantly throughout the night. This text will be created every night with monitors from all chapters involved
  ● All members will discuss and be sent the steps to follow in case of an emergency. These steps are as follows:

  In an emergency, 911 will be called and all individuals will cooperate completely with the police and any other authorities. The member calling 911 will call these people in this order:

  ○ Call 911 under the Indiana Lifeline Law
  ○ Call Director of Fraternity and Sorority Life
  ○ Call Chapter President
  ○ Call IFC/Panhel VP of Conduct
  ○ A message in the group chat will be sent out about expectations regarding the situation

During Social Event

  ● Upon arrival, all Event Monitors from all participating organizations will meet and discuss monitoring stations.
  ● Event Monitors should work to ensure the safety of all persons present at a social event. In the event a person is observed to be intoxicated or need medical attention, they should work with the sober Executive Council member to ensure the individual receives appropriate care.
  ● Event Monitors should be in communication with the Event Monitor team to ensure that all individuals the event are safe.
After a Social event:

- After the event has ended and there are less than 10-chapter members remaining, all monitors will be permitted to leave.
  - There will be a message in the group chat that will indicate that the event has officially ended and that all monitors may leave.
  - All monitors will check in with one another once everyone is back at the house and then make rounds to check on all chapter members.

- Event Monitors will then stay awake, making rounds around the house, until all members are safe and no help or assistance is needed

Ratified September 10th, 2019- by a unanimous (5/5) vote of IFC chapters
Possible Consequences for Violations of the Butler Student Alcohol Policy

- The University's response starts with a conversation with a conduct officer. (A conversation with Excise Police or a University police officer may have preceded the conduct meeting. Anyone cited or arrested for a violation of the law will also participate in the criminal adjudication process and be responsible to meet the requirements established by the courts in addition to what the University requires.)
- A conduct file is created; it exists until one graduates... and longer in more serious cases where suspension or dismissal comes into play. Some graduate programs and prospective employers inquire if one has a conduct record and requests the University to verify it contents. Butler will release conduct records to employer's and/or graduate schools with the student's written permission.
- Parents may be notified for violations of the alcohol/drug policies. If circumstances warrant, this could be on a first offense.
- Students on conduct probation, for whatever reason, may not participate in Greek recruitment or serve in campus leadership positions like Student Orientation Guide, Community Assistant, etc.
- Students risk losing priority housing options like the ability to preference an apartment setting during the housing lottery.
- Students may be asked to reflect and write about their choices and how they support one's personal values and life goals.
- Students could be assigned an online educational module or other research project.
- Students might spend a early weekend morning participating in a structured campus or neighborhood clean-up.
- If a student seems to lack an understanding of how substances affect our bodies, they would be assigned to take an alcohol/drug class.
- If a student seems challenged with decision-making they could be assigned to "Take the Challenge," a three-hour workshop led by Butler challenge education staff.
- A referral for a mandated assessment with an alcohol/drug counselor might be required. A student would be held to the recommendations that result from an assessment.
- COPHS students, student-athletes, and student employees’ risk having their dean/coach/campus employer notified about behaviors that are not in line with program standards and expectations.
- Students may be dismissed from Butler temporarily, or if warranted, for good.

APPENDIX B - Controlled Substances Policy

Butler University

The illegal or abusive use of alcohol and other drugs by members of the campus community jeopardizes the safety of the individual and the community and is contrary to the academic learning process. Butler University is committed to having a campus that is free of the illegal or abusive use of alcohol and other drugs. In keeping with this commitment, it is the policy of the University that the illegal or abusive use of alcohol and other drugs is prohibited on University property or as part of University activities. In order to inform all University students of their responsibilities as set forth in the Drug-Free Schools and Communities Act Amendments of 1989, the following information is provided:

1. The Butler University Rules of Conduct prohibit the unauthorized use, possession, or distribution of any controlled substance or illegal drug.

2. Conduct sanctions the University may employ for violations of the University drug and alcohol policies include dismissal, suspension, probation, restitution, suspension from University housing and forfeiture of financial assistance, or such other sanctions as deemed appropriate by the University. Students may be accountable to both civil authorities and the University for acts that constitute violations of law and University policy. Student conduct action at the University will normally proceed during the pending of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

3. Applicable legal sanctions under federal, state, and local law state that it is unlawful to possess a controlled substance, including marijuana, cocaine, LSD, PCP, heroin, designer drugs, etc. (Federal Law Title 21 USC, Sections 841, 844, 845). The penalty for simple possession of such substances is a fine and/or imprisonment. The penalties increase if the possession includes intent to manufacture, distribute, or dispense a controlled substance, especially if it is near a public or private elementary, vocational or secondary school, or a public or private college or University. Violators of this law may also be subject to civil penalties.

4. It is a violation of Indiana state law for anyone under the age of 21 to use or possess alcoholic beverages or to misrepresent their age for the purpose of purchasing alcoholic beverages. It is also unlawful for someone over the age of 21 to make alcoholic beverages available to someone under 21. Sanctions for the violation of this law may include a fine and/or imprisonment. Additionally, see Butler University’s Alcohol Policy for Students.

5. It is a violation of Indiana state law for anyone to use, possess, manufacture, distribute or dispense controlled substances (Ind. Code Sec. 35-48-4-1 et seq.). Penalties include fines and/or imprisonment. Again, penalties increase if such activities take place near public parks, housing projects, or schools.

6. Students who receive federal financial aid must understand that the 1998 amendments to the Higher Education Act of 1965, Section 484 (r) includes a student eligibility provision related to drug possession and selling. A student who is convicted of a state or federal offense involving the possession or sale of an illegal drug that occurs during a period of enrollment in which federal student aid was received is not eligible for federal funds. Federal aid is comprised of grants, student loans, and college work study. The
timeframe for ineligibility begins on the date of conviction and lasts until the end of a specified period as outlined below:

<table>
<thead>
<tr>
<th>Possession of illegal drugs</th>
<th>Sale of illegal drugs</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st offense</td>
<td>1 year from date of conviction</td>
</tr>
<tr>
<td>2nd offense</td>
<td>2 years from date of conviction</td>
</tr>
<tr>
<td>3+ offenses</td>
<td>Indefinite period</td>
</tr>
</tbody>
</table>

Provisions do exist for regaining eligibility sooner.

7. Health risks associated with the use of illegal drugs and abuse of alcohol are staggering. The abuse of alcohol and other drugs is now recognized as the number one public health problem in the United States. Approximately 30 percent of all admissions to general hospitals and 50 percent to psychiatric hospitals have detectable substance abuse. Substance abuse accounts for approximately 150,000 deaths annually. This includes death from stroke, diseases of the heart, and liver and all drug and alcohol related suicides, homicides and accidents. The abuse of substances also increases risk of ulcers, birth defects, and a diminished immune system. Studies of college students have also found a correlation between the use of alcohol and other drugs and an increased risk of violent and irresponsible behavior and academic failure.

8. The University encourages students who are experiencing substance abuse problems to seek assistance from resources available to them on campus, as well as from agencies and self-help groups available in the community. A list of these resources is available from Health Services and Counseling and Consultation Services located in the HRC, (317) 940-9385.

APPENDIX C – Sexual Misconduct Policy

UNIVERSITY POLICY

SEXUAL MISCONDUCT POLICY

Number: 7.100
Organizational Part: Seven – Human Resources
Chapter: One – University Policies
Policy Type: Institution Wide
Responsible Office: Diversity, Equity, and Inclusion
Effective Date: June 9, 2017
Revision Date: June 15, 2023

Overview

Butler University ("the University") is committed to maintaining a safe and inclusive environment in which no member of the University community is, on the basis of sex, sex stereotypes, sex characteristics, pregnancy or related conditions, parental status, sexual orientation, or gender identity, excluded from participation in, denied the benefits of, or subjected to discrimination in any University program or activity. Gender-based and sexual harassment, including sexual violence, are forms of sex discrimination in that they deny or limit an individual’s ability to participate in or benefit from University programs or activities.

In compliance with Title IX of the Education Amendments of 1972, related provisions of the Clery Act (as amended by the Violence Against Women Reauthorization Act ("VAWA")), Title VII of the Civil Rights Act of 1964, the VAWA of 2013, and applicable Indiana law, Butler University’s Sexual Misconduct Policy ("the Policy") prohibits discrimination on the basis of sex, sexual orientation, and gender identity. It does not preclude application or enforcement of other University policies.

No Division, Department and/or College is permitted to develop and/or adopt procedures that contradict, modify or supplement this Policy. All decisions made utilizing this Policy are final and not subject to additional review, appeals, using this or another grievance procedure of the University.

Nothing in this Policy shall be construed to abridge academic freedom and inquiry, principles of free speech, or the University’s educational mission.

1. Scope of the Policy

The Title IX Coordinator coordinates the University’s compliance with Title IX and related provisions of the Clery Act. The Title IX Coordinator oversees the University’s centralized and efficient response to all reports of Prohibited Conduct to ensure consistent implementation of this policy and compliance with federal and state law. Below is the Title IX Coordinator’s contact information:
Georgia Hensley  
**Director of Institutional Equity and Title IX Coordinator**  
Atherton Union 200  
Indianapolis, IN 46208  
titleix@butler.edu

Concerns about the University’s application of Title IX and the Clery Act may be addressed to the Title IX Coordinator.

**A. To Whose Conduct does this Policy apply?**

To the extent permitted by applicable law, this policy governs the conduct of Butler University students, faculty; staff; and third parties (i.e., non-members of the University community, such as affiliates, volunteers, vendors, and visitors).

A third party may report potential policy violations committed by a member of the University community, and the University will take appropriate steps to investigate and respond to the conduct consistent with the authority granted by the University’s jurisdiction, if any, over the respondent. Third parties may be subject to investigation and/or other actions for alleged violations of this policy; a third party who is accused of violating University policy may be barred from areas and/or activities controlled by the University or be subject to other restrictions. The University may take such action against third parties without providing the full rights and processes afforded to Butler community members through the provisions in this policy.

Various procedures provided in this policy may be used to address Prohibited Conduct that occurs:
- on campus or University property;
- in the context of any University-related or sponsored education program or activity, regardless of the location;
- by a Butler student, regardless of location, under the Code of Student Conduct;
- by a Butler employee, regardless of location;
- on property belonging to, or affiliated with, any officially recognized University student organization;
- through the use of University-owned or provided technology resources; or
- when the conduct has a nexus to the University, such as continuing adverse effects or the creation or continuation of a hostile environment on campus.

For every report, the Title IX Coordinator will review the circumstances of the reported conduct to determine whether the University has jurisdiction or disciplinary authority over the respondent or the conduct.

In instances where the University does not have disciplinary authority over the respondent, the University will still take reasonably-available steps to support a complainant through supportive measures and will assist a complainant in identifying external reporting mechanisms.

**2. Policy Terms**

This Policy uses the following defined terms throughout:
- **Complainant** refers to an individual who is reported to have experienced conduct that could constitute Prohibited Conduct, even if they do not participate in any related process.
- **Respondent** refers to an individual who has been reported to have engaged in conduct that could constitute Prohibited Conduct.
- **Party** or **parties** may also be used to refer to a complainant or respondent.
- **Third party** refers to an individual who is not a University student, faculty member, or staff member (e.g., vendors, alumni/ae, volunteers or visitors).
- **Witness** refers to an individual who may have information relevant to a report of Prohibited Conduct.
- **Days** refers to calendar days, inclusive of weekends, federally recognized holidays and all other days whether the University is open or closed.
- **Reasonable person** refers to a rational person under similar circumstances.
- **Conflict of interest** refers to a situation in which personal or private interests may compromise one’s judgment, decisions, or actions. Conflicts of interest may arise from family, friendships, faculty member relationships, financial investments, or other social factors which create a competing personal interest or obligation.
- **Bias** refers to a tendency, inclination, or prejudice toward/against someone, rather than actual knowledge of an individual or a particular circumstance.

3. **Prohibited Conduct**

Pursuant to this Policy, Butler University prohibits all forms of sexual misconduct. Sexual misconduct is any conduct which falls into the following categories:

**A. Sexual Harassment**

Sexual Harassment is unwelcome conduct on the basis of sex that satisfies the conditions outlined in (1), (2), and/or (3), below. "Unwelcome conduct" may include any unwelcome sexual advance, request for sexual favors, or other unwelcome conduct of a sexual nature, whether verbal, nonverbal, graphic, physical, electronic or otherwise.

1. **Quid Pro Quo.** Conduct by which an employee of the University conditions the provision of an aid, benefit, or service of the University on a student’s or employee’s participation in unwelcome sexual conduct.

2. **Hostile Environment.** Unwelcome conduct that is sufficiently severe, persistent, or pervasive that it unreasonably interferes with, limits, or deprives an individual from participating in or benefitting from the University’s education or employment programs and/or activities. Conduct must be severe, persistent, or pervasive from a subjective and objective perspective. As in other scenarios, the University will evaluate allegations of sexual harassment by examining the totality of known circumstances, including the frequency, nature, severity, location, duration, and context of the conduct. The University recognizes that, in some circumstances, a hostile environment can be created by a single or isolated incident, if sufficiently severe.

3. **Denial of Equal Access.** Unwelcome conduct that a reasonable person would believe is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to a University education program, activity, or event.
B. Domestic Violence
Domestic Violence is any violent or abusive act committed against one’s: current/former spouse, romantic partner with whom they have lived, or the parent of one’s child.

C. Dating Violence
Dating violence is conduct that constitutes violence or abuse committed by a person who is or has been in an intimate relationship with the complainant. The existence of such a relationship shall be determined based on the parties’ statements and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

D. Stalking
Stalking is a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others or suffer substantial emotional distress.

A course of conduct is two or more acts, including, but not limited to, acts in which the respondent directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.

E. Sexual and Gender-Based Discrimination
Sex- or gender-based discrimination is unwelcome conduct based on the person’s sex, gender, sexual orientation, gender identity, or gender expression, including verbal, nonverbal, or graphic acts of aggression, intimidation, or hostility, when such conduct is sufficiently severe, persistent, or pervasive that it interferes with, limits, or prevents an individual from participating in or benefiting from the University’s education or employment programs and/or activities.

When deciding whether the conduct is severe, persistent, or pervasive, the University will consider the totality of the circumstances.

Please note that this Policy distinguishes sex- and gender-based discrimination and harassment from unwelcome conduct of a sexual nature. (See Sexual Harassment Information above).

F. Sexual Exploitation
Any act where one person violates the sexual privacy of another or takes unjust or abusive sexual advantage of another, including but not limited to:

- surreptitiously observing another individual’s nudity or sexual activity or allowing another to observe consensual sexual activity without the knowledge and consent of all parties involved;
- recording, photographing, transmitting, showing, viewing, streaming, or distributing intimate or sexual images, audio recordings, or sexual information without the knowledge and consent of all parties involved;
- providing alcohol or drugs to a complainant with the intent to perpetrate Prohibited Conduct;
- exposing one’s genitals or inducing another to expose their own genitals in nonconsensual circumstances; or
- knowingly exposing someone to or transmitting an STI or HIV.

G. Sexual Assault
Sexual Assault is any sexual contact that occurs without consent. This includes touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching another with any of these body parts, and/or making another person touch you or themselves with or on any of these body parts. Sexual assault includes nonconsensual (a) vaginal penetration by a penis, object, tongue, or finger, however
slight; (b) anal penetration by a penis, object, tongue, or finger, however slight; and (c) any contact between the mouth of one person and the genitalia of another person.

1. **What is Consent?**

Consent is the voluntary, informed, and freely given agreement, through words and/or actions, to participate in mutually agreed-upon acts. Consensual activity happens when each partner willingly and affirmatively chooses to participate.

In evaluating whether consent has been freely given, the University will consider the totality of the circumstances and with reference to a reasonable person in the same or similar circumstances. The University will consider the presence of any force, threat of force, threats, or coercion; whether the complainant was incapacitated; and, whether the communication between the parties would be interpreted by a reasonable person as a willingness to engage in a particular act.

Consent cannot be coerced. Coercion is the use of pressure to compel another individual to initiate or continue sexual activity against an individual's will. Coercion can include a wide range of behaviors, including intimidation, manipulation, threats, and blackmail. A person's words or conduct are sufficient to constitute coercion if they wrongfully impair another individual's freedom of will and ability to choose whether to engage in sexual activity. Examples of coercion include threatening to "out" someone based on sexual orientation, gender identity, or gender expression and threatening to harm oneself if the other party does not engage in the sexual activity.

**Important points regarding consent include:**

- Consent to one act does not constitute consent to another act.
- Consent on a prior occasion does not constitute consent on a subsequent occasion.
- Consent to an act with one person does not constitute consent to an act with any other person.
- The existence of a prior or current relationship does not, in itself, constitute consent; even in the context of a relationship, there must be mutual consent.
- Consent can be clearly withdrawn or modified at any time, and the act must cease immediately once consent is withdrawn. Consent has been clearly withdrawn when a reasonable person would understand, from either their words or actions, that the party no longer wishes to proceed with the sexual act.
- Consent cannot be inferred from silence, passivity, or lack of resistance.

2. **What is Incapacitation?**

Incapacitation is the inability to give consent because the individual is mentally and/or physically helpless, unconscious, asleep, or otherwise unaware that the activity is occurring. This state can be voluntary or involuntary.

The use of substances, such as alcohol or drugs, can lower inhibitions and create an atmosphere of confusion about whether consent is effectively sought and freely given. Incapacitation is a state beyond drunkenness or intoxication. Substance use can impact each individual differently and determining whether an individual is incapacitated requires an individualized assessment.

The University does not expect community members to be medical experts in assessing incapacitation. Individuals should look for the common and obvious warning signs that show that a person may be incapacitated or approaching incapacitation. A person's level of intoxication is not always demonstrated by
objective signs; however, some signs of intoxication may include clumsiness, difficulty walking, poor judgment, difficulty concentrating, slurred speech, vomiting, combativeness, or emotional volatility. A person who is incapacitated may not be able to understand some or all of the following questions: “Do you know where you are?” “Do you know how you got here?” “Do you know what is happening?” “Do you know who you are with?” An individual’s level of intoxication may change over a period of time based on a variety of subjective factors, including the amount of substance intake, speed of intake, body mass, and metabolism. Because the impact of alcohol and other drugs varies from person to person, the amount of alcohol and/or drugs a person consumes may not be sufficient, without other evidence, to prove that they were incapacitated under this Policy.

Another effect of alcohol consumption can be memory impairment or forgetting entire or partial events (sometimes referred to as “black-out” or “brown-out”). A person may experience this symptom while appearing to be functioning “normally,” including communicating through actions or words that seem to express an interest in engaging in sexual conduct. Whether sexual conduct with a person who is “blacked-out” constitutes Prohibited Conduct depends on the presence or absence of the observable factors indicating that a person is also incapacitated, as described above. Total or partial loss of memory alone, may not be sufficient, without other evidence, to prove that a person was incapacitated under this policy.

In evaluating consent in cases of reported incapacitation, where the information is sufficient to raise the possibility that the complainant was incapacitated, the University asks two questions: (1) Did the respondent know that the complainant was incapacitated? and if not, (2) Should a sober, reasonable person in a similar set of circumstances as the respondent have known that the complainant was incapacitated? If the answer to either of these questions is “yes,” the complainant could not consent, and the conduct is likely a violation of this policy.

A respondent’s voluntary intoxication is never an excuse for or a defense to Prohibited Conduct, and it does not diminish the responsibility to determine that the other person has given consent and has the capacity to do so.

H. Retaliation

Retaliation is intimidation, threats, coercion, or discrimination toward any individual covered under this Policy because that individual has made a report or complaint of prohibited conduct, participated or chosen not to participate in a process outlined in this Policy. Retaliation does not include vague criticisms, stray remarks, and petty slights that do not rise to the level of intimidation, threats, coercion, or discrimination; Likewise, the good faith pursuit of civil, criminal, or other legal action, even in response to an initial report under this Policy do not constitute retaliation.

Reports of retaliation may be consolidated into an ongoing Administrative Investigation and Adjudication Process at the discretion of the Title IX Coordinator.

4. Reporting Responsibilities

It is important to understand the different responsibilities of Butler employees under applicable laws, and University Policy. It is the University’s expectation that all employees, other than Confidential Resources, report allegations of sexual misconduct to the Title IX Coordinator. (See below for Confidential Resource Information). Failure to do so could result in disciplinary action. Please note that a party’s desire to keep the allegations confidential does not relieve employees of their reporting obligations. Employees should not investigate matters about the information they receive in order to determine whether the reported
information meets the definitions of misconduct. Employees should simply report all information to the Title IX Coordinator.

A. Confidential Resources

There are some University employees with whom students may speak confidentially concerning Prohibited Conduct. Those individuals are employees who are a licensed medical, clinical, or mental-health professional, or licensed clergy, acting in that professional role in the provision of services to the student.

The following are Confidential Resources:

Unless given permission to disclose more information by the complainant, Confidential Resources will only disclose the type of incident and not personally identifiable information such as the individual’s name or other identifying details to the Title IX Coordinator.

5. Clergy Act Reporting

Pursuant to the Clergy Act, the University includes statistics about certain offenses in its annual security report and provides those statistics to the United States Department of Education in a manner that does not include any personally-identifying information about individuals involved in an incident. The Clergy Act also requires the University to issue timely warnings to the University community about certain crimes that have been timely reported and may continue to pose a serious or continuing threat to campus safety.

6. Emergency Resources and Law Enforcement

Emergency medical assistance and law enforcement assistance are available both on and off campus. Individuals are encouraged to contact law enforcement and seek medical treatment as soon as possible following an incident that may pose a threat to safety or physical well-being or following a potential criminal offense.

Any individual may also access resources located in the local community. These organizations can provide crisis intervention services, counseling, medical attention, and assistance in dealing with the criminal justice system. For a comprehensive list of on- and off-campus resources and support services, see the Resource Guide.

7. Reports to Law Enforcement and the University
An individual may make a report to the University, to law enforcement, or to both. University investigations under this Policy and any law enforcement investigations operate independently of one another. However, under some circumstances the University may cooperate with law enforcement to fully investigate a matter. There are several reporting options:

- Make a report to the Title IX Office by filling out the Online Form, in person, by telephone at (317)-940-6509 or by emailing titleix@butler.edu.
- If on campus, contact the Butler University Police Department for assistance in filing a criminal complaint and preserving physical evidence.
- If off campus, contact local, Indianapolis law enforcement to file a criminal complaint by calling 911.

A complainant always has the right to report, or decline to report, potential criminal conduct to law enforcement.

8. University Reporting
In order to facilitate a safe campus environment, the University offers several options to encourage the reporting of all Prohibited Conduct:
A. Anonymous Reporting
Anyone, including third parties, can make an anonymous report to the University by submitting information on the Butler website: Anonymous Reporting. Depending on the nature of the information submitted, the University’s ability to respond to an anonymous report will likely be limited.

B. Requests for Anonymity or No Action
A complainant may always request that they remain anonymous, that no investigation occur, or that no disciplinary action be taken. The University endeavors to honor the complainant’s wishes. However, there are some limited circumstances in which the University must proceed with an investigation, regardless of the complainant’s wishes, in order to facilitate a safe, non-discriminatory environment, and protect the campus community. In those limited and rare cases, the Title IX Coordinator may decide to proceed with an investigation of Prohibited Conduct. To learn more about these rare cases, see Formal Complaint Signed by Title IX Coordinator.

C. Amnesty
The University will not pursue disciplinary action against a student enrolled at the University who makes a good faith report to the University as a complainant or a witness to an incident of Prohibited Conduct for a violation by the student of the University’s Student Conduct Code. This means that the University will not pursue disciplinary action against a complainant or respondent for disclosure of a violation of University policies concerning the consumption of alcohol or other drugs, where the disclosure is made in connection with a good faith report under this Policy.

D. Timeframe for Reporting
There is no time limit for reporting. Reports under this policy may be made at any time without regard to how much time has elapsed since the incident(s) in question. However, the University encourages complainants to report any violation of this Policy as soon as possible. Doing so maximizes the University’s ability to respond effectively. For example, if the respondent is no longer a student or employee at the time of a report, the University may not be able to take disciplinary action against the respondent.

9. Student Support
Upon receipt of a report of Prohibited Conduct, the University will consult with the parties and provide reasonable and appropriate supportive measures designed to preserve the party’s educational experiences and protect both parties during an investigation. Such measures cannot unreasonably burden the other party or negatively impact either party’s ability to participate in a University event, course, or activity. Supportive measures may be provided at any time after a report is received, regardless of whether an investigation and resolution process has been initiated or completed.

Supportive measures may include:
- counseling;
- academic accommodations, such as extensions of deadlines or other course related adjustments, course schedule changes, late drops, and the ability to transfer course sections (this would include the University’s allowing either party to drop a course in which both are enrolled in the same class section without academic penalty);
- modifications of work schedules, change in work locations, changing working arrangements, or providing other employment accommodations, as appropriate;
- mutual restrictions on contact between the parties (i.e., “no contact directives”);
- residential accommodations, including but not limited to arranging for new housing, or providing temporary housing options, as appropriate;
- leaves of absence;
• assistance in accessing off campus support services;
• escort and other safety planning steps;
• referral to resources that can assist in obtaining a protective order under Indiana law; and/or
• any other measure that can be used to achieve the goals of this policy.

Requests for supportive measures may be made by either party to the Title IX Coordinator, who has the discretion to impose and/or modify any supportive measure, as needed.

A. Accessibility and Disability Support

It is the University’s goal to facilitate an accessible process under this Policy. In compliance with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, the University will make appropriate adjustments to the Title IX process, and/or reasonable accommodations for qualified individuals with properly documented disabilities. If parties anticipate any issues related to the format, materials, or requirements of the process outlined in this Policy, please contact the Title IX Coordinator or Disability Services.

10. Resolution of a Report

After the University receives a report, the Title IX Coordinator will promptly reach out to the complainant to discuss the availability of supportive measures, to explain the process for filing a formal complaint which initiates the University’s investigation into the allegations. A formal complaint may be signed by a complainant or, in limited circumstances, by the Title IX Coordinator when the complainant requests no-action.

If the allegations in the report are outside the scope of this policy, the Title IX Coordinator may refer the matter to another appropriate office or department for resolution under the relevant policy.

A. Formal Complaint signed by Complainant

If the complainant chooses to file a formal complaint, one of the following methods for resolution may be applied:

• Formal Resolution, which involves an investigation and adjudication; and
• Informal Resolution, which includes informal or restorative options for resolving reports.

In either case, the University is committed to providing a prompt, thorough, equitable and impartial resolution of all reported violations of this Policy.

The Title IX Coordinator has the discretion to consolidate formal complaints, for the purpose of resolution, where the allegations arise out of the same facts or circumstances.

B. Formal Complaint signed by Title IX Coordinator

If a complainant does not wish to file a formal complaint regarding Prohibited Conduct under this Policy, the Title IX Coordinator may, in rare cases, exercise discretion to sign a Formal Complaint on behalf of the University and initiate an investigation and an Informal or Formal Resolution process.

In determining whether to exercise the discretion, the Title IX Coordinator will consider the seriousness of the alleged incident; whether the University has received other reports of Prohibited Conduct allegedly committed by the respondent(s); whether the alleged incident poses a risk of harm to others; and any other relevant factors. If, after analyzing these factors, the Title IX Coordinator believes it is necessary, the University will proceed with a formal investigation. In these rare instances, the Title IX Coordinator will
notify the complainant of the University’s decision to investigate the matter. The complainant is welcome but not required to participate in the investigation.

11. Dismissal of a Formal Complaint

When a complainant signs and files a formal complaint, the Title IX Coordinator will first promptly determine whether the alleged conduct alleged would, if proved, constitute Prohibited Conduct under this policy, and if the conduct allegedly occurred in the University’s education program or activity, and if the complainant is participating in or attempting to participate in the University’s education program or activity at the time the complaint is filed. If it appears based upon initial review or upon information gathered during an investigation that a formal complaint does not satisfy and/or no longer satisfies all these criteria, the University may dismiss the formal complaint.

Even if the allegations of a formal complaint fall within the definitions of Prohibited Conduct, the Title IX Coordinator may, but is not required to, dismiss a formal complaint or any allegations therein if at any time during the investigation or resolution process:

* A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
* The respondent is no longer enrolled or employed by the University;
* Specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein; or
* Upon investigation, the Title IX Coordinator no longer finds that the alleged conduct, if proved, would constitute a violation of this Policy.

If a formal complaint is dismissed by the University under the circumstances described above, the University will simultaneously provide to the parties written notice of the dismissal and the reasons for the dismissal, and notice of the parties’ opportunity to appeal such dismissal through the appeal procedures outlined below.

12. Risk Assessment and Emergency Removal

During intake, the Title IX Coordinator will perform a risk assessment to evaluate and resolve any potential safety concerns for either party or the campus community. Where there is an immediate threat to the physical health or safety of any student, the University can remove the respondent from its education program or activity, employment or any activity at the University and issue any necessary no-trespass and no-contact orders.

If the University institutes an emergency removal, the respondent’s ability to be present on University property and participate in University-related activities will be limited. When information indicates that emergency removal may be warranted, the Title IX Coordinator will refer that information to the appropriate decisional authority for consideration.

The appropriate decisional authority is determined by the status of Respondent, as described below.

A. Emergency Removal of Students

In combination with the Title IX Coordinator, the Dean of Students or designee has the discretion to institute emergency removal of a student and to determine the terms of such removal.
Notice of emergency removal will be provided to the student in writing. Upon receipt of notice, the student will be expected to comply with the terms of the removal immediately. The student may petition the Dean of Students for reinstatement. This petition must be made in writing and must articulate why the student does not pose a threat to the physical health or safety of any other individual. The Dean of Students or designee may choose to uphold the emergency removal, modify its terms, or lift it entirely. Failure to comply with the terms of an emergency removal may result in additional disciplinary action.

B. Emergency Removal of Staff

The leader of Human Resources has the sole discretion to institute emergency removal of a staff member and to determine the terms of such removal. Notice of emergency removal will be provided to the staff member in writing. Upon receipt of such notice, the staff member will be expected to comply with the terms of the removal immediately. The staff member may petition the leader of Human Resources for reinstatement. This petition must be made in writing and must articulate why the staff member does not pose a threat to the physical health or safety of any other individual. The leader of Human Resources may choose to uphold the emergency removal, modify its terms, or lift it entirely. Failure to comply with the terms of an emergency removal may result in additional disciplinary action.

The University always maintains the discretion to place employee respondents on paid or unpaid administrative leave during the pendency of an investigation and resolution process.

C. Emergency Removal of Faculty

The Dean of the faculty member’s academic unit or designee has the sole discretion to institute emergency removal of a faculty member and to determine the terms of such removal. Notice of emergency removal will be provided to the faculty member in writing. Upon receipt of such notice, the faculty member will be expected to comply with the terms of the removal immediately. The faculty member may petition the Dean or designee for reinstatement. This petition must be made in writing and must articulate why the faculty member does not pose a threat to the physical health or safety of any other individual. The Dean or designee may choose to uphold the emergency removal, modify its terms, or lift it entirely.

D. Emergency Removal of Third Parties

The Title IX Coordinator has the sole discretion to institute emergency removal of a third party, including affiliates and guests other than those covered in the previous three sections, and to determine the terms of such removal. Notice of emergency removal will be provided to the third party in writing. The individual will be expected to comply with the terms of the removal immediately or risk becoming permanently prohibited from entering University property.

13. Informal Resolution

Informal Resolution is a voluntary and remedies-based resolution option. Informal Resolution may be pursued instead of Formal Resolution at the request and agreement of both parties and as deemed appropriate by the University. The Title IX Coordinator will assess the request for Informal Resolution in light of factors such as, but not limited to, the stated goals of the requesting party, the severity of the alleged violation, and the potential risks to campus community members posed by the reported misconduct. Parties engaged in Formal Resolution may also request to end Formal Resolution and begin Informal Resolution at any time prior to the Decision-maker’s written determination regarding responsibility being shared with the parties.
Participation in Informal Resolution is voluntary and either (or any) party can request to end Informal Resolution at any time prior to signing a written Informal Resolution Agreement. Additionally, the Title IX Coordinator can end Informal Resolution if the Coordinator determines it is no longer an appropriate avenue for resolution of a given report. If Informal Resolution is stopped prior to completion, information that is shared with or documented by the facilitator of the Informal Resolution will not be shared with the investigator, in the event that Formal Resolution is initiated or resumed. A party’s willingness to participate in Informal Resolution will not be considered as evidence in Formal Resolution.

Informal Resolution may involve the party’s agreement to appropriate and reasonable remedies in a mediation in which the parties are separated throughout or in a facilitated, direct conversation setting.

The Title IX Office will maintain records of all reports and conduct referred for Informal Resolution. While the University will seek to honor confidentiality of the parties’ communications with the facilitator during the Informal Resolution process to the extent necessary to facilitate the resolution, the University may share information discussed or created during this process, for example, in response to a judicial subpoena or a FERPA educational record request. However, if the respondent is found responsible for any violations of this policy in the future, information regarding the prior report processed through Informal Resolution may be used in the sanctioning phase for the subsequent report, provided that the respondent is granted the opportunity to address the prior report. If Informal Resolution is stopped prior to a resolution being reached, statements made by a party in Informal Resolution may not be used in a Formal Resolution process related to that matter.

If a party requests the initiation of an Informal Resolution process and the Title IX Coordinator agrees that the matter is appropriate for Informal Resolution, the Title IX Office will provide to each party a written notice that discloses the allegations, the requirements of the Informal Resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties’ right to withdraw from Informal Resolution and resume or initiate Formal Resolution with respect to the formal complaint, and information about maintenance of records or how records could be shared.

The matter will be deemed resolved if and when the parties expressly agree in writing to an outcome that is acceptable to them, and which is approved by the Title IX Coordinator (in consultation with other appropriate University administrators as necessary). Upon signing a resolution agreement, neither party may initiate a Formal Resolution process regarding the same factual allegations, and the parties agree to comply with the terms of the resolution agreement. Failure to comply with a resolution agreement, once signed and approved, may result in disciplinary consequences, which may include the University placing an appropriate hold on the student’s account until the terms of the agreement are met, or employment discipline up to and including termination.

The University will not offer or facilitate an Informal Resolution process to resolve allegations that an employee engaged in Prohibited Conduct against a student.

14. **Formal Resolution**

The formal resolution process involves an investigation and hearing prior to the issuance of a finding of responsibility under the policy and imposition of any sanctions. During this process, parties have equal rights, including the opportunity to receive a written notice of investigation; to participate in the investigation; to review and present information and evidence; to be accompanied by an advisor of their choice to any meeting; to timely and equally access information; to timely notice of meetings at which
their presence will be requested or required; to simultaneous written notice of the determination, rationale, and, as appropriate, any sanction; and to an appeal of the finding.

Determinations regarding responsibility by decision-makers will be made by a preponderance of the evidence. A preponderance of the evidence means that based on all relevant evidence and reasonable inferences from the evidence, the greater weight of information indicates that it was more likely than not the alleged policy violation occurred. Evidence is relevant if it has a tendency to make a fact more or less likely than it would be without the evidence, and the fact is of consequence in the decision-maker’s determination.

Respondent will be presumed not responsible. This means that the University will not treat respondent as though they are responsible for violating this Policy prior to a finding of responsibility. No party or participant will be viewed as credible or not credible simply based on their status as complainant, respondent, or witness.

The burden of proof and the burden of gathering evidence rests on the University. Parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other evidence. Parties are not restricted in their ability to gather and present relevant evidence.

A. Notice of Complaint and Formal Resolution

The Title IX Coordinator will provide the parties with written notice of the details then known of the Prohibited Conduct, the use of advisors, the gathering and preservation of evidence and information about the University’s resolution process.

If, in the course of an investigation, the University decides to investigate allegations about any party that are not included in the notice described above, it will provide notice of the additional allegations to the parties whose identities are known.

When a Notice of Investigation is issued, appropriate campus departments such as Athletics and/or Human Resources may be notified, and respondents may be subject to applicable policies under those offices, which are not under the purview of the Title IX Coordinator.

B. The Investigation

In cases that will be investigated, the Title IX Coordinator will appoint one or more investigators (referred to in this policy as “the investigator”) to conduct a prompt, thorough, fair, and impartial investigation. The investigator may be a University employee and/or an experienced external investigator depending on the circumstances and availability. Any investigator used by the University will receive annual training on the issues related to Prohibited Conduct, and on how to conduct an unbiased investigation.

After the Title IX Coordinator identifies an investigator, the parties may, within three days of such notice, object to the service of the investigator by providing a written statement (which may be transmitted electronically) as to why the party believes that the investigator has a conflict of interest or bias. The Title IX Coordinator will inform the parties of the decision regarding an objection to the appointment of an alternate investigator, with reasonable promptness.

During the investigation, the Investigator will meet with both parties and may meet with witnesses and collect any and all relevant evidence provided by the parties and witnesses. The investigator will review all
information identified or provided by the parties, and witnesses, to determine the relevance, and probative value of the information. In general, the investigator will not gather personal opinion or statements as to any party’s general reputation for any character trait. Witnesses may not participate solely to speak about an individual’s character. The investigator has discretion to determine which witnesses to interview and will consider requests or recommendations for witnesses made by the complainant and respondent. In situations in which multiple people were all eyewitnesses to the same event, the investigator may interview a sampling of the witnesses rather than every person.

Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.

The investigator will provide periodic updates to the parties about the status of the investigation.

C. The Investigative Report

1. The Preliminary Investigation Report

The investigator will prepare a report of all findings during the investigation process and provide each party with an equal opportunity to review any evidence obtained as part of the investigation that is directly related to the allegations raised, including the evidence upon which the University may not rely in reaching a determination regarding responsibility and/or which the investigator does not deem relevant.

The complainant and the respondent will have an opportunity to concurrently review such information and may, within five (5) days, submit a written response to the investigator. The parties’ written responses will be considered by the investigator prior to completion of the investigative report, and some or all of the responses may be attached or otherwise incorporated into the final investigative report. In the event that new, relevant information is provided or identified at this stage, the information will be incorporated into the investigative report as deemed appropriate by the investigator.

2. The Final Investigative Report

The investigator will thoroughly address the responses of each party and promptly prepare a final investigative report, which will summarize and include relevant evidence. The parties may provide a written response to the investigative report within five (5) days of the issuance of the final investigative report.

The investigative report and the parties’ written responses, if any, will be provided to the decision-maker in advance of the hearing.

D. The Formal Hearing

1. Hearing Notice(s)

The Title IX Coordinator will provide the parties with at least ten (10) days notice of a hearing, in most cases. However, these timelines may be modified when necessary, with notice to the parties. For example, hearings may occur sooner when an academic term is ending. Conversely, delays may occur when the University is closed, during academic breaks or for other reasons necessitating a delay. The proceedings may be delayed or paused when there are concurrent criminal proceedings and the prosecutor or defense
counsel for respondent request such a pause. The parties will be promptly notified of any modification to
the intended timeline.

Please note that students will receive excused absences from classes to participate in a Title IX hearing.

Witnesses are restricted to individuals already interviewed in the investigation. The University cannot
compel a witness to participate in a hearing but will provide witnesses notice of the hearing date and
information on how to attend.

Hearings will be presided over by a “decision-maker”, who will make the decision by a preponderance of
the evidence as to whether the respondent violated the policy provisions at issue. The decision-maker has
broad authority to determine what information and evidence will be heard, what information and questions
are relevant to the determination of the matter, and what cross-examination questions will be permitted
during the hearing.

Decision-makers will be appointed by the Title IX Coordinator. The Title IX Coordinator will identify the
decision-maker in advance of the hearing, and parties may, within three (3) days of such notice, object to
the service of the decision-maker by providing a written statement as to why the party believes that the
decision-maker has a conflict of interest or bias. The Title IX Coordinator will make decisions regarding
such objections and the appointment of an alternate decision-maker. Parties and their advisors are prohibited
from contacting the decision-maker for any reason prior to the full conclusion of the resolution process. In
addition, parties and their advisors are prohibited from contacting the decision-maker about the resolution
process after its completion.

2. Hearing Advisor(s)

Each party may have an advisor of their choice present at a hearing for the limited purpose of conducting
cross-examination on behalf of that party. Advisors may be, but are not required to be, attorneys. If a party
does not have an advisor of their choice present at a hearing, the University will, without fee or charge to
the party, provide an advisor of the University’s choice. All advisors will receive a mandatory training
on Butler’s Policy, and proper hearing conduct prior to participation in any Title IX matter. All
advisors must sign an acknowledgment of the training contents prior to assignment or participation.

Parties may prepare questions for assigned advisors to relay to the other parties and/or witnesses; the
assigned advisor’s role is limited to relaying questions drafted by their party. At a time and manner deemed
appropriate by the decision-maker, the advisor for each party will be permitted to ask the other party and
any witnesses all relevant questions and follow-up questions, including those challenging credibility.
Except for that limited role, advisors may not participate actively in the hearing and may not speak or
otherwise communicate on the part of their advisee. However, the advisor may consult privately in a non-
disruptive manner during the hearing, or with their advisee during a recess in the hearing. Scheduling
accommodations generally will not be made for advisors. The University reserves the right to take
appropriate action regarding any advisor who disrupts the process, or who does not abide by the restrictions
on their participation as determined in the sole discretion of the decision-maker, which may include
exclusion of the advisor from the hearing and the appointment of an alternate University-provided advisor.

3. Hearing Procedure(s)

Before the hearing, the decision-maker will receive a copy of the investigative report, any attachments
thereeto, and copies of the parties’ written responses to the investigative report, if any. That information will
be part of the information to be considered by the decision-maker.
Formal rules of evidence do not apply to hearings conducted by the University. Therefore, decision-makers have great latitude in conducting hearings.

Before a complainant, respondent, or witness answers a cross-examination question, the decision-maker will first determine whether to permit the question. Neither advisors, nor parties are permitted to object to decision-maker’s determination of relevance during a hearing.

Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent. Information protected under a legally recognized privilege (such as, for example, privileged communications between a party and their physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in a treatment capacity, or privileged communications between a party and their attorney), will not be admitted unless the person holding the privilege has waived the privilege.

The decision-maker may at their discretion consider statements of a party or witness made before or at a hearing and/or other information, regardless of whether the party or witness appears at or answers some or all cross-examination questions at a hearing. The decision-maker will determine the appropriate weight for such information based on the totality of available relevant evidence. The decision-maker will not draw an inference about the determination regarding responsibility based solely on a party’s or witness’s absence from the live hearing or refusal to answer cross-examination or other questions.

At the discretion of the decision-maker, parties will be given an opportunity to make a closing statement at the conclusion of the hearing.

The University will create a transcript or recording of any live hearing and make it available to the parties for review upon request. No other individuals may record the hearings—this includes parties themselves, and their respective advisors. Moreover, copies of the live hearing will not be made available to third-parties, including legal representatives, unless compelled by court order.

E. Determination(s) of Responsibility and Findings

After the hearing, the decision-maker will promptly prepare and issue a written determination regarding responsibility and any sanctions, if applicable. In determining responsibility, the decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the Prohibited Conduct section(s) of this policy, and of any other University policy sections considered in the investigation, alleged to have been violated;
- A description of the procedural steps taken from the receipt of the complaint through the determination, including but not limited to, as applicable, any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the University’s definitions of Prohibited Conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility; and
• Identification of the University’s procedures and permissible bases for the complainant and respondent to appeal (as outlined below).

The determination regarding responsibility becomes final either on the date that the University provides the parties with the written determination of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which the appeal would no longer be considered timely. If the decision-maker finds the respondent responsible for behavior that violates this Policy, sanctions shall be assigned by the decision-maker as outlined below.

F. Sanctions

Sanctions may include any of the sanctions that are listed below or as set forth in the University’s Code of Student Conduct.

The decision-maker has latitude to recommend sanctions tailored to the facts and circumstances of each case. The imposition of sanctions is designed to eliminate Prohibited Conduct, prevent its recurrence, remedy its effects, and restore or preserve the complainant’s equal access to University education programs or activities, while supporting the University’s educational mission. Sanctions may include educational, restorative, rehabilitative, and punitive components. Some conduct, however, is so egregious in nature, harmful to the individuals involved, and/or so deleterious to the educational process that it requires severe sanctions, including suspension or expulsion. The decision-maker will review the facts and recommend sanctions to the Title IX Coordinator. The Title IX Coordinator will defer the decision-maker’s recommendation, except where a panel of decision-makers renders recommendations are inconsistent with one another. In that case, the Title IX Coordinator will impose only those consistent sanctions.

In determining the appropriate sanction, the decision-maker may consider factors including but not limited to the following:

• the nature and violence of the conduct at issue;
• the impact of the conduct on the complainant;
• the impact or implications of the conduct on the community or the University;
• prior misconduct by the respondent, including the respondent’s relevant prior disciplinary or criminal history (if available);
• maintenance of a safe and respectful environment conducive to learning;
• protection of the University community; and
• any other mitigating, aggravating, or compelling circumstances in order to reach a just and appropriate resolution in each case.

1. Student Sanctions.

Sanctions may be imposed individually or in combination. For violations of this policy, the following sanctions, listed in ascending order of severity, may be imposed:

• **Warning Letter**: An official letter sent to a student who has violated a University rule or policy or to whom a letter should be sent to warn a student regarding failure to comply with University rules or regulations in the future. A copy of this letter shall be placed in the student’s conduct file.

• **Disciplinary Probation**: A period of observation and review during which a student must demonstrate a willingness and ability to comply with all University regulations. The terms of the
probation shall be for a specified period and may include restriction on participation in leadership roles and co-curricular activities, among other stipulations.

- **Residential or Other Facilities Restrictions or Removal:** Restriction or removal from residence halls or other campus facilities as designated in the written notification. No refunds will be given to a student who is removed from the residence halls or who is otherwise limited in their ability to utilize campus facilities or amenities.

- **Withholding of Degree:** In cases involving seniors or graduate students in their final semester, the University may withhold a student's academic degree for a specified period of time. This penalty is imposed instead of suspension at the end of senior year or final year of graduate study when all other degree requirements have been met. The sanction of withholding a degree may also occur if an expulsion-level offense occurs after all other degree requirements have been met but before the degree is conferred.

- **Suspension:** The student is suspended from continuing at the University for a specified period. While a suspension is in effect, a student may not, without the expressed permission of the Dean of Students: (a) Attend classes, or participate in any University-sponsored event or activity; or (b) Be present on University-owned or affiliated property, including University approved housing units. To be considered for return, a suspended student 1) must meet all stipulations outlined in their sanction letter and 2) must receive approval from the Dean of Students and the Title IX Coordinator.

- **Dismissal:** The student is dismissed permanently from the University. This sanction is noted on the student's transcript (See Student Conduct Records). Dismissed students are permanently trespassed from University property.

2. **Additional Remedies**

The decision-maker may recommend additional remedies such as training or volunteer activities. Extended supportive or other measures may be included in the sanctions. The Title IX Coordinator will review the remedies recommended by the decision-maker and will consider the appropriateness of continuing supportive measures on an ongoing basis. The decision maker may suggest additional remedies in combination with the preceding sanctions. Additional Remedies include but are not limited to:

- **Community Service:** Community service up to ten (10) hours per week may be added to disciplinary probation for a portion or duration of the probationary period or following a warning.

- **Restriction of Access to Space, Resources, and Activities:** When appropriate, restrictions may be placed on access to space and/or resources or on participation in activities so as to limit opportunities for contact between the parties.

- **Educational Programs:** In addition to any of the sanctions listed above, a student may be required to participate in educational programs.

3. **Employee Sanctions**

In cases where the respondent is a University employee, in accordance with the University policies and procedures, the sanctions will be determined by the leader of Human Resources.

The University may issue interim or administrative measures such as restriction of access to space, resources and activities, and/or no contact directives at its discretion even where no policy violation has been investigated or charged, and/or where no policy violation has been found.

4. **Other Information about Sanctions**
In most cases, sanctions will be suspended during the period of any appeal. However, the University reserves the right to remove an dismissed or suspended student immediately following receipt of the decision from the decision-maker in cases where student safety requires the same. In order to determine whether this is necessary, on a case-by-case basis, the Title IX Coordinator will perform a risk analysis akin to the Emergency Removal Analysis.

In cases adjudicated prior to the last day of classes, if the final sanction is dismissal from the University, the granting of credit for the semester and/or the awarding of a degree will be at the discretion of the decision-maker.

A student who is dismissed from the University for a violation of this policy will have the notation “Ineligible to Reenroll” placed on his or her academic transcript. On request by the student, the University may remove the notation from the academic transcript if (1) the student becomes eligible to reenroll, or (2) the University determines that good cause exists to remove the notation. Such requests should be directed to the Title IX Coordinator in writing. The removal of the notation from the academic transcript shall not require the University to make any modification to the student’s disciplinary records at the University.

G. Other considerations in the Formal Resolution Process

1. Expectation of Good-Faith

All University community members are expected to provide truthful information in any report or proceeding under this policy, and to cooperate fully with the investigation and resolution procedures. It is understood that there may be circumstances in which a complainant or respondent wishes to limit their participation, and the University will respect the choice of the complainant or respondent as to how to engage in proceedings under this policy.

If a complainant or respondent chooses not to answer any or all questions, or otherwise participate in an investigation for any reason, the University will evaluate whether to continue the disciplinary process. The University will not draw any adverse inference from a complainant’s or respondent’s decision not to participate in the investigation or any form of resolution under this policy; however, the complainant or respondent should be aware that declining to participate in the investigation may impact the timing and outcome of the case.

Appeals

Either party to a matter covered by this Policy may file an appeal from: 1) a determination regarding responsibility; and/or 2) the Title IX Coordinator’s dismissal of a formal complaint or any allegations therein from the Formal Resolution process, on the following grounds:

a. Procedural irregularity that affected the outcome of the matter;

b. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;

An appeal must be submitted in writing to the appellate officer within seven (7) days of a Finding of Responsibility. The appellate officer will be appointed by the Title IX Coordinator, and identified at the time the Finding of Responsibility is rendered. Parties may, within three days of such notice, object to the appellate officer by providing a written statement as to why the party believes that the appellate officer has a conflict of interest or bias. Prior awareness of the matter by the appellate officer will not form a basis for disqualification of the appellate officer. The Title IX Coordinator will make the final decision regarding
such objections and the appointment of an alternate appellate officer. The appellate officer will not be the same person as the decision-maker, the investigator, or the Title IX Coordinator. Parties and their advisors are prohibited from contacting the appellate officer for any reason prior to the full conclusion of the resolution process.

Upon receipt, the appellate officer will make an initial determination as to whether any allegations contained in the appeal, if true, would constitute grounds for an appeal under this Policy. If a valid grounds for an appeal have been asserted, the Title IX Coordinator will notify the other party in writing that an appeal has been filed. The other party has five (5) days to submit a statement in support of the written determination and/or in opposition to the appeal. Any such statement will be shared with the party who filed the appeal, and their advisor. If no valid ground is found, the appellate officer will notify the party seeking the appeal of its denial.

After all information is received, the appellate officer will issue a written decision describing the result of the appeal and the rationale for the result, and the University will provide the written decision simultaneously to both parties. The appellate officer’s decision on any appeal is the final step in the adjudication process, except as provided in such decision. The appellate officer may deny the appeal, or if one or more of the appeal grounds is meritorious may:

1. return the case to the original decision-maker for reconsideration; or
2. appoint an alternate decision maker to review the case; or
3. change or modify the decision.

It is the responsibility of the appellate officer to determine which if any aspects of the case merit a new review, and to direct the Title IX Coordinator accordingly. The Title IX Coordinator will provide the written decision to the Parties simultaneously.

The decision made by the appellate officer to grant or deny the appeal is final.

15. Record Retention

In accordance with the record retention policy of both the Title IX Coordinator and Student Affairs Office, the Title IX Coordinator will maintain records of all cases. Findings of responsibility will also be included in a student’s disciplinary record maintained by the Dean of Students Office and/or an employee’s personnel records in Human Resources.

16. Violations of Law

Conduct that violates this policy also may violate the laws of the local jurisdiction in which the incident occurred and subject a respondent to criminal prosecution by the presiding authority, or under applicable Indiana law. Where the University has jurisdiction to investigate and address reported conduct that would constitute conduct prohibited by this policy, the definitions and standards in this policy will apply for purposes of University discipline, regardless of the definitions of various crimes used in the laws of the locality where the conduct allegedly occurred.

17. Annual Review

This policy is maintained by the Office of the Title IX Coordinator. Butler University will review this policy on an annual basis, or otherwise as needed.
This report was prepared by the Butler University Department of Public Safety with additional information from various University offices. Questions or comments can be directed to Lt. Jeffrey Wager at 317-940-6584 or jlwager@butler.edu
