Who is eligible to enroll?

All registered International Undergraduate students taking credit hours are automatically enrolled in this insurance plan on a mandatory basis. All registered Graduate students and Domestic Undergraduate students taking 12 or more credit hours are automatically enrolled in this insurance plan on a hard-waiver basis.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student’s legal spouse and dependent children under 26 years of age.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   a. On the date the Named Insured acquires a legal spouse
   b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

How do I enroll?

All F1 and J1 Visa status international undergraduate students are required to be enrolled in the Butler University sponsored Student Injury & Sickness Insurance Plan regardless of the number of credit hours taken.

All full-time degree-seeking Graduate students and Domestic undergraduate students enrolled in 12 or more credits at Butler University are automatically enrolled in and billed for the Student Injury and Sickness Plan. Students who are currently enrolled in a health insurance plan of comparable coverage can elect to waive the Student Injury and Sickness Plan. Fulltime undergraduate students will be asked annually to provide proof of comparable coverage in order to waive the Student Injury and Sickness Plan.

Online Enrollment / Waiver Process

To document proof of comparable coverage or enroll in the Student Health Insurance Plan an online waiver or enrollment form must be completed and submitted by established deadlines.
Instructions on how to access the online waiver system can be located at http://legacy.butler.edu/health-services/student-health-insurance/

The online process is the only accepted process for enrolling or waiving coverage. Butler University reserves the right to audit and subsequently reject a waiver request. If it is determined that a student waived coverage with a health insurance plan that was not comparable coverage, the student will be automatically enrolled in the Student Injury and Sickness Plan, effective the date that the determination was made and there will be no prorata of premium. In the event students waive the Student Injury and Sickness Plan and then lose current coverage due to a qualifying event, (i.e. parent loss of coverage or the maximum age limit available is attained), students have the right to petition to add coverage within 31 days of the qualifying event. If the petition is received within 31 days of the qualifying event, there will be no break in coverage. For petitions received after the 31 days, the effective date of coverage will be the date that the petition is received. If approved, the premium will not be prorated.

Where can I get more information about the benefits available?
