A MESSAGE FROM THE PRESIDENT

Dear Butler Community,

Butler University is defined by our “Community of Care” commitment we have for each other. It’s important to maintain a safe and vibrant campus atmosphere to ensure we attract the best students, faculty, and staff to our institution. While Butler is fortunate to be part of a peaceful neighborhood in a stable city, no campus can be fully protected from the realities of modern life.

Our Public Safety staff does everything they can to ensure our safety, we as individuals also bear some responsibility. That’s why, each year, I ask the incoming class of first-year students to take the Butler Pledge to look out for one another. It’s important that everyone understands the importance of bystander intervention. When something looks wrong, I encourage you to act. Get involved by knowing the many resources you can utilize for your safety and the safety of others.

This report will acquaint you with all the facts about safety and security on the Butler campus so that you, too, can be involved in our efforts. The report follows the University’s established practice of openly reporting incidents and current policies and procedures to our community. We believe that accurate and full reporting is vital to a safe campus. The more we know, the more effective all of us can be in supporting a safe and protected environment.

The Department of Public Safety compiled the information found in this report. Read through it, examine the statistics, and consider the sound advice of our University Police Department.

Thank you for helping to continue the fine tradition of cooperation that makes Butler a safe and caring place.

Sincerely,

James M. Danko
President, Butler University

Butler works closely with local, state, and federal officials to enhance our efforts to protect the campus and surrounding neighborhood. This report, the annual fire safety report for campus housing, and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are tools to help keep you informed and safe. Your involvement is key to their effectiveness.

This report outlines the commitment of our University public safety employees to ensure a safe campus environment. Please visit our website at butler.edu/bupd to view up-to-date statistics, our daily crime log, and information on our safety programs. You can also contact me if you have any questions or concerns.

Cordially,

John Conley
Chief of Public Safety

This report is intended to provide valuable information regarding procedures the University has developed in partnership with members of the community to maintain a safe campus environment. Sidebars contain contact information from various directors for the Department of Public Safety, crime and fire prevention tips, Butler University Department of Public Safety in the media, as well as other important information. To find out more about any information in this document or about the department, please visit our website at butler.edu/bupd.
THE CLERY ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, commonly known as the Clery Act, requires colleges and universities to:

• Publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements.
• Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibility for student and campus activities.”
• Provide “timely warning” notices of those crimes that have occurred and pose a “serious or continuing threat to students and employees.”
• Issue an emergency notification upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus.
• Disclose in a public crime log, “any crime that occurred on campus or within the patrol jurisdiction of the campus police and is reported to the campus police.”
• Maintain in a public fire log, a record of any fire that occurred in an on-campus student housing facility.

UNIVERSITY DEPARTMENT OF PUBLIC SAFETY

The Butler University Department of Public Safety is responsible for the security of the campus and the safety of diverse community groups, including a combined enrollment of more than 5,148 undergraduate and graduate students for the 2017-2018 academic year and 1,879 full-time and part-time faculty/staff on campus. The department has a staff of 33 employees.

The department reports to the Chief of Public Safety/Chief of Police and is a division of the Office of Finance and Administration. The Chief of Public Safety/Chief of Police reports directly to the Vice President of Finance and Administration.

Command staff consists of an Assistant Chief of Police and an Assistance Chief of Administration. The Associate Director of Emergency Preparedness and Training coordinates emergency preparedness planning and training for the Department of Public Safety.

The Department of Public Safety, which houses the University Police Department, is located on campus at 525 W. Hampton Drive. Officers work 24 hours a day, seven days a week, 365 days a year.

The Office of Parking Services is part of the Department of Public Safety. The Office is headed by the Associate Director of Parking and Transportation who reports to the Chief. Contact information can be found to the left.

UNIVERSITY LAW ENFORCEMENT AUTHORITY

CAMPUS LAW ENFORCEMENT POLICIES

University Police officers are appointed under Indiana code 21-17-5-4 with law enforcement authority and are available 24 hours a day throughout the year. They are graduates of the Indiana Law Enforcement Academy and have general police powers, including the power to arrest. The Board of Trustees pursuant to Indiana code establishes the legal jurisdiction of the University Police Department.
Officers patrol campus-owned and controlled property and a radius surrounding campus that extends to 42nd Street to the south, 52nd Street to the north, Graceland Avenue to the east, and Michigan Road to the west.

The University Police Department conducts annual training to meet state-mandated requirements. These areas vary from year to year and include firearms, physical tactics/use of force, police vehicle operation, mental illness, addiction and disabilities, Autism, Alzheimer’s, dementia, high risk missing persons, human trafficking, cultural diversity awareness, family violence (including child abuse, endangered adults), SIDS, CPR, Heimlich Maneuver and other law enforcement related topics.

The Department of Public Safety contracts with non-sworn security officers for special events and work details. Indianapolis Metropolitan Police Department (IMPD) Officers will be hired to work various events on campus. IMPD officers have the authority to make arrests and the security officers have the authority to enforce University policy.

Butler University has no legal agreement or memorandum of understanding with any outside law enforcement agency. At various times throughout the academic year, the Indiana State Excise Police will patrol, work events, or assist on special details. The Indiana State Excise Police are charged with enforcement of statutes and rules for the Indiana Alcohol and Tobacco Commission.

When a Butler University student is involved in an off-campus offense, University police officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Indianapolis Metropolitan Police routinely work and communicate with University Police on any serious incidents occurring on campus or in the immediate neighborhood surrounding campus. Butler University operates no off-campus housing or off-campus student organization facilities. While IMPD has primary jurisdiction in all areas off campus, Butler officers often respond to incidents that occur in close proximity to campus.

Both the University Police Department and IMPD use the Indianapolis Public Safety Communications System to dispatch calls for service. The University Police Department has a separate report management system, but has access to the City of Indianapolis computer-aided dispatch terminals for increased efficiencies and assistance.

Students, employees, and visitors are subject to all local, state and federal laws, in addition to campus policies, procedures and regulations. University Police officers may arrest individuals when probable cause exists that a violation of law has occurred. For violations of University policies, reports may be referred to the Office of the Vice President for Student Affairs or the Office of Associate Vice President for Human Resources for conduct action. Local police agencies may provide assistance to the University for any emergency that might require additional police services.

REPORTING CRIMINAL ACTIONS AND OTHER EMERGENCIES

We encourage all students, employees, and guests to accurately and promptly report criminal incidents, accidents, and other emergencies to the University Police Department at 525 W. Hampton Drive, 317-940-BUPD (2873) (non-emergency) or 317-940-9999 (emergency), or report to local law enforcement agencies, either by phone at 911 or in person. Crimes should be reported to the University Police Department for inclusion in the annual statistical disclosure of crimes as well as for assessment for a Timely Warning or Emergency Notification.

Reports of sexual assaults, domestic violence, dating violence, and stalking should be reported to the University Police Department or the Title IX Coordinator.

REPORTING CRIMINAL ACTIONS AND OTHER EMERGENCIES

We encourage all students, employees, and guests to accurately and promptly report criminal incidents, accidents, and other emergencies to the University Police Department at 525 W. Hampton Drive, 317-940-BUPD (2873) (non-emergency) or 317-940-9999 (emergency), or report to local law enforcement agencies, either by phone at 911 or in person. Crimes should be reported to the University Police Department for inclusion in the annual statistical disclosure of crimes as well as for assessment for a Timely Warning or Emergency Notification.

Reports of sexual assaults, domestic violence, dating violence, and stalking should be reported to the University Police Department or the Title IX Coordinator.
Additionally, incidents can be reported to any University police officer. The University has several two-way call stations (blue light phones) around campus and its vicinity for use during emergencies. By pressing the red button on the stations, users are immediately connected with the University Police Communication Office. In response to reports of emergencies or criminal actions, the University Police Department will respond to reports of crimes and other emergencies and vigorously investigate all reported incidents. This includes confidential reports (where the reporting parties’ names are known but not released.)

Butler University encourages accurate and prompt reporting of all crimes to the University Police Department and/or the Indianapolis Metropolitan Police Department.

Daily crime logs containing the time, date, general locations, and disposition (if known) of all reported incidents are available to the public by visiting the University Police Department office or at: butler.edu/bupd/daily-crime-log. Information from crime reports is analyzed to identify emerging crime trends and allocate resources more efficiently.

VOLUNTARY CONFIDENTIAL REPORTING

A victim of a crime, who does not want to pursue action within the criminal justice system or through Butler University, may still consider making a confidential report. The purpose of a confidential report is to comply with a victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. With such information, the University can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger through issuance of a Timely Warning. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

Confidential reporting of a crime may be done on the University Police Department “Silent Watch Reporting” website at: formstack.com/forms/butler-bupd_silent_watch_reporting.

ADDITIONAL INDIVIDUALS TO WHOM A CRIME CAN BE REPORTED

Under the Clery Act, several individuals have been designated as Campus Security Authorities (CSA). A campus security authority is an official of an institution who has significant responsibility for student and campus activities, including, but not limited to student housing, student discipline, and student conduct proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

The “live-in” staff—the Residence Life Coordinators and the Resident Assistants—who are designated as a CSA also have established procedures to assist in responding to criminal actions or other emergencies. As soon as possible, all emergencies and criminal actions involving students are brought to the attention of the Dean of Student Life and/or Dean of Student Services, who provides either appropriate follow-up or student conduct action.

Campus “Pastoral Counselors” and campus “Professional Counselors” are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. They are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

A Pastoral Counselor is defined as:
An employee of an institution who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and who is functioning within the scope of that recognition as a pastoral counselor.

A Professional Counselor is defined as:

An employee of an institution whose official responsibilities include providing mental health counseling to members of the institution’s community, and who is functioning within the scope of the counselor’s license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling at the institution.

TIMELY WARNING PROCEDURES

In the event a Clery Act crime is reported to campus security authorities or local police, the crime has occurred on Butler Clery Act geography, and is considered to represent a serious or continuing threat to students and employees, a timely warning will be considered by the Chief of Public Safety or his/her designee. The decision to issue a timely warning will be made on a case-by-case basis using the following factors:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of comprising law enforcement efforts

Sex offenses are also considered on a case-by-case basis with the information forwarded to a group consisting of Chief of Public Safety, Vice President of Student Affairs, University General Counsel, Title IX Coordinator and BUPD Investigation Section. This group will evaluate known information to determine if a timely warning is appropriate.

Cases involving property crimes are generally exempt from timely warning. However, they will be assessed on a case-by-case basis and alerts will typically be sent if there is a discernible pattern of crime. The Chief of Public Safety or designee reviews all reports to determine if there is an ongoing threat to the community and if the distribution of a timely warning is warranted.

Crimes reported to a pastoral or professional counselor are exempt from the timely warning requirement.

Timely warnings will be provided to students and employees in a manner that is timely, that withholding the names of victims as confidential, and contains information that will aid in the prevention of similar occurrences.

The timely warning is generally written by the Chief of Public Safety. In addition to distributing the warnings, using the systems below, the warnings will be posted on the University website and can be viewed by visiting:

butler.edu/bupd/warnings-alerts.

Methods for issuing a timely warning notification can vary. The University Police Department, or its designee, can use one, or all of the following systems to communicate and notify all Butler University faculty, staff and students: all-campus email and University website.
EMERGENCY NOTIFICATION

An emergency notification will be sent for situations that require emergency response, evacuations, or any situation, upon confirmation, deemed to be a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. Periodic updates may be posted via use of Twitter @ButlerUpolice or @DawgAlert or at butler.edu. Once the reported incident is no longer a threat, an update will be provided using the campus Dawg Alert notification system.

The University Police Department reserves the right to investigate an incident for confirmation of an immediate threat before issuing an emergency notification. Other methods of confirmation may include notification by a local police agency, or notification by the National Weather Service or other emergency authority. Butler University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the appropriate notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The emergency notification will direct the community to do or not to do something. For example, but not limited to: evacuate, shelter in place, or avoid a certain area of campus. The University Police Department will identify the appropriate segment or segments of campus to receive the immediate notification if the threat is limited to a particular segment of the University. Members of the University Police Department generally write the Emergency Notifications.

Methods of disseminating emergency information to the larger community include posting information on the University website and utilizing local media outlets.

Methods for issuing an emergency notification can vary. University Police or Marketing and Communications staff can use one, a series of, or all of the following systems to communicate to and notify all Butler University faculty, staff, and students: all-campus email, all-campus voicemail, Informacast, fire alarms/voice, Dawg Alert (text message), and Twitter. The emergency notifications systems are tested monthly.

Below is a chart of the various methods and personnel responsible for drafting the message...
### Emergency Response and Evacuation Procedures

The Butler University Emergency Operations Plan describes how the university responds to emergencies, addresses all types of hazards and establishes policies, methodology, and responsibilities designed to effectively and efficiently address the needs of Butler University during an incident or event. It is intended to be a “living” document that will reflect the continually evolving environment with each update. The primary objectives of the plan is to:

- Contribute to the protection of life, property and the environment
- Contribute to the safety of students, faculty, staff and visitors
- Minimize disruption of university operations and activities
- Effectively manage the response operations to an emergency affecting the university
- Effectively work with internal resources and external partners during emergency operations
- Restore the university to normal operations

Emergency response and evacuation drills are conducted on an annual basis. The tests may

be announced or unannounced. Notification of the test results will be sent to the campus community via an email announcement.

The Department of Public Safety coordinates an evacuation drill each semester for all residential facilities. These drills are conducted twice a semester (four times a year). Additionally, each academic building conducts required drills annually. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for short-term building evacuation. The Department of Public Safety does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by the time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, University Police and Residential Life will both be on the scene and will communicate information to the students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. At Butler University, evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to educating the occupants about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of the fire alarm system.

Evacuation drills are monitored by the Department of Public Safety and Residence Life to evaluate egress and behavioral patterns. The Department of Public Safety and University Operations (Facilities) identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/ offices for consideration.

**EVACUATION PROCEDURES**

In situations where a building is to be evacuated, individuals should immediately proceed to the nearest exit in a quick but orderly manner. After exiting the building, proceed to the nearest rally point. A list of the rally points can be found at: butler.edu/bupd/emergency-preparedness

*What it Means to Shelter in Place*

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors because leaving the area may expose you to that danger. Thus, to shelter in place means to make a shelter of the building that you are in until it is safe to go outside.

*Basic Shelter in Place/Evacuation Guidance*

In most cases, stay inside seeking an interior room, until you are told it is safe to come out. If your building is damaged, be sure to evacuate when it’s safe to do so. Evacuation procedures: close your door, proceed to the nearest exit, and use the stairs instead of the elevator. Once you have evacuated, seek shelter at the nearest building. If police or fire personnel are on scene, follow their directions.

*How You Will Know to Shelter in Place/Evacuate*

Shelter in place notifications may come from several sources, including the University Police, Residence Life staff members, other University employees, or other authorities using the University’s emergency notification system, DawgAlert.

*How to Shelter in Place*

No matter where you are, the basic steps of shelter in place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:
1. If you are inside, stay where you are. Collect any emergency shelter in place supplies and a telephone to be used in case of an emergency. If you are outdoors, quickly proceed into the closest building or follow instructions from emergency personnel on the scene.

2. Locate a room in which to shelter. It should be: An interior room without windows or with the least numbers of windows. If there is a large group of people inside a particular building, several rooms may be necessary.

3. Shut and lock all windows (tighter seal) and close exterior doors.

4. Make a list of the people with you and ask someone to call in the list to University Police so they know where you are sheltering. If only students are present, one of the students should call in the list.

5. Remain calm.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Most campus buildings and facilities are accessible to faculty, staff, students, guests, and contractors during normal operating hours on weekdays and during designated hours on weekends. Normal operating hours vary for individual buildings and University offices. Many buildings have 24-hour availability using card access; however, hours may vary during the periods of time the University is not in normal operation. (This includes most holidays.)

Policies regarding guests and visitors on campus are integrated with other policies relating to student housing, student conduct, and facilities access. Generally, students and other campus community members are held accountable for the conduct of their guests while they are on campus. All guests are subject to the same University rules and regulations governing the conduct of students, faculty, and staff.

Academic, administrative, and housing facilities do not have full-time University Police or security officers assigned to them. However, officers patrol all facilities on a regular basis.

ACCESS TO RESIDENCE HALLS

With the exception of the main entrances, all Butler University residence hall exterior doors are locked 24 hours a day. All residence halls’ main entrances are unlocked during the day but are locked at night, with the exception of Butler Terrace, the Apartment Village, and the CTS Apartments, which are locked 24/7. Resident Assistants check the residence hall doors during routine rounds throughout the night to ensure the doors remain locked. Residential College, Ross Hall, Fairview House, University Terrace, and the Apartment Village have front desk operations. Rooms in Residential College, Ross, Irvington House, University Terrace, Butler Terrace, and the Apartment Village are equipped with a self-locking door and/or dead-bolt system that provide additional security. Card access is available in Ross, Residential College, Fairview House, University Terrace, and the Apartment Village.

The maintenance of a safe and secure residence hall environment is everyone’s responsibility. To this end, the admittance of unauthorized persons to residence halls is prohibited. Residents should always lock their room doors to ensure personal safety and security of their property. To enhance the safety and security of all hall residents, residents’ property, as well as University property, University Police personnel will conduct patrols of the residence halls on a periodic basis.
MAINTENANCE OF CAMPUS FACILITIES

The University maintains a very strong commitment to campus security and safety through monitoring of the following:

**Exterior Lighting.** Formal surveys of exterior lighting on campus are conducted on a regular basis. Members of the campus community are encouraged to report any exterior lighting deficiencies to the University Police at 317-940-BUPD (2873).

**Exterior Doors/Locks.** After buildings are secured, exterior doors are routinely checked each night by members of the Public Safety Department. Concerns, defects, or general maintenance issues can be reported to the University Police Department at 317-940-BUPD (2873).

**Shrubbery and Trees.** Landscaping is maintained in a manner that reduces hazardous conditions. Any concerns can be reported to University Police at 317-940-BUPD (2873).

**Parking Lots.** University Police actively patrols all campus parking lots on a daily basis. Some parking lot facilities are monitored by cameras and gated card access.

SAFETY ON CAMPUS: EVERYONE’S RESPONSIBILITY

UNIVERSITY PROGRAMMING—CRIME PREVENTION

Butler University places a high priority on keeping its campus safe for students, employees, and visitors. Working together, there are many things the University’s community—its students and employees—can do to decrease the chances of crime occurring.

Butler students have the opportunity to learn safe personal living habits through programs sponsored by the Division of Student Affairs, Office of Health Education & Outreach Programs, and University Police. Topics covered in these programs vary but often focus on how to avoid becoming the victim of crime; how to recognize crimes when they occur; how to overcome fears about reporting crimes; how to keep informed of University policies, as well as federal, state, and local laws; and how to develop social responsibility toward others on campus, as well as in the surrounding community.

Among reported crimes on and around campus, incidents of violent crime are infrequent. In cases such as rape—crimes that often go unreported—special programs have been initiated to encourage students to recognize rape and other forms of sexual violence and overcome their fears of reporting it.

SECURITY AWARENESS

The University Police Department offers the following Security Awareness programs to faculty, staff, and students. A common theme in these programs is to encourage students and employees to be responsible for their own security and the security of others. In 2017, the University offered numerous programs pertaining to security procedures and awareness.

Please contact University Police at 317-940-BUPD (2873) for additional information on each program.

**R.A.D.—Rape Aggression Defense Training** system is a program of realistic, self-defense tactics and techniques. The R.A.D. course is offered to female students for limited credit once in the fall and spring semesters. The comprehensive course begins with awareness, prevention, risk reduction, and avoidance, and progresses to the basics of hands-on, self-defense training. R.A.D. is not a martial arts program. Our courses are taught by certified R.A.D. instructors and those who take the course receive a workbook/reference manual. This manual outlines the entire physical defense program for reference and continuous personal growth. More information on R.A.D. can be located by visiting: butler.edu/bupd/rape-aggression-defense-course.
Avoiding An Active Shooter Although the threat of being involved in an active shooter situation is less likely than getting hit by lightning, the University Police Department offers an annual training on this topic. Students, faculty, and staff will be exposed to a proven curriculum that instructs the participant with simple messages to increase awareness and chance of survival. A video, “Response to an Active Shooter,” is available at: www.butler.edu/bupd/active-shooter-response. Requests for a training presentation on how to respond to an active shooter can be made by contacting University Police at 317-940-BUPD (2873).

Self-Defense Programming Session The Butler University Police Department offers self-defense training for students, faculty and staff throughout the academic year. This training focuses on the mental and physical preparation needed to increase their awareness and reduce their risk of becoming a crime victim. The course is instructed by police officers who are certified as a Rape Aggression Defense instructor or Physical Tactics/Self-Defense Instructor.

2017 Alcohol, Drug, and Sexual Violence Prevention Educational Programming

The following programs were offered during 2017 by the Office of Health Education & Outreach Programs.

Peer education, regarded as a best practice for behavior change in the collegiate environment, is utilized to address a variety of wellness topics including alcohol and other substances, and sexual assault prevention. Butler has several existing peer education groups including Peers Advocating Wellness for Students (PAWS), Greeks as Educators, Advocates and Resources (GEAR), the Red Cup Culture Facilitation Team and Stand Tall. A peer education course which is the foundational training for members of GEAR and PAWS is offered annually in the spring.

- **PAWS** meets weekly and provides prevention programming to students on campus through awareness weeks, educational programs, and information sharing via social media. PAWS is affiliated with the BACCHUS Peer Education Network.
- **GEAR** meets monthly and serves as a resource for students within the fraternity and sorority communities. GEAR representatives share pertinent wellness information with the membership of their Greek organization via presentations and individual conversations. GEAR members are trained with bystander intervention concepts borrowed from the Step Up Bystander Intervention model and Butler’ Community of C.A.R.E model.
- The **Red Cup Culture Facilitation** Team is comprised of 40 students who serve as peer facilitators for the Red Cup Culture Program, a high-risk drinking prevention and sexual assault prevention program offered for new first year students during the first week of classes. Red Cup Facilitators participate in a two-day training retreat and educate new students on high-risk drinking prevention and sexual assault prevention.
- **Stand Tall** is a peer education group who meet for educational programming and meaningful dialogue. Stand Tall organizes campaigns, awareness activities, and educational programs to publicly show support for survivors, end victim blaming and educate the community on how to prevent sexual violence.

Interfraternity Council Annual Risk Management Retreat This training for student leaders from each of Butler’s IFC fraternities is conducted as a partnership between Health Education and Outreach, Counseling and Consultation Services, Greek Life and the Interfraternity Council. Students are educated on bystander intervention as it relates to scenarios of high risk drinking and drug use, sexual assault, suicide and crisis management. Leadership skills are fostered so that key fraternity leaders can help to create an internal culture of safety and respect for all chapter members and guests. The training includes opportunities for students to go through role play scenarios where they have to apply their new knowledge and skills, then receive feedback.
Think About It is an online program that invites all our new Bulldogs to join Butler’s conversation on consent, healthy relationships, substance use, sexual violence, stalking, mental health, and making responsible choices as an adult and a member of our community. All new to Butler students (undergraduate and graduate) are required to complete the course prior to arriving to campus their first semester.

**Sexual Assault Response and Prevention Specialist**

The Sexual Assault Response and Prevention Specialist (formerly titled “Prevention Educator and Victim Resource Specialist” and known to many as the “Victim Advocate”) carries a dedicated cell phone which can receive calls and texts. The SARPS is available Monday through Friday from 9:00 AM–5:00 PM to any student who has been a victim of domestic violence, partner abuse, sexual assault or stalking. They will offer options to minimize and treat physical harm, assist with processing the unique and complex emotional aftermath, and help preserve evidence and understand options for reporting. If a student wishes to report to either law enforcement or through the campus sexual misconduct process the SARPS can be an ongoing resource to the student through those processes. The SARPS has a minimal obligation to report only non-identifying information about incidents including the date, location and type of crime.

After-Hours: During non-business hours callers who reach out to the SARPS phone will receive a message listing two resources which are available 24/7: the confidential Julian Center Crisis Line (317-920-9320) or Butler University Police Department (317-940-9396).

Calls to the Julian Center Crisis Line will be handled confidentially by crisis line staff who will assess the callers’ immediate needs and provide appropriate support or referral information. MISSING STUDENTS NOTIFICATION POLICY STATEMENT

Students living in an on-campus housing facility have the option to identify a confidential contact person(s) whom the institution shall notify within 24 hours of the determination that the student is missing by the University Police Department. This contact person(s) can be the same as the student’s confidential contact person but it is not a requirement.

The contact information registered by the student will be confidential and will only be accessible to authorized campus officials and law enforcement and it may not be disclosed outside of a missing-person investigation.

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing for a period of 24 hours, he or she shall immediately notify the University Police Department at 317-940-BUPD (2873). The University Police Department will generate a missing person report and initiate an investigation. During the investigation, attempts to gather relevant information about the individual will be made that would assist in locating the missing individual. Evaluation of the circumstances will be conducted to determine if the missing person may be classified as a “high risk” missing person as defined by Indiana Criminal code.

Any reports made of a missing student must be referred immediately to the University Police Department for purposes of an investigation.

Should the University Police Department determine that the student is missing and has been missing for more than 24 hours, the University Police Department will notify the Indianapolis Metropolitan Police Department and notification will be made to the student’s confidential contact person(s). This notification will be made by the Office of Student Affairs in consultation with the University Police Department.

If the missing student is under the age of 18 and is not an emancipated individual, Butler University will notify the student’s parent or legal guardian immediately after the University Police Department has determined that the student has been missing for more than 24 hours. The confidential contact person(s) will also be notified. This notification will be made by the Office of Student Affairs in consultation with the University Police Department.

HOW TO BE AN ACTIVE BYSTANDER

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found at www.butler.edu/community-of-care. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive toward another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if he or she is okay.
- Confront people who seclude, hit on, try to make out with or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior or experience with stalking.

Sex Offense Registries

The Indiana Sex and Violent Offender Registry can be accessed at icrimewatch.net/indiana.

The National Sex Offender Registry can be accessed at nsopw.gov.
• Refer people to on- or off-campus resources listed in this document for support in health, counseling or with legal assistance.

RISK REDUCTION

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduces one’s risk of being a victim of a crime.

• Be aware of your surroundings. Knowing where you are and who is around you may help you find a way to get out of a bad situation.
• Try to avoid isolated areas. It is more difficult to get help if no one is around.
• Walk with purpose. Even if you don’t know where you are going, act like you do.
• Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
• Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
• Make sure your cell phone is with you and charged and that you have cab money.
• Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
• Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
• Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
• Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
• Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
• Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
• If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
• If you need to get out of an uncomfortable or scary situation here are some things that you can try:
  › Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  › Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
  › Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
  › Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
  › Try to think of an escape route. How would you try to get out of the room? Where are
Butler University

the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

› If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

PROCEDURES VICTIMS SHOULD FOLLOW IF A CRIME OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING OCCURS

After an incident of sexual assault, dating violence, or domestic violence, the victim should consider seeking medical attention as soon as possible to assess for injury, sexually transmitted infections, and pregnancy. If you suspect a substance other than alcohol was used in the assault, it is recommended to report to the hospital as early as possible before the substance leaves your system. Immediate medical attention for victims of sexual assault is available at area hospitals that have a Center of Hope. The hospitals closest to campus that have a Center of Hope are St. Vincent and Methodist; they are open 24 hours a day. With a victim’s consent, a specially trained nurse will conduct an exam to collect evidence (fees for the exam and evidence collection are covered by the State of Indiana). At the hospital, you will be given an opportunity to speak with a police officer to report and investigate the incident. You may choose to do this or not. A University Police officer can be used for this reporting function. A forensic exam can also be done, without reporting to law enforcement, and at no expense to the survivor.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing, or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social-networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with the University Police or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

VICTIMS OPTIONS FOR INVolVEMENT OF LAW ENFORCEMENT AND CAMPUS AUTHORITIES

Although the University strongly encourages all members of its community to report violations of this policy to the University Police or local law enforcement, it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the University will assist any victim with notifying the University Police if the victim so desires. The victim can contact the Title IX Coordinator or the Victim Advocate to request assistance.
REPORTING INCIDENTS OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

Victims of dating violence, domestic violence, sexual assault, or stalking should report the incident promptly to the Title IX Coordinator, Campus Security Authority (CSA) or report in person to the University Police (if the victim desires.) Reports of all crimes of dating violence, domestic violence, sexual assault, and stalking will be referred to the Title IX Coordinator for investigation regardless of if the complainant chooses to pursue criminal charges.

The institution’s policy, including a description of the procedure can be found here: butler.edu/student-handbook/harassment.

Although the University strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying local police if they so desire. The Indianapolis Metropolitan Police Department may also be reached directly by calling 317-327-3811 (dispatch), 317-327-6100 (North District), or in person at 3120 E. 30th Street, Indianapolis, IN 46208. Additional information about the Indianapolis Metropolitan Police Department may be found online at: indy.gov/eGov/City/DPS/IMPD/Enforcement/Districts/Pages/North.aspx

Procedures for getting a protective order can be found at: indy.gov/eGov/County/Pros/FAQ/Protect/Pages/home.aspx.

PROCEDURES THE UNIVERSITY WILL FOLLOW WHEN A CRIME OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, OR STALKING IS REPORTED

The University has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, financial aid, and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation, and working accommodations, if reasonably available. The University will make such accommodations if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement. Students and employees should contact the Title IX Coordinator to request assistance with accommodations.

The University will provide options to the victim about the involvement of law enforcement and campus authorities, including the notification of the victim’s options:

- To notify proper law enforcement authorities, including University and local police;
- To be assisted by campus authorities in notifying law enforcement if the victim chooses.

If a report of domestic violence, dating violence, sexual assault, or stalking is reported to the University, below are the procedures that the University will follow:

### Fire Safety Policies

#### Appliances

The misuse or illegal use of electronic appliances creates serious hazards in residential facilities. Only low wattage electronic equipment is permitted in rooms. Approved low wattage equipment includes hair dryers, hair curling and straightening appliances, non-halogen desk lamps, clocks/radios, televisions and stereos, computers, heating pads and fans.

All approved appliances must have a UL approved label (underwriters laboratories has approved this item for safety standards) and must be used and kept and used accordance with specific regulations that meet fire safety standards. Refrigerators used in residence hall bedrooms cannot exceed 3.0 cubic feet of internal storage, cannot be larger than the exterior...
dimensions of 36” H x 20” W x 20” D and cannot draw more than 2.5 amps of electricity.

PROHIBITED ITEMS:

Halogen lights, space heaters, microwaves and window air-conditioners are not permitted in student rooms. Items with heating elements such as toasters, popcorn poppers, toaster ovens and coffee makers, including single cup coffee brewers, may be stored (unplugged) in resident rooms, but must be used in designated common areas.

CANDLES/INCENSE/OPEN FLAMES

Possession and burning of candles, incense, or spices such as sage in housing facilities is not permitted. Electric potpourri pots and plug in air fresheners are prohibited. Additional sources of ignition that are prohibited include but not limited to incense, lanterns, charcoal, lighter fluid, Bunsen type burners and propane.

COOKING IN RESIDENCE HALLS

Cooking is not permitted in student rooms. Because there are differences in the Residence Halls, check the *Residence Life Policies – 2018: Standards to Promote Health, Safety and Community Living* for information unique to your residence hall. Information is found on Page 2.

FIRE/LIFE SAFETY HAZARDS

Collection or storage of materials, supplies or personal property that constitute a fire hazard as determined by the University is prohibited. Storage or use of combustible materials, explosives, fireworks or firearms is prohibited. Use of outside TV or radio antennas, sun lamps, halogen lamps, heat lamps, space heaters or microwave ovens is strictly prohibited. The following requirements have been created in conjunction with the Indianapolis fire marshal to insure the safety of all residents.

- All extension cords must be of a surge-protector type with an ON/OFF switch, power on indicator light, and a breaker reset.
- No two prong ground adapters are permitted. If a room has outlets that do not accept three prong plugs, the room should be reported so that the outlets can be changed immediately.
- The halogen bulb generates extreme heat, which increases the potential fire hazard. Halogen bulbs can be found in many different lighting fixtures including torchier, clip-on lamps and desk lights.
- Refrigerators must be plugged in directly to the wall outlet.
- The use of cooking appliances in student rooms is prohibited.
- Personal floor mats, which represent a trip hazard, are not permitted in hallways.
- Do not attach anything to, or hang any item on, any sprinkler head.
- Do not attach anything near a sprinkler head that may obstruct the spray pattern.
- Do not attach anything to, or alter any life safety device such as fire alarm horns, strobe lights, sprinkler heads, smoke detectors, exit lights, pull stations or any type of emergency signage.
- No items are to be hung from any ceiling or cloth hung on the walls (tapestrries).
- The use of acetate, cellophane, tissue paper or other combustible materials over or in light fixtures is prohibited.
- String, rope, holiday, or other types of decorative lighting and night lights are prohibited.
- Exit doors, hallways and stairwells must be clear at all times.
- Candles, incense, plug-in air fresheners and fragrance heaters are prohibited.

GRILLS/FIRE PITS
Outdoor grilling is only allowed with University provided and authorized outdoor grills on campus. Student grills at AV and Fairview house may be used by residents. We ask that you keep the grills clean and in proper working order after use. Personal grills (gas or charcoal) are not permitted on University property. Greek chapter housing have individual policies related to grills. Only University owned fire pits may be used under the direction of a University staff member for special events. No student/resident may own or operate a fire pit on residential/University property.

HOLIDAY AND PARTY DECORATIONS

Holidays and events give rise for the use of decorations. Most decorations and specialty lighting represent a potential fire hazard. The following restrictions are in place to reduce that potential:

• No live trees or foliage (beyond basic houseplants) are permitted in rooms, units, lounges or apartments.
• Only artificial trees may be used in housing facilities.
• The artificial trees are to be set on a stable base, away from any heat source and placed so that they do not obstruct hallways or exits.
• Electrical lighting (string, rope or other types) is strictly prohibited for use.
• The use of “spray snow” or other similar items is prohibited.
• Decoration of any type is prohibited on ceilings, light fixtures, door frames and exit doors.
• Decoration on walls or room doors is limited to 20% of the given space.

We encourage all roommates to discuss decorations before displaying them in their bedrooms and common spaces.

SMOKING

Butler University is committed to providing a safe and healthy environment. In the residence facilities, where community living is the norm, smoking is prohibited in all facilities including Irvington House, Fairview House, Residential College, Ross Hall, Apartment Village, Butler Terrace, University Terrace and South Campus Apartments. This policy applies to faculty, staff, residents, guests, and vendors in the residential community. Prohibited items in room units or in resident’s possession include, but are not limited to, cigarettes, cigars, cigarillos, pipes, chew, hookahs, all smokeless tobacco and electronic or any other smoking devices. Although signage on campus designates areas for smoking and receptacles, a complaint in the residential community that impacts residents may require sanctions and the further limiting of smoking around the residence halls.

FIRE SAFETY AND EVACUATION PROCEDURES FOR STUDENT HOUSING

Tampering with or misuse of fire safety equipment, including fire alarms, fire extinguishers, or smoke detectors, is prohibited by state law and University policy. Smoke detectors and sprinkler heads should not be covered; students are not permitted to hang anything from this equipment. Exiting alarmed doors in non-emergency situations is not permitted. Every student is responsible for immediate evacuation of the building in the event of a fire alarm. In the event of a fire, the University Police Department must be notified immediately. The University Police Department will contact the fire department.

When a fire alarm sounds, you must evacuate the building. In the event of a fire alarm or if a student suspects a fire:

• Activate the building alarm. (Pull the alarm on your way out of the building if the alarm horn is not already suspended.)
• Call the University Police at 317-940-9999. Give as much information as possible.
• Your first action should be to grab your room keys and proceed to the nearest exit. Be sure to alert any other occupants in the room.
• Evacuate from the building quickly and quietly. (If the hallway is clear of smoke, walk to the nearest fire exit and evacuate the building. Close your door behind you. Leave the firefighting to the professionals.)
• Feel the door from top to bottom. If it is hot, do not open. Keep calm. If trapped in a room, do the following if possible.
  › Place towels or clothing, preferably wet under the door to keep smoke out. Clear the window of blinds and attract attention. If you have a phone available, contact the University Police at 317-940-9999 or 317-940-BUPD (2873) and tell the dispatcher that you are trapped, give your name and room number.
  › Stay low; breathe fresh air near the ground.
  › Stay calm and await help.
• If the door is cool, crouch low and open door slowly. Close door quickly if smoke or fire is present.
• If it is clear, exit via nearest stairwell. Stay low if smoke conditions exist. Report to your designated rally point.
• If you encounter heavy smoke in a stairwell, go back and use an alternate route.
• Never use elevators! Elevators will stop during a fire.
• Follow the evacuation plan established for your building.
• Do not re-enter this building until instructed by the University Police and/or Fire Department.

FIRE SAFETY AND EDUCATION

Fire Safety Education Training is provided to Residence Hall staff on an annual basis. This training consists of reporting, evacuation procedures, and University policy.

PROCEDURES FOR STUDENTS AND EMPLOYEES TO FOLLOW IN CASE OF A FIRE

If you become trapped in the public area of a building during a fire, find a room—preferably with a window available—and place an article of clothing (shirt, coat, etc.) outside the window as a marker for rescue crews. If there are no windows, stay near the floor where the air will be less toxic. Shout at regular intervals to alert emergency crews of your location.

If you are in a room when a fire alarm sounds, feel the door. If it is hot, do not open it. Seal the cracks around the door, and place an article of clothing or a sheet outside the window or try to use the telephone to request help. If you can safely leave your room, take your shoes, clothing, and room key and go to the nearest exit. Shout and pound on doors as you leave to alert others in the building.

Know the locations of fire extinguishers, fire exits and alarm systems in your area and how to use them.

If a minor fire appears controllable, immediately contact the University Police Department. (They will notify the fire department.) Promptly direct the charge of the fire extinguisher toward the base of the flame.

If an emergency exists, notify the University Police Department and activate the building alarm. Since the building alarm only rings in some buildings, you must also report the fire by phone to 317-940-BUPD (2873).

On large fires that do not appear controllable, immediately notify the University Police Department. (They will notify the fire department.) Evacuate all rooms and close all doors to confine the fires and reduce oxygen. Do not lock doors.

If a member of the community finds evidence that a fire occurred, but has already been
extinguished, they should notify BUPD so they can investigate the fire.

When the building fire alarm is sounded to signal that an emergency exists, walk quickly to the nearest marked exit and alert others to do the same.

Assist the disabled in exiting the building. Do not use the elevators during a fire. Smoke is the greatest danger in a fire, so stay near the floor where the air will be less toxic.

Once outside, move to the designated rally point for the affected building. Keep streets, fire lanes, hydrants and walkways clear for emergency vehicles and crews.

If requested, assist emergency crews as necessary. Do not return to an evacuated building unless told to do so by a University official.

**REPORTING AN OCCURRENCE OF FIRE ON CAMPUS**

It is the policy of Butler University to disclose statistical data on all fires that occur in on-campus student residential facilities. If you are aware of a fire that has been extinguished or see evidence of a fire, please contact University Police at 317-940-BUPD (2873).

**PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY**

There are no current plans for upgrading existing fire alarm safety equipment.

**REPORTED FIRE STATISTICS**

This chart represents reports of fires occurring in the Butler University residential housing units. A fire is defined as any instance of open flame or other burning in a place not intended to contain the burning, or in an uncontrolled manner. A fire report log is maintained for public review at the University Police Department dispatch office, 24 hours a day, seven days a week. The log represents all reported fire covering a 60-day period. The log is also available at butler.edu/bupd/fire-log.
