A MESSAGE FROM THE PRESIDENT

Dear Butler Community,

Butler University values the wellbeing of our community. It’s important to maintain a safe and vibrant campus atmosphere to ensure we attract the best students, faculty, and staff to our institution. While Butler is fortunate to be part of a peaceful neighborhood in a stable city, no campus can be fully protected from the realities of modern life.

Our Public Safety staff does everything they can to ensure our safety, we as individuals also bear some responsibility. That’s why, each year, I ask the incoming class of first-year students to take the Butler Pledge to look out for one another. It’s important that everyone understands the importance of bystander intervention. When something looks wrong, I encourage you to act. Get involved by knowing the many resources you can utilize for your safety and the safety of others.

This report will acquaint you with all the facts about safety and security on the Butler campus so that you, too, can be involved in our efforts. The report follows the University’s established practice of openly reporting incidents and current policies and procedures to our community. We believe that accurate and full reporting is vital to a safe campus. The more we know, the more effective all of us can be in supporting a safe and protected environment.

The Department of Public Safety compiled the information found in this report. Read through it, examine the statistics, and consider the sound advice of our University Police Department. Thank you for helping to continue the fine tradition of cooperation that makes Butler a safe and caring place.

Sincerely,

James M. Danko
President, Butler University
A MESSAGE FROM THE CHIEF OF PUBLIC SAFETY

Greetings,

The 2018 Annual Security Report contains information on Butler University’s Department of Public Safety, which comprises the University Police Department, Emergency Preparedness, and Parking Services. The department is a division of the Office of Finance and Administration.

Butler works closely with local, state, and federal officials to enhance our efforts to protect the campus and surrounding neighborhood. This report, the annual fire safety report for campus housing, and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are tools to help keep you informed and safe. Your involvement is key to their effectiveness.

This report outlines the commitment of our University public safety employees to ensure a safe campus environment. Please visit our website at www.butler.edu/bupd to view up-to-date statistics, our daily crime log, and information on our safety programs. You can also contact me if you have any questions or concerns.

Cordially,

John Conley
Chief of Public Safety
THE CLERY ACT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, commonly known as the Clery Act, 10 U.S.C §1092(F) ET. SEQ., requires colleges and universities to:

- Publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements.
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibility for student and campus activities.”
- Provide “timely warning” notices of those crimes that have occurred and pose a “serious or continuing threat to students and employees.”
- Issue an emergency notification, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus.
- Disclose in a Daily Crime Log & Fire Log, any alleged crimes that occurred on campus or within the patrol jurisdiction of the campus police and is reported to the campus police, as well as any fire that occurred in an on-campus student housing facility.
UNIVERSITY DEPARTMENT OF PUBLIC SAFETY

The Butler University Department of Public Safety is responsible for the security of the campus and the safety of diverse community groups, including a combined enrollment of more than 5,148 undergraduate and graduate students for the 2017-2018 academic year and 1,378 full-time and part-time faculty/staff on campus. The department has a staff of 35 employees.

The department reports to the Chief of Public Safety and is a division of the Office of Finance and Administration. The Chief of Public Safety reports directly to the Vice President of Finance and Administration.

Command staff consists of an Assistant Chief of Police and an Assistance Chief of Administration. The Associate Director of Emergency Preparedness and Training coordinates emergency preparedness planning and training for the Department of Public Safety.

The Department of Public Safety, which houses the Butler University Police Department (BUPD), is located on campus at 525 W. Hampton Drive. Officers work 24 hours a day, seven days a week, 365 days a year.

The Office of Parking Services is part of the Department of Public Safety. The Office is headed by the Associate Director of Parking and Transportation who reports to the Chief. Contact information is below.

UNIVERSITY LAW ENFORCEMENT AUTHORITY

CAMPUS LAW ENFORCEMENT POLICIES

Butler University Police (BUPD) officers are appointed under Indiana code 21-17-5 with general law enforcement authority, including the power to arrest. They have the same common law and statutory powers, and privileges as state police officers, sheriffs, and constables. BUPD officers are graduates and certified by the Indiana Law Enforcement Academy. The Butler University Board of Trustees pursuant to Indiana Code establishes the legal jurisdiction of the University Police Department.

Officers patrol campus-owned and controlled property and a radius surrounding campus that extends to 42nd Street to the south, 52nd Street to the north, Graceland Avenue to the east, and Michigan Road and White River to the west.

BUPD conducts and participates in annual training to meet state-mandated requirements. These areas vary from year to year and include firearms, physical tactics/use of force, police vehicle operation, mental illness, addiction and disabilities, Autism, Alzheimer’s, dementia, high risk missing persons, human trafficking, cultural diversity awareness, family violence (including child abuse, endangered adults), SIDS, CPR, Heimlich Maneuver, and other law enforcement related topics. There is also training in the areas of Title IX, Violence Against Women Act and Clery Act.

BUPD contracts with non-sworn security officers for special events and work details. Indianapolis Metropolitan Police Department (IMPD) Officers are hired to work various events on campus. IMPD officers have the authority to make arrests and the security officers have the authority to enforce University policy.

Butler University has a memorandum of understanding with the Indianapolis Metropolitan Police Department as follows:

1. IMPD agrees to grant BUPD officers authority to enforce violations of the Revised Code of the Consolidated City and County (Revised Code).
2. IMPD agrees to grant BUPD officers police powers and jurisdiction to enforce city ordinances over all property in Marion County, Indiana.
3. IMPD and BUPD agree to mutual cooperation and responsibility for enforcement of the Revised Code.
4. Sec. 103-52 of the Revised Code outlines the schedule of code provisions and penalties
5. IMPD and BUPD shall provide mutual assistance as necessary or upon request by either party.
At various times throughout the academic year, it is possible the Indiana State Excise Police will patrol, work events, or assist on special details. The Indiana State Excise Police are charged with enforcement of statutes and rules for the Indiana Alcohol and Tobacco Commission.

When a Butler University student is involved in an off-campus offense, University police officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Indianapolis Metropolitan Police routinely work and communicate with BUPD on any serious incidents occurring on campus or in the immediate neighborhood surrounding campus. Butler University operates no off-campus housing or off-campus student organization facilities. While IMPD has primary jurisdiction in all areas off campus, Butler officers often respond to incidents that occur in close proximity to campus.

BUPD and IMPD use the Indianapolis Public Safety Communications System to communicate. While BUPD maintains a separate records management system, we share access to the City of Indianapolis records management system as well as their computer-aided dispatch terminals for increased efficiencies and assistance.

Students, employees, and visitors are subject to all local, state, and federal laws, in addition to campus policies, procedures, and regulations. BUPD officers may arrest individuals when probable cause exists that a violation of law has occurred. For violations of University policies, reports may be referred to the Office of the Vice President of Student Affairs or the Office of Associate Vice President of Human Resources for conduct action. Violations of Butler University’s Sexual Misconduct Policy will be referred to the Title IX Coordinator. Local public safety agencies may provide assistance to the University for any emergency that might require additional police services.

**REPORTING CRIMINAL ACTIONS AND OTHER EMERGENCIES**

Butler University encourages all students, employees, and guests to accurately and promptly report criminal incidents, accidents, and other emergencies to the Butler University Police Department located at 525 W. Hampton Drive, 317-940-BUPD (2873) (non-emergency) or 317-940-9999 (emergency), or report to local law enforcement agencies, either by phone at 911 or in person. Crimes should be reported to BUPD for inclusion in the annual statistical disclosure of crimes as well as for assessment for a Timely Warning or Emergency Notification.

Reports of sexual assaults, domestic violence, dating violence, and stalking should be reported to the BUPD or the Title IX Coordinator.
Additionally, incidents can be reported to any BUPD officer. The University has several two-way call stations (blue light phones) around campus and its vicinity for use during emergencies. By pressing the red button on the stations, users are immediately connected with the BUPD Communications Office. In response to reports of emergencies or criminal actions, BUPD will respond to reports of crimes and other emergencies and vigorously investigate all reported incidents. This includes confidential reports (where the reporting parties’ names are known but not released.)

Daily crime logs containing the time, date, general locations, and disposition (if known) of all reported incidents are available to the public by visiting BUPD office or at: www.butler.edu/bupd/daily-crime-log. Information from crime reports are analyzed to identify emerging crime trends, allocate resources more efficiently and alter the Butler University community to any immediate or continuing threats to the safety or property.

**VOLUNTARY CONFIDENTIAL REPORTING**

A victim of a crime, who does not want to pursue action within the criminal justice system or through Butler University, may still consider making a confidential report. The purpose of a confidential report is to comply with a victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of those involved and others. With such information, the University can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger through issuance of a Timely Warning. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution without victim or suspect information.

Confidential reporting of a crime may be done on the University Police Department “Silent Watch Reporting” website at: www.formstack.com/forms/butler-budp_silent_watch_reporting

**ADDITIONAL INDIVIDUALS TO WHOM A CRIME CAN BE REPORTED**

Under the Clery Act, several individuals have been designated as Campus Security Authorities (CSA). A campus security authority is an official of an institution who has significant responsibility for student and campus activities, including, but not limited to student housing, student discipline, and student conduct proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.
The “live-in” staff—the Community Directors, Apartment Community Assistants, and the Community Assistants—who are designated as a CSA also have established procedures to assist in responding to criminal actions or other emergencies. As soon as possible, all emergencies and criminal actions involving students are brought to the attention of the Dean of Student Life and/or Dean of Student Services, who provides either appropriate follow-up or student conduct action.

Campus “Pastoral Counselors” and campus “Professional Counselors” are not considered to be campus security authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. They are encouraged if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

A Pastoral Counselor is defined as:

An employee of an institution who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and who is functioning within the scope of that recognition as a pastoral counselor.

A Professional Counselor is defined as:

An employee of an institution whose official responsibilities include providing mental health counseling to members of the institution’s community, and who is functioning within the scope of counselor’s license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution.

TIMELY WARNING PROCEDURES

In the event a Clery Act crime is reported to campus security authorities or local police, the crime has occurred on Clery Act geography, and is considered to represent a serious or continuing threat to students and employees, a timely warning will be considered by the Chief of Public Safety or designee. The decision to issue a timely warning will be made on a case-by-case basis using the following factors:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of compromising law enforcement efforts

Sex offenses are also considered on a case-by-case basis with the information forwarded to a group consisting of Chief of Public Safety, Vice President of Student Affairs, University General
Counsel, Title IX Coordinator, Clery Compliance Officer, and BUPD Investigation Section. This group will evaluate known information to determine if a timely warning is appropriate.

Cases involving property crimes are generally exempt from timely warning. However, they will be assessed on a case-by-case basis and alerts will typically be sent if there is a discernible pattern of crime. The Chief of Public Safety or designee reviews all reports to determine if there is an ongoing threat to the community and if the distribution of a timely warning is warranted.

Crimes reported to a pastoral or professional counselor are exempt from the timely warning requirement.

Timely warnings will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential, and contains information that will aid in the prevention of similar occurrences.

The timely warning is generally written by the Chief of Public Safety. In addition to distributing the warnings, using the systems below, the warnings will be posted on the University website and can be viewed by visiting: www.butler.edu/bupd/warnings-alerts.

Methods for issuing a timely warning notification can vary. The University Police Department, or its designee, can use one, or all of the following systems to communicate and notify all Butler University faculty, staff, and students: all-campus email and University website.

EMERGENCY NOTIFICATION

An emergency notification will be sent for situations that require emergency response, evacuations, or any situation, upon confirmation, deemed to be a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. Periodic updates may be posted via use of Twitter @ButlerUpolice or @DawgAlert or at www.butler.edu. Once the reported incident is no longer a threat, an update will be provided using the campus Dawg Alert notification system.

The University Police Department reserves the right to investigate an incident for confirmation of an immediate threat before issuing an emergency notification. Other methods of confirmation may include notification by a local police agency, or notification by the National Weather Service or other emergency authority. Butler University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the appropriate notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The emergency notification will direct the community to do or not to do something. For example, but not limited to: evacuate, shelter in place, or avoid a certain area of campus. The University Police Department will identify the appropriate segment or segments of campus to receive the immediate notification if the threat is limited to a particular segment of the University. Members of the University Police Department generally write the Emergency Notifications.

Methods of disseminating emergency information to the larger community include posting information on the University website and utilizing local media outlets.

Methods for issuing an emergency notification can vary. University Police or Marketing and Communications staff can use one, a series of, or all of the following systems to communicate to and notify all Butler University faculty, staff, and students: all-campus email, all-campus voicemail, Informacast, fire alarms/voice, Dawg Alert (text message), and Twitter. The emergency notifications systems are tested monthly.
Below is a chart of the various methods and personnel responsible for drafting the message.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

The Butler University Emergency Operations Plan describes how the University responds to emergencies, addresses all types of hazards and establishes policies, methodology, and responsibilities designed to effectively and efficiently address the needs of Butler University during an incident or event. It is intended to be a “living” document that will reflect the continually evolving environment with each update. The primary objectives of the plan is to:

- Contribute to the protection of life, property and the environment
- Contribute to the safety of students, faculty, staff and visitors
- Minimize disruption of university operations and activities
- Effectively manage the response operations to an emergency affecting the university
- Effectively work with internal resources and external partners during emergency operations
- Restore the university to normal operations

Emergency response and evacuation drills are conducted on an annual basis. The tests may be announced or unannounced. Notification of the test results will be sent to the campus community via an email announcement.

The Department of Public Safety coordinates an evacuation drill each semester for all residential facilities. These drills are conducted twice a semester (four times a year). Additionally, each academic building conducts required drills annually. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for short-term building evacuation. The Department of Public Safety does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by the time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, University Police and Residential Life will both be on the scene and will communicate information to the students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. At Butler University, evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants practice drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.
In addition to educating the occupants about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of the fire alarm system.

Evacuation drills are monitored by the Department of Public Safety and Residence Life to evaluate egress and behavioral patterns. The Department of Public Safety and University Operations (Facilities) identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

**EVACUATION PROCEDURES**

In situations where a building is to be evacuated, individuals should immediately proceed to the nearest exit in a quick but orderly manner. After exiting the building, proceed to the nearest rally point. A list of the rally points can be found at: [www.butler.edu/bupd/emergency-preparedness](http://www.butler.edu/bupd/emergency-preparedness)

*What it Means to Shelter in Place*

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors because leaving the area may expose you to that danger. Thus, to shelter in place means to make a shelter of the building that you are in until it is safe to go outside.

*Basic Shelter in Place/Evacuation Guidance*

In most cases, stay inside seeking an interior room, until you are told it is safe to come out. If your building is damaged, be sure to evacuate when it’s safe to do so. Evacuation procedures: close your door, proceed to the nearest exit, and use the stairs instead of the elevator. Once you have evacuated, seek shelter at the nearest building. If police or fire personnel are on scene, follow their directions.

*How You Will Know to Shelter in Place/Evacuate*

Shelter in place notifications may come from several sources, including the University Police, Residence Life staff members, other University employees, or other authorities using the University’s emergency notification system, DawgAlert.
How to Shelter in Place

No matter where you are, the basic steps of shelter in place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter in place supplies and a telephone to be used in case of an emergency. If you are outdoors, quickly proceed into the closest building or follow instructions from emergency personnel on the scene.

2. Locate a room in which to shelter. It should be: An interior room without windows or with the least numbers of windows. If there is a large group of people inside a particular building, several rooms may be necessary.

3. Shut and lock all windows (tighter seal) and close exterior doors.

4. Make a list of the people with you and ask someone to call in the list to University Police so they know where you are sheltering. If only students are present, one of the students should call in the list.

5. Remain calm.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Most campus buildings and facilities are accessible to faculty, staff, students, guests, and contractors during normal operating hours on weekdays and during designated hours on weekends. Normal operating hours vary for individual buildings and University offices. Many buildings have 24-hour availability using card access; however, hours may vary during the periods of time the University is not in normal operation. (This includes most holidays.)

Policies regarding guests and visitors on campus are integrated with other policies relating to student housing, student conduct, and facilities access. Generally, students and other campus community members are held accountable for the conduct of their guests while they are on campus. All guests are subject to the same University rules and regulations governing the conduct of students, faculty, and staff.

Academic, administrative, and housing facilities do not have full-time University Police or security officers assigned to them. However, officers patrol all facilities on a regular basis.
ACCESS TO RESIDENCE HALLS

With the exception of the main entrances, all Butler University residence hall exterior doors are locked 24 hours a day. All residence halls’ main entrances are unlocked during the day but are locked at night, with the exception of Butler Terrace, the Apartment Village, and the CTS Apartments, which are locked 24/7. Community Assistants check the residence hall doors during routine rounds throughout the night to ensure the doors remain locked. Residential College, Ross Hall, Fairview House, Irvington House, University Terrace, and the Apartment Village have front desk operations. Rooms in Residential College, Ross Hall, Irvington House, University Terrace, Butler Terrace, and the Apartment Village are equipped with a self-locking door and/or dead-bolt system that provide additional security. Card access is available in Ross Hall, Residential College, Fairview House, Irvington House, University Terrace, and the Apartment Village.

The maintenance of a safe and secure residence hall environment is everyone’s responsibility. To this end, the admittance of unauthorized persons to residence halls is prohibited. Residents should always lock their room doors to ensure personal safety and security of their property. To enhance the safety and security of all hall residents, residents’ property, as well as University property, University Police personnel will conduct patrols of the residence halls on a periodic basis.

MAINTENANCE OF CAMPUS FACILITIES

The University maintains a very strong commitment to campus security and safety through monitoring of the following:

Exterior Lighting. Formal surveys of exterior lighting on campus are conducted on a regular basis. Members of the campus community are encouraged to report any exterior lighting deficiencies to the University Police at 317-940-BUPD (2873).

Exterior Doors/Locks. After buildings are secured, exterior doors are routinely checked each night by members of the Public Safety Department. Concerns, defects, or general maintenance issues can be reported to the University Police Department at 317-940-BUPD (2873).

Shrubbery and Trees. Landscaping is maintained in a manner that reduces hazardous conditions. Any concerns can be reported to University Police at 317-940-BUPD (2873).

Parking Lots. University Police actively patrols all campus parking lots on a daily basis. Some parking lot facilities are monitored by cameras and gated card access.
SAFETY ON CAMPUS: EVERYONE’S RESPONSIBILITY

University Programming—Crime Prevention
Butler University places a high priority on keeping its campus safe for students, employees, and visitors. Working together, there are many things the University’s community – its students, faculty, and staff – can do to decrease the chances of crime occurring.

Butler students have the opportunity to learn safe personal living habits through programs sponsored by the Division of Student Affairs, Office of health Education & Outreach Programs, and Butler University Police Department. Topics covered in these programs vary but often focus on how to avoid becoming the victim of crime; how to recognize crimes when they occur; how to overcome fears about reporting crimes; how to keep informed of University policies, as well as federal, state, and local laws; and how to develop social responsibility toward others on campus, as well as the surrounding community.

Among reported crimes on and around campus, incidents of violent crime are infrequent. In cases such as rape – crimes that often go unreported – special programs have been initiated to encourage students to recognize rape and other forms of sexual violence and overcome their fears of reporting it.

SECURITY AWARENESS
BUPD offers the following Security Awareness programs to faculty, staff, and students. A common theme in these programs is to encourage students and employees to be responsible for their own security and the security of others. In 2018, BUPD offered numerous programs pertaining to security procedures and awareness. Please contact BUPD at 317-940-BUPD (2873) for additional information on each program.

The BUPD offers the following Security Awareness programs to faculty, staff, and students. A common theme in these programs is to encourage students and employees to be responsible for their own security and the security of others.

R.A.D.—Rape Aggression Defense Training system is a program of realistic, self-defense tactics and techniques. The R.A.D. course is offered to female students for limited credit once in the fall and spring semesters. The comprehensive course begins with awareness, prevention, risk reduction, and avoidance, and progresses to the basics of hands-on, self-defense training. R.A.D. is not a martial arts program. Our courses are taught by certified R.A.D. instructors and those who take
Avoiding An Active Shooter. Although the threat of being involved in an active shooter situation is less likely than being hit by lightning, the University Police Department offers training on this topic. Students, faculty, and staff will be exposed to a proven curriculum that instructs the participant with simple messages to increase awareness and chance of survival. A video, “Response to an Active Shooter,” is available at: www.butler.edu/bupd/active-shooter-response. Requests for a training presentation on how to respond to an active shooter can be made by contacting University Police at 317-940-BUPD (2873).

Self-Defense Awareness. The Butler University Police Department offers self-defense training for students, faculty and staff throughout the academic year. Community Outreach Programs. The Butler University Police Department participates in many presentations covering substance abuse, general crime prevention and safety awareness, Violence Against Women Act crimes, and general public safety topics upon request. Audiences for these programs include New Employee Onboarding, New Student Orientation, Greek Life, Diversity Center, Student Affairs, and Residential Life staff.

2018 ALOCOHOL, DRUG, AND SEXUAL VIOLENCE PREVENTION EDUCATIONAL PROGRAMMING

The following programs were offered during 2018 by the Office of Health Education & Outreach Programs. Additional information can be obtained by contacting the Office of Health Education & Outreach located in the Health & Recreation Complex, Room 101. Their telephone number 317-940-8311.

Peer education, regarded as a best practice for behavior change in the collegiate environment, is utilized to address a variety of wellness topics including alcohol and other substances, and sexual assault prevention. Butler has several existing peer education groups including Peers Advocating Wellness for Students (PAWS), Greeks as Educators, Advocates and Resources (GEAR), and the Red Cup Culture Facilitation Team. A peer education course which is the foundational training for members of GEAR and PAWS is offered annually in the spring.
PAWS meets weekly and provides prevention programming to students on campus through awareness weeks, educational programs, and information sharing via social media. PAWS is affiliated with the BACCHUS Peer Education Network.

GEAR meets monthly and serves as a resource for students within the fraternity and sorority communities. GEAR representatives share pertinent wellness information with the membership of their Greek organization via presentations and individual conversations. GEAR members are trained with bystander intervention concepts borrowed from the Step Up Bystander Intervention model and Butler’s Community of C.A.R.E model.

The Red Cup Culture Facilitation Team is comprised of 40 students who serve as peer facilitators for the Red Cup Culture Program, a high-risk drinking prevention and sexual assault prevention program offered for new first year students during the first week of classes. Red Cup Facilitators participate in a two-day training retreat and educate new students on high-risk drinking prevention and sexual assault prevention.

Think About It is an online program that invites all our new Bulldogs to join Butler’s conversation on consent, healthy relationships, substance use, sexual violence, stalking, mental health, and making responsible choices as an adult and a member of our community. All new to Butler students (undergraduate and graduate) are required to complete the course prior to arriving to campus their first semester.

Think About It Part II is a follow-up booster course that all new students are invited to complete at the end of their first semester. This is a follow up to the required course all students are expected to complete before arriving on campus and it covers high risk drinking prevention and sexual violence prevention.

Greek New Member Alcohol Awareness Program is a required for all new members of the fraternity and sorority community and is a peer-led conversation by fraternity and sorority leaders from each chapter. The program aims to prevent high risk drinking and promote positive bystander behavior.

Escalation Workshops were hosted for all fraternity and sorority chapters and other groups by request. These workshops involve a film and peer-facilitated discussion that educates about relationship violence and empowers students to work for change.
**RA training** occurs annually in the fall for all residence life staff and includes alcohol and sexual assault training. The alcohol training is comprised of policy updates, potential sanctions, high-risk drinking prevention, alcohol poisoning response protocol, and promotion of alternative/non-alcoholic programs. The sexual assault training is comprised of campus and legal definitions for sexual misconduct, reporting protocol, an explanation of resources/services for survivors, and primary prevention of sexual violence. Residence life staff training concludes with a role play activity which includes scenarios related to underage drinking, alcohol poisoning, and sexual assault. Additionally, all newly hired residence life staff members participate in an RA class in which they learn about the Butler wellness model and are introduced to information about the prevalence of high-risk drinking and sexual assault in the collegiate environment and related consequences.

**Fraternity/Sorority House Directors Training** occurs annually and provides the Butler affiliates who reside in fraternity and sorority housing with contacts and resources to support the students living in their facilities. Counseling and Consultation Services staff, the Victim Advocate, and Title IX staff participate in this training.

**Student Orientation Guide (SOG) training** occurs annually in the fall and includes alcohol and sexual assault training. The alcohol training is comprised of policy updates, potential sanctions, high-risk drinking prevention tactics, alcohol poisoning response resources and the promotion of alternative/non-alcoholic events and programs. In 2018, normative data to represent actual consumption rates versus perceived consumption rates for incoming first-year students was shared, and SOGs were encouraged to familiarize new students with the campus alcohol message. The sexual assault bystander intervention training is comprised of a video highlighting a variety of scenarios depicting sexual harassment and sexual assault and a conversation about bystander intervention.

**Sex Signals**, a performance based educational program was required for all first year students to engage them in a conversation about sexual assault awareness, dating, the core issue of consent, and the role we can all play intervening when witnessing concerning situations. Performance includes improvisation, humor, and audience interaction.
**C.A.R.E. Bystander Intervention Training** equips individuals with the ability to see a concern, assume personal responsibility to address it, react (using safe and positive options) and evaluate and follow up. In 2018 C.A.R.E. training specifically focused on sexual assault prevention was a mandatory component of Welcome Week for all new first-year students and in the month of September for all fraternity and sorority groups. Welcome Week trainings were completed by SOGs who had been trained as peer educators. Ongoing C.A.R.E. trainings customized to specific topics are available to any individuals or groups of student, faculty and staff by request through Counseling and Consultation Services.

**New Student Athlete Orientation** occurs annually and offers new students an opportunity to meet the Victim Advocate face to face and learn about additional support and reporting options for sexual misconduct.

**The Red Cup Culture Program** (RCC) features a campus-produced video coupled with a peer-facilitated conversation about alcohol responsibility and risk reduction. It is led by trained peer educators and the content is updated annually. Also discussed in Red Cup Culture was the concept of enthusiastic consent. This program is required for all incoming first-year students.

**Alcohol abuse prevention and risk reduction programs in fraternity and sorority chapters and residence halls** are provided upon request by the Associate Director for Health Education and Outreach Programs, the Prevention Educator and Victim Resource Specialist or by Counseling and Consultation Services Staff.

**Survivor Support & Reporting Resources Panel** featured a representative from each of the reporting and support resources including Butler University Counseling and Consultation Services, Butler University Victim Advocate, Butler University Police Department, Butler University Title IX, and the Butler University Center for Faith and Vocation. This event was offered as a part of the Domestic Violence Awareness Month Calendar.

**Sexual assault prevention programs in Greek chapters, classrooms, and to employees** are provided upon request by the Office of Health Education & Outreach Programs or Counseling and Consultation Services Staff.
**SUBSTANCE-FREE ALTERNATIVE SOCIAL ACTIVITIES**

*BU Good Clean Fun* social media accounts feature daily postings about local events that are substance-free. Incoming students are introduced to this resource prior to coming to campus at early registration sessions. The social media presence is run by a team of student social media coordinators with oversight from the Health Education & Outreach Office. This resource was developed and launched in fall 2008 and is ongoing.

**VISUAL MEDIA, COMMUNICATIONS, DIGITAL TOOLS, AND SOCIAL MEDIA CAMPAIGNS**

*Bulletin boards* were posted in every residence hall unit in August 2018. This series of bulletin boards depicted the campus and state definitions of dating violence, domestic violence, stalking, sexual assault and consent were posted in every residence hall unit in addition to bulletin boards about enthusiastic consent, healthy relationships, sexual health and bystander intervention.

*Community of C.A.R.E. messages* were sent out to students via e-mail or through social media prior to potentially high-risk times by the vice president for student affairs (Homecoming, Spring Break, etc). Specific to sexual misconduct, all students received a dedicated e-mail from Student Affairs drawing their attention to our new Civil Rights Equity Grievance Policy and process. Ongoing.

*360 Proof Personal Feedback Index* - This online tool allows Butler students to access individualized feedback about their own alcohol use and only takes 15 minutes to complete. The PFI offers immediate results that show the effects of alcohol in one’s life, if any, and how to minimize impacts on health, finances, and social life. All results are confidential and are only for the individual’s knowledge and personal use. In 2017 when this program was launched, it was utilized by over 600 users.
CAMPUS SUPPORT SERVICES

Sexual Assault Response and Prevention Specialist
The Sexual Assault Response and Prevention Specialist (formerly titled “Prevention Educator and Victim Resource Specialist” and known to many as the “Victim Advocate”) carries a dedicated cell phone which can receive calls and texts. The number is listed on the back of all university issued ID cards. The SARPS is available Monday through Friday from 9:00 AM–5:00 PM to any student who has been a victim of domestic violence, partner abuse, sexual assault or stalking. They will offer options to minimize and treat physical harm, assist with processing the unique and complex emotional aftermath, and help preserve evidence and understand options for reporting. If a student wishes to report to either law enforcement or through the campus sexual misconduct process the SARPS can be an ongoing resource to the student through those processes. The SARPS has a minimal obligation to report only non-identifying information about incidents including the date, location and type of crime.

After-Hours: During non-business hours callers who reach out to the SARPS phone will receive a message listing two resources which are available 24/7: the confidential Julian Center Crisis Line (317-920-9320) or Butler University Police Department (317-940-9396).

Calls to the Julian Center Crisis Line will be handled confidentially by crisis line staff who will assess the callers’ immediate needs and provide appropriate support or referral information. Butler students who prefer to work with the Butler University Sexual Assault Response and Prevention Specialist may reach them during business hours, or indicate to the Julian Center advocate that they would like such contact to be made on their behalf.

DRUG POLICY STATEMENT

The illegal or abusive use of drugs by members of the campus community jeopardizes the safety of the individual and the community and is contrary to the academic learning process. Butler University is, therefore, committed to having a campus that is free of the illegal or abusive use of drugs. In keeping with this commitment, it is the policy of the University that the illegal or abusive use, possession, and sale of drugs is prohibited on University property and as part of University activities. University Police enforces all state laws and federal law enforcement enforces federal laws pertaining to the illegal possession, use, and sale of drugs.

In order to inform all University students of their responsibilities as set forth in the Drug-Free Schools and Communities Act Amendments of 1989, the most recent Biennial Review is provided at the following site: www.butler.edu/student-handbook/drug-free-compliance.

The Butler University rules of conduct prohibit the unauthorized use, possession, sale or distribution of any controlled substance or illegal drug. Conduct sanctions the University may impose for violations of the University drug and alcohol policies include dismissal, suspension, probation, restitution, suspension from University housing, and forfeiture of financial assistance. Students may be accountable to both civil authorities and the University for acts that constitute violations of law and/or University policy. Conduct action at the University will normally proceed during the pending of criminal proceedings and will not be subject to challenge on the grounds that criminal charges involving the same incident have been dismissed or reduced.

It also includes making an explicit or implicit threat with the intent to place the victim in reasonable fear of sexual battery, serious bodily injury, or death.
BUTLER UNIVERSITY INFORMATION ABOUT CONSENT

It is the University’s expectation that all members of its community obtain consent for every sexual act, every time. The person who initiates sexual activity is responsible for obtaining consent for that activity. Consent can be withdrawn at any time by any party. Once consent is withdrawn, sexual activity must stop immediately.

Under the Butler University Sexual Misconduct Policy, in order for there to be consent, the following must be present:

- **Voluntary** words or actions of agreement or permission
  - If force, intimidation or threats, and/or coercion are used to obtain another person’s agreement or permission, there is no consent, because there is no voluntariness.
    - Please see below for definitions of force, intimidation or threat, and coercion.
- **Mutual** understanding
  - Everyone participating in the activity must understand what they are agreeing to or giving permission for.
  - A person who is incapacitated cannot understand what they are agreeing to or giving permission for.
    - Please see below for information about incapacitation.
- **Specificity** to an act and a time
  - Consent must be obtained for every act, every time.
  - Consent for one act is not consent for another act. Consent that was given in the past does not mean consent is given in the present.

Consent cannot be assumed based on any of the following:

- Silence or passivity
  - Remember, voluntary words or actions of agreement or permission must be present. If someone is not saying or doing anything, that does not mean they are giving consent.
- Lack of resistance
  - The fact that someone does not say no or does not resist does not mean they are agreeing with or giving permission for sexual activity.
- A current or prior intimate relationship
  - The fact that people are or have been in an intimate relationship does not mean that consent is automatically given. Consent must be obtained for every act, every time.

There is no consent if any of the following are present:

- **Force**
  - The use of physical violence that would reasonably overcome an individual’s freedom to choose whether to participate in sexual activity.
• **Intimidation or Threat**
  - The use of physical violence that would reasonably overcome an individual’s freedom to choose whether to participate in sexual activity.

• **Coercion**
  - Unreasonable pressure to engage in sexual activity.
    - Factors considered when determining reasonableness include duration, frequency, isolation, and intensity.

• **Incapacitation**
  - An individual is incapacitated when they are unable to understand the who, what, when, where, why, and how of the situation due to the use of alcohol and/or other drugs, mental or physical disability, being asleep or unconscious, and/or age (as defined by Indiana state law).
  - There is **no consent** when:
    - The individual who initiated the sexual activity knew of the other party’s incapacitation, OR
    - A reasonable person in the same situation would have known of the other party’s incapacitation
  - A person should be cautious about engaging in sexual activity when any party has been drinking alcohol or using other drugs. The use of alcohol or other drugs may create uncertainty as to whether consent has been asked for or given. If a person has doubt about any party’s ability to give consent, the safe thing to do is not engage in any sexual activity.
  - **NOTE:** Being impaired by alcohol or other drugs does not excuse a person from responsibility for engaging in conduct that violates the Sexual Misconduct Policy

Note: Butler University’s definition of consent is located in the Sexual Misconduct Policy, revised August 20, 2018.

REPORTED CRIME STATISTICS

These charts report crime statistics for Butler University calendar years 2016, 2017, and 2018. All universities are required to list a breakdown of reported crimes by geographic location. The categories are:

1. On-campus property (University-owned, contiguous, educational, and student-used, including residence halls)
2. Non-campus property (fraternities, non-contiguous owned, and student-used)
3. Public property (streets, sidewalks, and lots adjacent to campus property)
4. On-campus residential only (University-owned or leased student housing)

The University is required to state if any of the subcategories of reported crimes fall under the category of hate crimes. In addition to the subcategories, the crimes of theft, simple assault, and intimidation shall be reported if perpetrated as hate crimes. A hate crime is defined as an act that has evidence to show the victim was intentionally selected because of the victim’s actual or perceived race, gender, religion, sexual orientation, ethnicity, disability, national origin, or gender identity.

The statistics in this annual report were prepared by the Butler University Police Department based on information gathered from individuals in the following University offices and departments, and law enforcement authorities (local, state, and national):

Division of Student Affairs: Dean of Student Services
Division of Student Affairs: Director of Residence Life
Intercollegiate Athletics: Director of Athletics
Title IX
Butler University Campus Security Authorities
University Police Department: Asst. Chief of Police Administration
Indianapolis Metropolitan Police Department
Indiana State Police
Indiana State Excise Police, and numerous law enforcement agencies nationally.

MISSING STUDENTS NOTIFICATION POLICY STATEMENT

Students living in an on-campus housing facility have the option to identify a confidential contact person(s) whom the institution shall notify within 24 hours of the determination that the student is missing by the University Police Department. This contact person(s) can be the same as the student’s confidential contact person but it is not a requirement.

The contact information registered by the student will be confidential and will only be accessible to authorized campus officials and law enforcement and it may not be disclosed outside of a missing person investigation.

If a member of the University community has reason to believe that a student who resides in on-campus housing is missing, he or she shall immediately notify the Butler University Police Department at 317-940-BUPD (2873). The University Police Department will immediately generate a missing person report and initiate an investigation. During the investigation, attempts to gather relevant information about the individual will be made that would assist in locating the missing individual. Evaluation of the circumstances will be conducted to determine if the missing person may be classified as a “high risk” missing person as defined by Indiana Criminal code 5-2-17.

The University Police Department will notify the Indianapolis Metropolitan Police Department and notification will be made to the student’s confidential contact person(s), within 24 hours of the student being reported missing.

If the missing student is under the age of 18 and is not an emancipated individual, Butler University will notify the student’s parent or legal guardian immediately after the University Police Department has determined that the student has been missing, but no longer than 24 hours after the student has been reported missing. The confidential contact person(s) will also be notified.
HOW TO BE AN ACTIVE BYSTANDER

Bystanders play a critical role in the prevention of sexual and relationship violence. They are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it. We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list of some ways to be an active bystander. Further information regarding bystander intervention may be found at www.butler.edu/community-of-care. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive toward another and it is not safe for you to interrupt.

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if he or she is okay.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
- Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on- or off-campus resources listed in this document for support in health, counseling, or with legal assistance.

RISK REDUCTION

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduces one’s risk of being a victim of a crime

- Be aware of your surroundings. Knowing where you are and who is around you may help you find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- Walk with purpose. Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
• Make sure your cell phone is with you and charged and that you have cab money.
• Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.
• Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
• When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
• Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
• Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
• Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
• Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
• If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
• If you need to get out of an uncomfortable or scary situation here are some things that you can try: Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
• Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
• Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
• Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

• Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

• If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

PROCEDURES VICTIMS SHOULD FOLLOW IF A CRIME OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING OCCURS

After an incident of sexual assault, dating violence, or domestic violence, the victim should consider seeking medical attention as soon as possible to assess for injury, sexually transmitted infections, and pregnancy. If you suspect a substance other than alcohol was used in the assault, it is recommended to report to the hospital as early as possible before the substance leaves your system. Immediate medical attention for victims of sexual assault is available at area hospitals that have a Center of Hope. The hospitals closest to campus that have a Center of Hope are St. Vincent and Methodist; they are open 24 hours a day. With a victim’s consent, a specially trained nurse will conduct an exam to collect evidence (fees for the exam and evidence collection are covered by the State of Indiana). At the hospital, you will be given an opportunity to speak with a police officer to report and investigate the incident. You may choose to do this or not. A University Police officer can be used for this reporting function. A forensic exam can also be done, without reporting to law enforcement, and at no expense to the survivor.

It is important that a victim of sexual assault not bathe, douche, smoke, change clothing, or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social-networking pages, other communications, and keeping pictures, logs, or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or police.
As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with the University Police or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

**VICTIMS OPTIONS FOR INVOLVEMENT OF LAW ENFORCEMENT AND CAMPUS AUTHORITIES**

Although the University strongly encourages all members of its community to report violations of this policy to the University Police or local law enforcement, it is the victim’s choice whether or not to make such a report. Furthermore, victims have the right to decline to notify law enforcement. However, the University will assist any victim with notifying the University Police if the victim so desires. The victim can contact the Title IX Coordinator or the Victim Advocate to request assistance.

**REPORTING INCIDENTS OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING**

Victims of dating violence, domestic violence, sexual assault, or stalking should report the incident promptly to the Title IX Coordinator, or report in person to the University Police (if the victim desires.) Reports of all crimes of dating violence, domestic violence, sexual assault, and stalking will be referred to the Title IX Coordinator for investigation regardless of if the complainant chooses to pursue criminal charges.

The institution’s Sexual Misconduct policy including a description of the procedure can be found here: [www.butler.edu/student-handbook/harassment](http://www.butler.edu/student-handbook/harassment).

Although the University strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying local police if they so desire. The Indianapolis Metropolitan Police Department may also be reached directly by calling 317-327-3811 (dispatch), 317-327-6100 (North District), or in person at 3120 E. 30th Street, Indianapolis, IN 46208. Additional
information about the Indianapolis Metropolitan Police Department may be found online at: www.indy.gov/eGov/City/DPS/IMPD/Enforcement/Districts/Pages/North.aspx

Procedures for getting a protective order can be found at: https://www.indy.gov/activity/file-a-protective-order

PROCEDURES THE UNIVERSITY WILL FOLLOW WHEN A CRIME OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, OR STALKING IS REPORTED

The University has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, financial aid, and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation, and working accommodations, if reasonably available. The University will make such accommodations if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to the University Police or local law enforcement. Students and employees should contact the Title IX Coordinator to request assistance with accommodations.

The University will provide options to the victim about the involvement of law enforcement and campus authorities, including the notification of the victim’s options.

The table below is a sample of what BUPD will do in various cases of sexual assault, domestic violence, dating violence, and stalking.

FIRE SAFETY POLICIES

Fire Safety Policies for Students Living in Butler University Housing Facilities

1. Collection or storage of materials, supplies or personal property that constitute a fire hazard as determined by the University is prohibited. Storage or use of combustible materials, explosives, fireworks or firearms is prohibited. Use of outside TV or radio antennas, sun lamps, halogen lamps, heat lamps, space heaters or microwave ovens (Other than University provided in FVH and AV) is strictly prohibited. The following requirements have been created in conjunction with the Indianapolis fire marshal to insure the safety of all residents:

- Possession and burning of candles, incense, or spices such as sage in housing facilities is a fire hazard and is not permitted.
- Electric potpourri pots and plug in air fresheners are prohibited.
- Incense, lanterns, charcoal, lighter fluid, Bunsen type burners and propane are prohibited.
- All extension cords must be of a surge-protector type with an ON/OFF switch, power on indicator light, and a breaker reset.
- No two prong ground adapters are permitted. If a room has outlets that do not accept three prong plugs, the room should be reported to your CA or community director so that the outlets can be changed immediately.
- Halogen bulbs generates extreme heat, which increases the potential fire hazard and are not permitted.
- Refrigerators must be plugged in directly to the wall outlet, and not using any kind of extension cord.
- The use of cooking appliances in individual student rooms is prohibited.
- Wall, door and room decorations are limited to 20% of any given surface.
- Personal floor mats, or any other item which represent a trip hazard, are not permitted in hallways.
- Do not attach anything to, or hang any item on, any sprinkler head.
- Do not attach anything near a sprinkler head that may obstruct the spray pattern.
- Do not attach anything to, or alter any life safety device such as fire alarm horns, strobe lights, sprinkler heads, smoke detectors, exit lights, pull stations or any type of emergency signage.
• No items are to be hung from any ceiling or cloth hung on the walls (tapestries).
• The use of acetate, cellophane, tissue paper or other combustible materials over or in light fixtures is prohibited.
• String, rope, holiday, or other types of decorative lighting, and night lights are prohibited.
• Exit doors, hallways and stair wells must be clear at all times.
• Candles, incense, and plug-in air fresheners, fragrance heaters are prohibited.

The above information is taken from Butler University Community Standards and Rules, Standards of Behavior and Safety, Fire Safety located at https://www.butler.edu/res-life-policies

**FIRE SAFETY AND EDUCATION**

Fire Safety Education Training is provided to Residence Hall staff on an annual basis. This training consists of reporting, evacuation procedures, and University policy.

**PROCEDURES FOR STUDENTS AND EMPLOYEES TO FOLLOW IN CASE OF A FIRE**

If you become trapped in the public area of a building during a fire, find a room—preferably with a window available—and place an article of clothing (shirt, coat, etc.) outside the window as a marker for rescue crews. If there are no windows, stay near the floor where the air will be less toxic. Shout at regular intervals to alert emergency crews of your location.

If you are in a room when a fire alarm sounds, feel the door. If it is hot, do not open it. Seal the cracks around the door, and place an article of clothing or a sheet outside the window or try to use the telephone to request help. If you can safely leave your room, take your shoes, clothing, and room key and go to the nearest exit. Shout and pound on doors as you leave to alert others in the building.

Know the locations of fire extinguishers, fire exits, and alarm systems in your area and how to use them.

If a minor fire appears controllable, immediately contact the University Police Department. (They will notify the fire department.) Promptly direct the charge of the fire extinguisher toward the base of the flame.

If an emergency exists, notify the University Police Department and activate the building alarm. Since the building alarm only rings in some buildings, you must also report the fire by phone to 317-940-BUPD (2873).
On large fires that do not appear controllable, immediately notify the University Police Department. (They will notify the fire department.) Evacuate all rooms and close all doors to confine the fires and reduce oxygen. Do not lock doors.

If a member of the community finds evidence that a fire occurred, but has already been extinguished, they should notify BUPD so they can investigate the fire.

When the building fire alarm is sounded to signal that an emergency exists, walk quickly to the nearest marked exit and alert others to do the same.

Assist the disabled in exiting the building. Do not use the elevators during a fire. Smoke is the greatest danger in a fire, so stay near the floor where the air will be less toxic.

Once outside, move to the designated rally point for the affected building. Keep streets, fire lanes, hydrants, and walkways clear for emergency vehicles and crews.

If requested, assist emergency crews as necessary. Do not return to an evacuated building unless told to do so by a University official.

**REPORTING AN OCCURRENCE OF FIRE ON CAMPUS**

It is the policy of Butler University to disclose statistical data on all fires that occur in on-campus student residential facilities. If you are aware of a fire that has been extinguished or see evidence of a fire, please contact University Police at 317-940-BUPD (2873).

**PLANS FOR FUTURE IMPROVEMENTS IN FIRE SAFETY**

There are no current plans for upgrading existing fire alarm safety equipment.
**REPORTED FIRE STATISTICS**

This chart represents reports of fires occurring in the Butler University residential housing units. A fire is defined as any instance of open flame or other burning in a place not intended to contain the burning, or in an uncontrolled manner. A fire report log is maintained and reported within the *Daily Crime Log and Fire Log*. It is available for public review at the Butler University Police Department, 24 hours a day, and seven days a week. The log represents all reported fires covering a 60-day period. The log is also available at [https://www.butler.edu/bupd/daily-crime-log](https://www.butler.edu/bupd/daily-crime-log)

APPENDIX A - Alcohol Related Policies, Procedures, and Consequences for Students

Alcohol Policy for Students
The primary concern of Butler University, including incidents of intoxication and/or alcohol poisoning, is the health and safety of the individuals involved. Students and student organizations are expected to summon immediate emergency medical care for students, members, or guests who are in need of assessment.

The University’s policy and student conduct practices recognize and adhere to the State of Indiana’s Lifeline Law (www.IndianaLifeline.org) that:

• Provides that a person is immune from arrest or prosecution for certain alcohol offenses if the arrest or prosecution is due to the person: (1) reporting a medical emergency; (2) being the victim of a sex offense; or (3) witnessing and reporting what the person believes to be a crime.

• Provides immunity for the crimes of public intoxication, minor in possession, minor in consumption, and similar laws, to persons who identify themselves to law enforcement while seeking medical assistance for a person suffering from an alcohol-related health emergency. In order to receive immunity, the reporting individual must demonstrate that they are acting in good faith by fulfilling the following expectations:
  o Providing their full name and any other relevant information at the request of law enforcement officers.
  o Remaining on the scene until law enforcement and emergency medical assistance dismiss.
  o Cooperating with all authorities.

• The Indiana Lifeline Law will not interfere with law enforcement procedures or limit the ability to prosecute for other criminal offenses such as providing alcohol to minors, operating vehicles while intoxicated, or the possession of a controlled substance.
  (Note: BUPD officers will use their discretion, and consideration will be given on a case-by-case basis when marijuana is involved.)

Butler students who actively seek medical attention on the behalf of another person in accordance with the Indiana Lifeline Law, will not be charged with a violation of University policies regarding underage use and possession of alcohol. It should be recognized that,

• Those who assist in situations such as these can expect outreach from a Student Affairs staff member to discuss the incident.

• In the course of investigating an incident, if someone is found to have misrepresented their involvement, it is possible that student conduct charges could be levied.

• Student conduct action could result for other policy violations such as fake identification, causing or threatening physical harm, sexual misconduct, damage to property, unlawful provision of alcohol and other drugs, harassment, and hazing, etc. If student conduct action does result, the students’ actions to secure emergency medical attention will be considered in the University’s response.

Use of Alcoholic Beverages
All Butler students are responsible for complying with state and local laws. Attention is called to the Indiana alcoholic beverages law (Indiana Code 7.1-5 found here: www.in.gov/legislative/ic/code/title7.1/
The following are violations of this policy:

(a) No person under 21 years of age may consume or be in possession of alcoholic beverages.
(b) Persons 21 or over may not make alcoholic beverages available to minors.
(c) It is unacceptable to misrepresent one’s age for the purpose of procuring alcoholic beverages.
(d) Residence hall and University apartment students 21 years of age and their guests 21 years of age or older may possess and consume alcoholic beverages on an individual basis in the privacy of their own rooms, with their room doors closed. Individuals younger than 21 years of age may not be in the presence of alcohol within the residence halls/apartments.

Alcohol on University Property and at University-sponsored Events:

1. Alcoholic beverages are prohibited on campus and on the sidewalks adjacent to campus property, except as noted in (d) above or,
   • With the expressed approval of the department head responsible for the administration of a designated facility/area.
   • Student organizations wanting to sponsor an event on campus with alcohol must receive prior authorization from the Vice President for Student Affairs.
While the City of Indianapolis does permit open alcohol containers, Butler University policy does not. The exception to this rule, as noted above, is that alcohol may be served at approved events with the proper markings/area designated for alcohol consumption.
2. No University funds or monies from student organization accounts may be used to purchase alcoholic beverages without the prior authorization of the Vice President for Student Affairs.
3. Student organizations may provide alcoholic beverages at University-sponsored events on and off campus according to the social event guidelines found here: http://www.butler.edu/student-conduct/our-approach-to-alcohol
4. University-recognized Greek chapters may provide alcoholic beverages at events on their premises according to the Greek alcohol and social event guidelines found here: http://www.butler.edu/student-conduct/our-approach-to-alcohol

Updated annually: August 2019
Student Organization Social Event Procedures

Members of student organizations shall be subject to the Student Alcohol Policy and Social Event Procedures concerning the possession and consumption of alcoholic beverages on University-related premises or at University-sponsored events. Recommendations are listed that will enhance the ability of student organizations to better self-regulate events.

- The guidelines are not designed to encourage or discourage alcohol consumption. Rather, they establish parameters for alcohol use that are consistent with applicable laws and allow for social interaction and personal expression without infringing on the rights and property of others. Positive social interaction is an integral part of the educational process and the guidelines enable organizations to maintain high behavioral standards that directly contribute to a positive living-learning environment.

- The planning and execution of a social event is the responsibility of all organized groups participating in the function. If a planned social event involves two or more student groups, the appropriate officers of the groups will participate in the planning and implementation of that event, regardless of where the event will occur.

- Conduct sanctions resulting from violations of the University’s Rules of Conduct will be individualized for each case. Individual(s) alleged to have violated this policy may face University student conduct as well as legal action. Similarly, a student organization may be held responsible for failures to follow University policies, rules and procedures.

ALCOHOL POLICY FOR STUDENTS AND STUDENT ORGANIZATIONS

Alcohol Policy for Students can be found in the Student Handbook here:

ALCOHOL AT ON-CAMPUS EVENTS
(For information about off campus events, see p.5)

1. Approval
   (a) Student organizations seeking to provide alcoholic beverages on University-owned or controlled property must first obtain authorization from the Vice President for Student Affairs (VPSA). Depending on the location, secondary approval may needed from the department head responsible for the administration of that facility/area.
   (b) On a case-by-case basis, an organization may petition the VPSA to allow the serving and consuming of alcoholic beverages outside the physical structure of a building in prescribed areas.
   (c) In order to obtain approval, an electronic request detailing the time, location, number of participants and the exact nature of the event must be submitted to the VPSA at least six (6)

The Executive Director of Student Involvement & Leadership or the Greek Life Director (for social fraternities/sororities) as appropriate will review as completed online requests. If approved, the request is forwarded to University Events to confirm the space reservation only. The VPSA, or designee, will be included in the approval review process.

(d) **All contracts, including those for off campus locations, must be reviewed and signed by the VPSA or designee.** All contracts must be submitted no less than six (6) weeks prior to the events. A certificate of insurance for the third-party vendor is also required; see 6(b).

   (j) The use of any alternate method of alcohol distribution (e.g., BYOB, etc.), other than third party vendor, is strictly prohibited.

7. Limited attendance
   (a) Only Butler students, alumni of the organization, or a guest of a Butler University student may attend a campus event at which alcoholic beverages are furnished.
   (b) At a limited attendance event, the guest list will be used at the door to verify the guests have been approved for attendance. Security personnel will be involved with checking the guest list and may assist the third-party vendor in checking IDs, confirming that those who receive wristbands are of legal age. Participants may only receive one wristband.
   (c) Intoxicated individuals shall not be admitted to the event. No one may bring alcohol into the event.
In accordance with state law, no one under the age of 18 is admitted where alcohol is furnished.

Sobriety monitors and security should make periodic rounds through the social event area.

11. Security
    (a) Security officers must be hired to help monitor the event. There must be a minimum of two security officers from a company designated to provide services for these events. The University police will determine the number of security officers needed for the event; they typically use the ratio of one security officer per 100 expected attendees, although the type of event will also be considered. At the discretion of the University police or the security company, additional officers may be required for larger events. Security arrangements should be completed at least a minimum of six (6) weeks before the event.
    (b) One security officer must be stationed near the alcohol serving area.
    (c) The University police will meet and brief the hired security personnel on site no later than 15 minutes prior to the start of the function.

(d) Registration of closed social events involving alcohol should be registered a minimum of six (6) weeks in advance of the event. The online event registration process starts at My.Butler.edu. Indicate in the appropriate field that the group is seeking permission for alcohol at the event. The executive director of Student Involvement & Leadership or the director of Greek Life (for social fraternities/sororities) as appropriate will review as appropriate completed online requests. If approved, the request is forwarded to University Events to confirm the space reservation. The VPSA, or designee, will be included in the approval review process.

      member serving as bartender in exchange for a bar wristband and stamp, which the
      bartender will provide.
      i. A bartender is defined as a non-member of the party. That is, this person cannot at
         any point be a participant of the event before, after, or during a “shift”. This person
         is responsible for being bartender for the entire duration of the event.
      ii. Bartenders are to be held to the same standards and responsibilities as Event
          Monitors (sober, in-good-standing, etc.)
      iii. For insurance and liability purposes, it is highly recommended that this person be a
           member of the organization(s) hosting the event.

5. The third-party bartenders will operate at all times in accordance with their contractual
   obligations, company policies, and applicable laws and regulations, which includes declining to
   serve those who are already intoxicated.

6. If an individual has checked in alcohol at the bar, it can only be checked out for consumption
   prior to a 1:30 a.m. deadline.

7. Social Events may not extend for more than five hours and are not permitted to continue past
   2 am.

8. Glass containers are strictly prohibited.

9. Open containers of alcoholic beverages shall, in no case, be permitted to leave the event; they
   must be discarded in a trashcan before leaving the event.

Indiana Lifeline Law
1. The Indiana Lifeline Law reinforces the importance of calling for assistance when underage
   drinkers require medical assistance. At the discretion of the officer, immunity from arrest and
   prosecution is provided to those who are underage who call for help in medical emergencies and
   in other circumstances. Learn more at http://indianalifeline.org/

Interfraternity Council and Panhellenic Association Social Event Registration Guidelines
● Event Registration
  ○ Chapter events with alcohol must be registered through the appropriate registration
    procedure.
  ○ Attendance at events with alcohol is limited to a 3:1 maximum guest-to-member ratio and
    must not exceed local fire or building code capacity of the chapter/organizational host
    premises or venue.
  ○ Event Registration and guest lists must be turned in 72 hours before an event
    ■ A copy should be provided to VP of Conduct for the Panhellenic Association and
      the Interfraternity Council
    ■ A copy should be provided to the hosting chapter’s Risk Manager
    ■ Guest List updates should be provided as they arise and may be accepted by the
      VPs of Conduct at their discretion.
● Event Monitor Ratio
  ■ 1 monitor per 20 attendees of the chapter
  ■ Minimum of 4 Event Monitors per participating organization
  ■ Event Monitors are to be representative of all participating organizations
● Judicial Board
  ○ Infractions or violations will be addressed by the Panhellenic or Interfraternity Council Judicial process. In situations where health and safety concerns rise to a substantial level, the University has the discretion to initiate an investigation and pursue conduct action, at which point, the IFC/PHA process will be suspended until University resolution.

**Recommendations**

**Before Social event**

● Every Sunday at or after Chapter, Event Monitors be chosen for the week’s events by the Risk Manager

● Event Monitors are to be sober for the entire day and night of the given event (includes alcohol and other drugs)

● Monitors will be assigned to a specific duty prior to the event at any event or third-party vendor i.e. Stairway, Check-in/out, Upstairs/bathroom floaters and General Floater

● Risk Managers will print out a roster prior to the event which they will provide to the Event Monitors designated for check-in/out duty as well as the PHA and IFC Vice Presidents of Conduct. This roster may be provided by the Director of Greek Life.

● All Event Monitors will meet at least 20 minutes prior to the event to review protocol

● A group message created to communicate clearly and constantly throughout the night. This text will be created every night with monitors from all chapters involved

● All members will discuss and be sent the steps to follow in case of an emergency. These steps are as follows:

  In an emergency, 911 will be called and all individuals will cooperate completely with the police and any other authorities. The member calling 911 will call these people in this order:

  ○ Call 911 under the Indiana Lifeline Law
  ○ Call Director of Fraternity and Sorority Life
  ○ Call Chapter President
  ○ Call IFC/Panhel VP of Conduct
  ○ A message in the group chat will be sent out about expectations regarding the situation

**During Social Event**

● Upon arrival, all Event Monitors from all participating organizations will meet and discuss monitoring stations.

● Event Monitors should work to ensure the safety of all persons present at a social event. In the event a person is observed to be intoxicated or need medical attention, they should work with the sober Executive Council member to ensure the individual receives appropriate care.

● Event Monitors should be in communication with the Event Monitor team to ensure that all individuals the event are safe.
After a Social event:

- After the event has ended and there are less than 10 chapter members remaining, all monitors will be permitted to leave.
  - There will be a message in the group chat that will indicate that the event has officially ended and that all monitors may leave.
  - All monitors will check in with one another once everyone is back at the house and then make rounds to check on all chapter members.

- Event Monitors will then stay awake, making rounds around the house, until all members are safe and no help or assistance is needed

Possible Consequences for Violations of the Butler Student Alcohol Policy

- The University's response starts with a conversation with a conduct officer. (A conversation with Excise Police or a University police officer may have preceded the conduct meeting. Anyone cited or arrested for a violation of the law will also participate in the criminal adjudication process and be responsible to meet the requirements established by the courts in addition to what the University requires.)
- A conduct file is created; it exists until one graduates... and longer in more serious cases where suspension or dismissal comes into play. Some graduate programs and prospective employers inquire if one has a conduct record and requests the University to verify it contents. Butler will release conduct records to employer’s and/or graduate schools with the student's written permission.
- Parents may be notified for violations of the alcohol/drug policies. If circumstances warrant, this could be on a first offense.
- Students on conduct probation, for whatever reason, may not participate in Greek recruitment or serve in campus leadership positions like Student Orientation Guide, Community Assistant, etc.
- Students risk losing priority housing options like the ability to preference an apartment setting during the housing lottery.
- Students may be asked to reflect and write about their choices and how they support one's personal values and life goals.
- Students could be assigned an online educational module or other research project.
- Students might spend a early weekend morning participating in a structured campus or neighborhood clean up.
- If a student seems to lack an understanding of how substances affect our bodies, they would be assigned to take an alcohol/drug class.
- If a student seems challenged with decision-making they could be assigned to "Take the Challenge," a three-hour workshop led by Butler challenge education staff.
- A referral for a mandated assessment with an alcohol/drug counselor might be required. A student would be held to the recommendations that result from an assessment.
- COPHS students, student-athletes, and student employees risk having their dean/coach/campus employer notified about behaviors that are not in line with program standards and expectations.
- Students may be dismissed from Butler temporarily, or if warranted, for good.

APPENDIX B - Controlled Substances Policy

The illegal or abusive use of alcohol and other drugs by members of the campus community jeopardizes the safety of the individual and the community, and is contrary to the academic learning process. Butler University is committed to having a campus that is free of the illegal or abusive use of alcohol and other drugs. In keeping with this commitment it is the policy of the University that the illegal or abusive use of alcohol and other drugs is prohibited on University property or as part of University activities. In order to inform all University students of their responsibilities as set forth in the Drug-Free Schools and Communities Act Amendments of 1989, the following information is provided:

1. The Butler University Rules of Conduct prohibit the unauthorized use, possession, or distribution of any controlled substance or illegal drug.

2. Conduct sanctions the University may employ for violations of the University controlled substances policy include dismissal, suspension, probation, restitution, suspension from University housing and forfeiture of financial assistance, or such other sanctions as deemed appropriate by the University. Students may be accountable to both civil authorities and the University for acts that constitute violations of law and University policy. Student conduct action at the University will normally proceed during the pending of criminal proceedings and will not be subject to challenge on the ground that criminal charges involving the same incident have been dismissed or reduced.

3. Applicable legal sanctions under federal, state, and local law state that it is unlawful to possess a controlled substance, including marijuana, cocaine, LSD, PCP, heroin, designer drugs, etc. (Federal Law Title 21 USC, Sections 841, 844, 845). The penalty for simple possession of such substances is a fine and/or imprisonment. The penalties increase if the possession includes intent to manufacture, distribute, or dispense a controlled substance, especially if it is near a public or private elementary, vocational or secondary school, or a public or private college or University. Violators of this law may also be subject to civil penalties.

4. It is a violation of Indiana state law for anyone under the age of 21 to use or possess alcoholic beverages or to misrepresent their age for the purpose of purchasing alcoholic beverages. It is also unlawful for someone over the age of 21 to make alcoholic beverages available to someone under 21. Sanctions for the violation of this law may include a fine and/or imprisonment. See Butler University's alcohol policy for more details.
5. It is a violation of Indiana state law for anyone to use, possess, manufacture, distribute or dispense controlled substances (Ind. Code Sec. 35-48-4-1 et seq.). Penalties include fines and/or imprisonment. Again, penalties increase if such activities take place near public parks, housing projects, or schools.

6. Students who receive federal financial aid must understand that the 1998 amendments to the Higher Education Act of 1965, Section 484 (r) includes a student eligibility provision related to drug possession and selling. A student who is convicted of a state or federal offense involving the possession or sale of an illegal drug that occurs during a period of enrollment in which federal student aid was received is not eligible for federal funds. Federal aid is comprised of grants, student loans, and college work study.

The timeframe for ineligibility begins on the date of conviction and lasts until the end of a specified period as outlined below:

<table>
<thead>
<tr>
<th></th>
<th>Possession of illegal drugs</th>
<th>Sale of illegal drugs</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st offense</td>
<td>1 year from date of conviction</td>
<td>2 years from date of conviction</td>

<tr>
<td>2nd offense</td>
<td>2 years from date of conviction</td>
<td>Indefinite period</td>
</tr>
<tr>
<td>3rd offenses</td>
<td>Indefinite period</td>
<td></td>
</tr>
</tbody>
</table>

Provisions do exist for regaining eligibility sooner.

7. Health risks associated with the use of illegal drugs and abuse of alcohol are staggering. The abuse of alcohol and other drugs is now recognized as the number one public health problem in the United States. Approximately 30 percent of all admissions to general hospitals and 50 percent to psychiatric hospitals have detectable substance abuse. Substance abuse accounts for approximately 150,000 deaths annually. This includes death from stroke, diseases of the heart, and liver and all drug and alcohol related suicides, homicides and accidents. The abuse of substances also increases risk of ulcers, birth defects, and a diminished immune system. Studies of college students have also found a correlation between the use of alcohol and other drugs and an increased risk of violent and irresponsible behavior and academic failure.

8. The University encourages students who are experiencing substance abuse problems to seek assistance from resources available to them on campus, as well as from agencies and selfhelp groups available in the community. A list of these resources is available from Health Services and Counseling and Consultation Services located in the HRC, (317) 940-9385.
